Renegade Monk:

The Samurai Shūsaku Endō, 1997 Considered one of the late Shūsaku Endō's finest works *THE SAMURAI* seamlessly combines historical fact with a novelist's imaginings Set in the period preceding the Christian persecutions in Japan recorded so memorably in Endō's *SILENCE* this book traces the steps of some of the first Japanese to set foot on European soil

Communities of Saint Martin Sharon Farmer, 2019-03-15 Sharon Farmer here investigates the ways in which three medieval communities the town of Tours the basilica of Saint Martin there and the abbey of Marmoutier nearby all defined themselves through the cult of Saint Martin She demonstrates how in the early Middle Ages the bishops of Tours used the cult of Martin their fourth-century predecessor to shape an idealized image of Tours as Martin's town As the heirs to Martin's see the bishops projected themselves as the rightful leaders of the community However in the late eleventh century she shows the canons of Saint Martin where the saint's relics resided and the monks of Marmoutier which Martin had founded took control of the cult and produced new legends and rituals to strengthen their corporate interests Since the basilica and the abbey differed in their spiritualities structures and external ties the canons and monks elaborated and manipulated Martin's cult in quite different ways Farmer shows how one saint's cult lent itself to these varying uses and analyzes the strikingly dissimilar Martins that emerged Her skillful inquiry into the relationship between group identity and cultural expression illuminates the degree to which culture is contested territory Farmer's rich blend of social history and hagiography will appeal to a wide range of medievalists cultural anthropologists religious historians and urban historians

A Life of the Great Lord Fairfax, Commander-in-chief of the Army of the Parliament of England Clements R. Markham, 1870 **A Life of the Great Lord Fairfax, Commander-in-chief of the Army of the Parliament of England** Sir Clements Robert Markham, 1870 Pan, 1920 *Authority, Gender and Emotions in Late Medieval and Early Modern England* Susan Broomhall, 2015-07-21 This collection explores how situations of authority governance and influence were practised through both gender ideologies and affective performances in medieval and early modern England Authority is inherently relational it must be asserted over someone who allows or is forced to accept this dominance The capacity to exercise authority is therefore a social and cultural act one that is shaped by social identities such as gender and by social practices that include emotions The contributions in this volume exploring case studies of women and men's letter writing political and ecclesiastical governance household rule exercise of law and order and creative agency investigate how gender and emotions shaped the ways different individuals could assert or maintain authority or indeed disrupt or provide alternatives to conventional practices of authority **The Meadow** Mike O'Hare, Elfreda Pretorius, 2009-07-30 Get ready for a consciousness shift *The Meadow* is the most intriguing mysterious beautiful love story I've ever had the pleasure of reading I am still amazed that the authors could have brought this masterpiece to life while living an ocean apart The gamut of emotions they dare the reader to experience makes for a wild but thrilling ride *The Meadow* touched the very core of my

being and gave me a whole new perspective on all those who have come and gone in my life the ones that shared beauty with me as well as the ones who caused me pain Susan Nicholas Reiki Master The Meadow is a sensational and captivating account of two peoples lives as they meet again and again over many centuries It weaves a path of wisdom through the ages and awakens our curiosity enriching our lives as we become involved with its wonderful characters Judy Suke Motivational Humorist President Triangle Seminars Professor Sheridan College There is a saying known by those on their path of enlightenment Everything comes at the perfect time in the perfect way The Meadow is exactly the sort of work where if it somehow comes your way it is a timely message and gift from the Universe to assist you in advancing your own spiritual evolution The Meadow is a magical journey for the characters in the story and the reader alike The lessons learned by the protagonists will shine a light on whatever issues a reader may be experiencing The work is serendipity synchronicity and spirituality Veronica Gray Philanthropist Actress Novelist Founder of Eternal Youth Empire

The Life of the Great Lord Fairfax ... With Portrait, Maps, Plans, and Illustrations Sir Clements Robert Markham,1870 Desiree Ntolo,2008-07

The German Gothic Novel in Anglo-German Perspective Patrick Bridgwater,2013-10-10 The first full length study of the main German contributors to the Gothic canon to each of whom a chapter is devoted The German Gothic Novel in Anglo German Perspective is an original historical and comparative study that goes well beyond the necessary review of the evidence to include much new material many new insights and pieces of analysis and some fundamental changes of perspective The book aims to put the record straight in bibliographical and literary historical terms and to act as a reference guide to facilitate future research so that anyone working on the German Gothic novel or on Anglo German interactions in the field of Gothic will find there references to all the relevant secondary literature The German Gothic Novel in Anglo German Perspective is addressed to Germanists but also to teachers and students of English American and comparative literature for there is at present hardly a hotter subject than Gothic The book s emphasis on the Gothic work of canonical writers should prompt even conservative German Departments to reconsider their attitude to Gothic Being addressed to scholars and students of German German quotations are given in German but English translations are added for the convenience of English and American scholars and students of Gothic who represent another important section of the books target audience

Harvard Oriental Series ,1921 Rabelais Anatole France,1929 **A History of Horrors** Denis Meikle,2009 This revised and updated edition of A History of Horrors traces the life and spirit of Hammer from its fledgling days in the late 1940s through its successes of the 1950s and 60s to its decline and eventual liquidation in the late 1970s With the exclusive participation of all of the personnel who were key to Hammer s success Denis Meikle paints a vivid and fascinating picture of the rise and fall of a film empire offering new and revealing insights into the truth behind the legend Much has been written about Hammer s films but this is the only book to tell the story of the company itself from the perspective of those who ran it in its heyday and who helped to turn it into a universal byword for terror on the screen

