Renaissance and Modern Essays Presented to Vivian de Sola Pinto Vivian de Sola Pinto, 1966 **Renaissance and Modern Essays** Vivian de Sola PINTO (the Elder.), 1966 **D. H. Lawrence in the Modern World** Peter Hoare, Peter Preston, 2016-01-07 60 years after Lawrence's death the nature of his achievement is still being debated His vision has aroused passionate interest in many countries beyond his own As a writer in the 20th century and as one with international standing this book presents Lawrence in the modern world Widows and Suitors in Early Modern English Comedy Jennifer Panek, 2004-10-14 The courtship and remarriage of a rich widow was a popular motif in early modern comic theatre Jennifer Panek brings together a wide variety of texts from ballads and jest books to sermons and court records to examine the staple widow of comedy in her cultural context and to examine early modern attitudes to remarriage She persuasively challenges the critical tendency to see the stereotype of the lusty widow as a tactic to dissuade women from second marriages arguing instead that it was deployed to enable her suitors to regain their masculinity under threat from the dominant wealthier widow The theatre as demonstrated by Middleton Dekker Beaumont and Fletcher and others was the prime purveyor of a fantasy in which a young man's sexual mastery of a widow allowed him to seize the economic opportunity she offered

The New Cambridge Bibliography of English Literature: Volume 4, 1900-1950 George Watson, I. R. Willison, 1972-12-07 More than fifty specialists have contributed to this new edition of volume 4 of The Cambridge Bibliography of English Literature The design of the original work has established itself so firmly as a workable solution to the immense problems of analysis articulation and coordination that it has been retained in all its essentials for the new edition The task of the new contributors has been to revise and integrate the lists of 1940 and 1957 to add materials of the following decade to correct and refine the bibliographical details already available and to re shape the whole according to a new series of conventions devised to give greater clarity and consistency to the entries Ceremonial Entries in Early Modern Europe J.R. Mulryne, Maria Ines Aliverti, Anna Maria Testaverde, 2016-03-03 The fourteen essays that comprise this volume concentrate on festival iconography the visual and written languages including ephemeral and permanent structures costume dramatic performance inscriptions and published festival books that voiced the social political and cultural messages incorporated in processional entries in the countries of early modern Europe The volume also includes a transcript of the newly discovered Register of Lionardo di Zanobi Bartholini a Florentine merchant which sets out in detail the expenses for each worker for the possesso or Entry of Pope Leo X to Rome in April 1513 D. H. Lawrence in the Modern World Peter Preston, Peter Hoare, 1989-06-28 When E M Forster described Lawrence as the greatest imaginative novelist of his generation his comment was a challenge to a world where Lawrence had notoriety but there was no agreement as to his literary standing Now sixty years after Lawrence's death the nature of his achievement is still being debated Although D H Lawrence thought of himself as an English writer his broad vision has aroused passionate interest in many countries beyond

his own It is in two aspects as a writer of the twentieth century and as one with international standing that this collection of essays presents Lawrence in the modern world Lawrence is seen from the perspective of the textual editor the psychologist and the social historian He is placed in the wide contexts of the puritan imagination British society drama and the regional novel The authors cover such stylistic issues as his characteristic narrative voices and touch on philosophical matters in an exploration of his concept of dualism The essays although the work of Lawrence enthusiasts are not uniformly reverential in tone All the authors are aware of the fundamentally exploratory nature of Lawrence s imagination and his consequent failures as well as triumphs in both conception and achievement Regardless of whether the works delight or anger they seem now as alive and pertinent as open to engagement acceptance or disagreement as at any time in the seventy five years since they first began to appear

Renaissance and Modern Essays George Richard Hibbard,1966 The New Cambridge Bibliography of English Literature George Watson,Ian Roy Willison,1974 *Medieval and Early Modern Representations of Authority in Scotland and the British Isles* Kate Buchanan,Lucinda H.S. Dean,2016-05-20 What use is it to be given authority over men and lands if others do not know about it Furthermore what use is that authority if those who know about it do not respect it or recognise its jurisdiction And what strategies and language written and spoken visual and auditory material cultural and political did those in authority throughout the medieval and early modern era use to project and make known their power These questions have been crucial since regulations for governance entered society and are found at the core of this volume In order to address these issues from an historical perspective this collection of essays considers representations of authority made by a cross section of society within the British Isles Arranged in thematic sections the 14 essays in the collection bridge the divide between medieval and early modern to build up understanding of the developments and continuities that can be followed across the centuries in question Whether crown or noble government or church burgh or merchant all desired power and influence but their means of representing authority were very different These essays encompass a myriad of methods demonstrating power and disseminating the image of authority including material culture art literature architecture and landscapes saintly cults speeches and propaganda martial posturing and strategic alliances music liturgy and ceremonial display Thus this interdisciplinary collection illuminates the variable forms in which authority was presented by key individuals and institutions in Scotland and the British Isles By placing these within the context of the European powers with whom they interacted this volume also underlines the unique relationships developed between the people and those who exercised authority over them

The Emergence of Modern Architecture Liane Lefaivre,Alexander Tzonis,2004 In this book Liane Lefaivre and Alexander Tzonis bring together 140 documents spanning a period from the year 1000 to the end of the eighteenth century They argue that Modern Architectural thinking was created during this period a wholly new forma mentis for conceiving buildings landscapes and cities The material includes in addition to the more predictable texts key extracts from architectural treatises handbooks and textbooks material from letters articles from the

press of the times scientific memoirs maxims poems plays and novels Their authors are equally varied architects patrons politicians artists poets scientists priests philosophers and journalists Some describe and systematize some argue and criticize and a large number are eager to present new findings and new ways to construe and construct the world **The Duel in Early Modern England** Markku Peltonen,2003-01-30 Arguments about the place and practice of the duel in early modern England were widespread The distinguished intellectual historian Markku Peltonen examines this debate and show how the moral and ideological status of duelling was discussed within a much larger cultural context of courtesy civility and politeness The advocates of the duel following Italian and French examples contended that it maintained and enhanced politeness its critics by contrast increasingly severed duelling from civility and this separation became part of a vigorous attempt in the late seventeenth century and beyond to redefine civility politeness and indeed the nature and evolution of Englishness To understand the duel is to understand much more fully some crucial issues in the cultural and ideological history of Stuart England and Markku Peltonen s study will thus engage the attention of a very wide audience of historians and cultural and literary scholars A Defence of Pretence Indira Ghose,2025-12-02 How the drama of Shakespeare s time demonstrates the tensions within civility Is civility merely a matter of reinforcing status and excluding others Or is it a lubricant in a polarised world enabling us to overcome tribal loyalties and cooperate for the common good In A Defence of Pretence Indira Ghose argues that it is both Ghose turns to the drama of Shakespeare s time to explore the notion of civility The theatre she suggests was a laboratory where many of the era s conflicts played out The plays test the precepts found in treatises on civility and show that in the complexity and confusion of human life moral purity is an illusion We are always playing roles In these plays as in social life pretence is inescapable Could it be a virtue Civility Ghose finds is radically ambiguous The plays of Shakespeare Jonson and Middleton grappling with dissimulation lies and social performance question the idea of a clear cut boundary between sincerity and dissembling between truth and lies What is decisive is the use to which our play acting is put A pretence of mutual respect might serve an ethical end to foster a sense of common purpose In life as in drama the concept of the common good might be a fiction but one that is crucial for human society
