Remittance Man:

The Fra Elbert Hubbard, Felix Shay, 1910 **The Range Men** Leroy Victor Kelly, 2009 Journalist Leroy Victor Kelly's
The Range Men chronicles the early days of ranching in southwestern Alberta from the arrival of the first large herds in 1876 through to 1913. Kelly gathered material from the records of the North West Mounted Police, William Pearce's government reports, the Calgary Herald, the Macleod Gazette, and other publications, and collected anecdotes from old-time stockmen such as George Lane and John Ware. A window into the period after the buffalo but before extensive settlement, The Range Men paints a vivid, engrossing and sometimes unflattering picture of colonial life and attitudes. Kelly's unvarnished account of the relentless march of progress as settlements were built and big ranches like the Cochrane, the Medicine Hat, and the Bar U were born, notes the impact of farming on the wild prairie ecology and documents treaty betrayals and efforts to reduce and subdue First Nations through smallpox and rum. More than a story of cattle trades and the hard beginnings of the Alberta cowboy, The Range Men is an authentic and important slice of history.

The Promised Land Pierre Berton, 2002-09-10
After the pioneers described in The National Dream, The Last Spike, and Klondike came the settlers, a million people who filled a thousand miles of prairie in a single generation.

Wyoming Folklore James R. Dow, Roger L. Welsch, Susan D. Dow, 2010-12-01 In 1935, in the depths of the Great Depression, Franklin Roosevelt issued an executive order creating the Federal Writers Project (FWP). Out of work teachers, writers, and scholars fanned out across the country to collect and document local lore. This book reveals the remarkable results of the FWP in Wyoming at a time when it was still possible to interview Civil War veterans and former slaves, homesteaders, and Oregon Trail migrants, soldiers of the Great War, and Native Americans who remembered Little Big Horn. The work of the FWP in Wyoming, collected and edited here for the first time, comprises a rich repository of folklore and history and a firsthand look at the Old West in the process of becoming the new American frontier. Wyoming Folklore presents the legends, local and oral histories, and pioneer stories that defined the state in the early twentieth century.

Michener's South Pacific Stephen J. May, 2011-03-20 The creation of one of the most beloved books and Broadway musicals of the century. When the Japanese military attacked Pearl Harbor, James A. Michener was an obscure textbook editor working in New York. Within three years, he was a naval officer stationed in the South Pacific. By the end of the decade, he was an accomplished author well on the way to worldwide fame. Michener's first novel, *Tales of the South Pacific*, won the Pulitzer Prize. Richard Rodgers and Oscar Hammerstein used it as the basis for the Broadway musical *South Pacific*, which also won the Pulitzer. How this all came to be is the subject of Stephen May's *Michener's South Pacific*. An award-winning biographer of Michener, May was a featured interviewee on the fiftieth anniversary DVD release of the film version of the musical. During

taping he realized there was much he didn't know about how Michener's experiences in the South Pacific shaped the man and led to his early work May delves deeply into this formative and turbulent period in Michener's life and career using letters journal entries and naval records to examine how a reserved middle-aged lieutenant known as Prof to his fellow officers became one of the most successful writers of the twentieth century [Nature's Noblemen](#) Monica Rico, 2013-07-16

DIV In this fascinating book Monica Rico explores the myth of the American West in the nineteenth century as a place for men to assert their masculinity by roughing it in the wilderness and reveals how this myth played out in a transatlantic context Rico uncovers the networks of elite men British and American who circulated between the West and the metropolises of London and New York Each chapter tells the story of an individual who by traveling these transatlantic paths sought to resolve anxieties about class gender and empire in an era of profound economic and social transformation All of the men Rico discusses from the well-known including Theodore Roosevelt and Buffalo Bill Cody to the comparatively obscure such as English cattle rancher Moreton Frewen envisioned the American West as a global space into which redemptive narratives of heroic upper class masculinity could be written div [Where the Wind Never Sleeps](#) Ruth M.