Levant, Cradle of Abrahamic Religions Catalin-Stefan Popa, 2023-04 The volume is the result of a Lecture Series on The Levant Cradle of Abrahamic Religions which engaged scholars on topics related to the cultural and religious diversity of the historical Levant Like a jigsaw the studies contained within showcase interlock fragments of the historical encounters between faiths religions and societies in a rich Levantine and Oriental space in an attempt to render them more accessible to readers today by focusing both on broader religious phenomena as well as on the practical liturgical and social interaction between traditions and mentalities features representative of both faith and society at large **Jewish, Christian, and Muslim Travel Experiences** Susanne Luther, Pieter B. Hartog, Clare E. Wilde, 2023-10-04 Travel and pilgrimage have become central research topics in recent years Some archaeologists and historians have applied globalization theories to ancient intercultural connections Classicists have rediscovered travel as a literary topic in Greek and Roman writing Scholars of early Judaism Christianity and Islam have been rethinking long familiar pilgrimage practices in new interdisciplinary contexts This volume contributes to this flourishing field of study in two ways First the focus of its contributions is on experiences of travel Our main question is How did travelers in the ancient world experience and make sense of their journeys real or imaginary and of the places they visited Second by treating Jewish Christian and Islamic experiences together this volume develops a *longue dur e* perspective on the ways in which travel experiences across these three traditions resembled each other By focusing on experiences of travel we hope to foster interaction between the study of ancient travel in the humanities and that of broader human experience in the social sciences **Two Years in the Kingdom** Blaine L. Comeaux, 2002 Two Years in the Kingdom is a lighthearted yet informative look at life in Thailand from the perspective of an American Peace Corps Volunteer Part personal narrative and part essay the book is a chronicle of the author s two years in Pakham a rural village in the littlest known part of the Thai Kingdom the hot Lao speaking northeast known colloquially as Isaan Written with the visiting foreigner in mind Two Years provides a candidly honest and instructive look into rural Thai lifeways foods languages and customs Desperate Magic Valerie A. Kivelson, 2013-11-15 In the courtrooms of seventeenth century Russia the great majority of those accused of witchcraft were male in sharp contrast to the profile of accused witches across Catholic and Protestant Europe in the same period While European courts targeted and executed overwhelmingly female suspects often on charges of compacting with the devil the tsars courts vigorously pursued men and some women accused of practicing more down to earth magic using poetic spells and home grown potions Instead of Satanism or heresy the primary concern in witchcraft testimony in Russia involved efforts to use magic to subvert mitigate or avenge the harsh conditions of patriarchy serfdom and social hierarchy Broadly comparative and richly illustrated with color plates Desperate Magic places the trials of witches in the context of early modern Russian law religion and society Piecing together evidence from trial records to illuminate some of the central puzzles of Muscovite history Kivelson explores the interplay among the testimony of accusers the leading questions of the interrogators and the confessions of the accused

Assembled they create a picture of a shared moral vision of the world that crossed social divides Because of the routine use of torture in extracting and shaping confessions Kivelson addresses methodological and ideological questions about the Muscovite courts equation of pain and truth questions with continuing resonance in the world today Within a moral economy that paired unquestioned hierarchical inequities with expectations of reciprocity magic and suspicions of magic emerged where those expectations were most egregiously violated Witchcraft in Russia surfaces as one of the ways that oppression was contested by ordinary people scrambling to survive in a fiercely inequitable world Masters and slaves husbands and wives and officers and soldiers alike believed there should be limits to exploitation and saw magic deployed at the junctures where hierarchical order veered into violent excess

Isle of Intrigues R. Hyslop, 2015-10-16 979 France Ethelwulf his followers land in Jersey still hunted as the murderers of King Edward They soon become involved in mystery corruption and violence in a small community Whether it s a monastic election fossil discovery or murder Ethelwulf s interference brings enemies not least from England Drastic action proves essential for survival With extensive factual End Notes Part 2 of a nine part series set in the 10th century Viking world Here the background is a small multi cultural Norman community threatened by corruption and violence

Other Animals Jane T. Costlow, Amy Nelson, 2010-08-15 The lives of animals in Russia are intrinsically linked to cultural political and psychological transformations of the imperial Soviet and post Soviet eras *Other Animals* examines the interaction of animals and humans in Russian literature art and life from the eighteenth century until the present The chapters explore the unique nature of the Russian experience in a range of human animal relationships through tales of cruelty interspecies communion and compassion and efforts to either overcome or establish the human animal divide Four themes run through the volume the prevalence of animals in utopian visions the ways in which Russians have incorporated and sometimes challenged Western sensibilities and practices such as the humane treatment of animals and the inclusion of animals in urban domestic life the quest to identify and at times exploit the physiological basis of human and animal behavior and the ideological implications of these practices and the breakdown of traditional human animal hierarchies and categories during times of revolutionary upheaval social transformation or disintegration From failed Soviet attempts to transplant the seminomadic Sami and their reindeer herds onto collective farms to performance artist Oleg Kulik s scandalous portrayal of Pavlov s dogs as a parody of the Soviet new man to novelist Tatyana Tolstaya s post cataclysmic future world of hybrid animal species and their disaffection from the past *Other Animals* presents a completely new perspective on Russian and Soviet history It also offers a fascinating look into the Russian psyche as seen through human interactions with animals
