Renegade 2 Blood Runner:

Renegade, No. 2 Ramsay, Ramsay Thorne, 1979-02-01 Blood Runner Lou Cameron, 2014 They're waiting for a man like Captain Gringo in Panama. In this soggy green hell where the French have lost a fortune in lives and francs trying to build a canal, the scum of the earth and their scams flourish. Every adventurer with a scheme, every rebel with a cause wants a man like Captain Gringo running guns, unleashing a rain of death from his Maxim, fighting Yellow Jack Indians, ants, even the Devil himself if he stands in the way. And always persuading a beautiful woman wherever he finds her that no one can love like Captain Gringo.

Marathon Method offers a radical overhaul of marathon training that promises to turn any runner into a true marathoner and help experienced marathoners set new personal bests. Hansons Marathon Method does away with mega long runs and high mileage weekends, two outdated traditions that make most runners miserable. Instead, runners using the Hansons method will gradually build up to the moderate high mileage required for marathon success, spreading those miles more sensibly throughout the week. Running easy days mixed with precisely paced speed, strength, and tempo workouts will steel their bodies and minds to run the hardest miles of the marathon. Both Beginner and Advanced training programs feature the unique Hansons 16 mile long run, which as part of the Hansons program is ideal for preparing the body for the marathon. Humphrey explains how runners should set their goal race pace and shows how to customize the Hansons method to their own needs, like adding extra racing, running more miles, and handling training interruptions. Detailed nutrition and hydration chapters help runners pinpoint their personal energy and hydration needs so they know precisely how much to eat and drink during workouts, race week, race day, and for recovery. The Hansons approach to pacing and nutrition means marathoners will never hit the wall. Hansons Marathon Method lays out the smartest marathon training program available from one of the most accomplished running groups in the nation. Using this innovative approach, runners will mold real marathon muscles, train their body to never hit the wall, and prepare to run their fastest marathon.
