Renaming Ecstasy:

Renaming Ecstasy Orlando Ricardo Menes, 2004 *Renaming Ecstasy* brings together poets who have explored experiences of the sacred in ways that are unique to Latin American culture and highlights the richness and complexity of Latino spiritual life. Because of Latin America's mestizaje of cultures, traditional Catholicism exists alongside other practices of African or indigenous origin. In their invocation of the divine, poets of Caribbean origin draw inspiration from the myths and practices of Santería. Others write devotionally about topics that engage Latino Catholics: the matter of religious vocation and those devotional practices that connect individuals to the community and give shape to their daily lives. The collection features poetry by Benjamin Alire Sáenz, Victor Hernández Cruz, Demetria Martinez, Orlando Ricardo Menes, and Virgil Suárez among others.

Fleshing the Spirit Elisa Facio, Irene Lara, 2014-04-10 *Fleshing the Spirit* brings together established and new writers exploring the relationships between the physical body, the spirit, and spirituality and social justice activism. Examining the complex and dynamic connections among these concepts, the writers emphasize the value of flesh and blood experience as a site of knowledge. They argue that spirituality, something quite different from institutional religious practice, can heal the mind/body split and set the stage for social change. Spirituality, they argue, is a necessary component of an alternative political agenda focused on equitable social and ecological change. The anthology incorporates different genres of writing, such as poetry, testimonials, critical essays, and historical analysis, and stimulates the reader to engage spirituality in a critical, personal, and creative way. This interdisciplinary work is the first that attempts to theorize the radical interconnection between women of color, spirituality, and social activism. Before transformative political work can be done, the authors say, in multiple ways we must recognize that our spiritual need is a desire to more fully understand our relations with others. Conflict experienced on many levels sometimes severs those relations, separating us from others along racial, class, gender, sexual, national, or other socially constructed lines. *Fleshing the Spirit* offers a spiritual journey of healing, health, and human revolution. The book's open invitation to engage in critical dialogue and social activism with the spirit and spirituality at the forefront illuminates the way to social change and the ability to live in harmony with life's universal energies.
