Report On Blacklistin Volume 1 Movies:

The Politics of Glamour David F. Prindle, 2012-11-01 Rarely are the off screen lives of actors examined for evidence of deep thinking or good citizenship Still more rarely do the internal workings of labor unions attract public scrutiny Nevertheless as David Prindle shows in his examination of democracy in the Screen Actors Guild this actors union has for over 50 years been an arena for idealistic yet intense and hardboiled political maneuvering In The Politics of Glamour readers become aware of the seriousness and political commitment displayed by people whom the general public has generally admired more for their artistic skills After reading this account of politics among America's screen royalty no one could wonder about where Ronald Reagan a former SAG president received his political training Besides analyzing the politics of SAG however the author follows a good story wherever it leads The reader can expect to learn something about the political economy of Hollywood and the American labor movement the value of celebrity within the acting community the impact of technological change and even a bit of gossip What Dreams Were Made of Sean Griffin, 2011 Humphrey Bogart Abbott and Costello Judy Garland and Mickey Rooney John Wayne Rita Hayworth and Betty Grable Images of these film icons conjure up a unique moment in cinema and history one of optimism and concern patriotism and cynicism What Dreams Were Made Of examines the performers who helped define American cinema in the 1940s a decade of rapid and repeated upheaval for Hollywood and the United States Through insightful discussions of key films as well as studio publicity and fan magazines the essays in this collection analyze how these actors and actresses helped lift spirits during World War II whether in service comedies combat films or escapist musicals The contributors all major writers on the stars and movies of this period also explore how cultural shifts after the war forced many stars to adjust to new outlooks and attitudes particularly in film noir Together they represented the hopes and fears of a nation during turbulent times enacting on the silver screen the dreams of millions of moviegoers **Raiding the Icebox** Peter Wollen, 2020-05-05 Raiding the Icebox is a kaleidoscopic review of the avant garde and radical subcultures of the twentieth century and explains how the most powerful artistic statements of the era redrew the line between high and low art Beginning with an analysis of the role of Diaghilev and the Russian Ballet Wollen argues that modernism has always had a hidden suppressed side which cannot easily be absorbed into the master narrative of modernity Wollen reviews the hopes fears and expectations of artists and critics such as the Bauhaus movement as fascinated by Henry Ford's assembly line as they were by the Hollywood dream factory concluding with Guy Debord's caustic dystopian vision of an all consuming Society of the Spectacle Finally Wollen chronicles the emergence of a subversive sensibility as he explores some of the unexpected new cultural forms which non Western artists are taking as modernism enters into crisis at the beginning of a new century reversing the rules of the game and raiding the icebox of the West American Media and Mass Culture Donald Lazere, 1987-12-07 On subjects from Superman to rock n roll from Donald Duck to the TV news from soap operas and romance novels to the use of double speak in

advertising these lively essays offer students of contemporary media a comprehensive counterstatement to the conservatism that has been ascendant since the seventies in American politics and cultural criticism Donald Lazere brings together selections from nearly forty of the most prominent Marxist feminist and other leftist critics of American mass culture from a dozen academic disciplines and fields of media activism The collection will appeal to a wide range of students scholars and Hollywood Left and Right Steven J. Ross, 2011-08-01 In Hollywood Left and Right Steven J Ross tells a story that has escaped public attention the emergence of Hollywood as a vital center of political life and the important role that movie stars have played in shaping the course of American politics Ever since the film industry relocated to Hollywood early in the twentieth century it has had an outsized influence on American politics Through compelling larger than life figures in American cinema Charlie Chaplin Louis B Mayer Edward G Robinson George Murphy Ronald Reagan Harry Belafonte Jane Fonda Charlton Heston Warren Beatty and Arnold Schwarzenegger Hollywood Left and Right reveals how the film industry s engagement in politics has been longer deeper and more varied than most people would imagine As shown in alternating chapters the Left and the Right each gained ascendancy in Tinseltown at different times From Chaplin whose movies almost always displayed his leftist convictions to Schwarzenegger's nearly seamless transition from action blockbusters to the California governor's mansion Steven J Ross traces the intersection of Hollywood and political activism from the early twentieth century to the present Hollywood Left and Right challenges the commonly held belief that Hollywood has always been a bastion of liberalism The real story as Ross shows in this passionate and entertaining work is far more complicated First Hollywood has a longer history of conservatism than liberalism Second and most surprising while the Hollywood Left was usually more vocal and visible the Right had a greater impact on American political life capturing a senate seat Murphy a governorship Schwarzenegger and the ultimate achievement the Presidency Reagan Social dimensions: technology, regulation and the audience Thomas Schatz, 2004 Hollywood as a concept applies variously to a particular film style a factory based mode of film production a cartel of powerful media institutions and a national and increasingly global way of seeing It is a complex social cultural and industrial phenomenon and is arguably the single most important site of cultural production over the past century This collection brings together journal articles published essays book chapters and excerpts which explore Hollywood as a social economic industrial aesthetic and political force and as a A Very Dangerous Citizen Paul Buhle, Dave Wagner, 2001-06-05 When he was summoned before complex historical entity the House Committee on Un American Activities in 1951 Abraham Lincoln Polonsky 1911 1999 was labeled a very dangerous citizen by Harold Velde a congressman from Illinois Lawyer educator novelist labor organizer radio and television scriptwriter film director and screenwriter wartime intelligence operative and full time radical romantic Polonsky was blacklisted in Hollywood for refusing to be an informer The New York Times called his blacklisting the single greatest loss to American film during the McCarthy era and his expressed admirers include Steven Spielberg Martin Scorsese Sidney Lumet

Warren Beatty and Harry Belafonte In this first critical and cultural biography of Abraham Polonsky Paul Buhle and Dave Wagner present both an accomplished consideration of a remarkable survivor of America's cultural cold war and a superb study of the Hollywood left The Bronx born son of immigrant parents Polonsky in the few years after the end of World War II and just before the blacklist had one of the most distinguished careers in Hollywood He wrote two films that established John Garfield's postwar persona Body and Soul 1947 still the standard for boxing films and the model for such movies as Raging Bull and Pulp Fiction and Force of Evil 1948 the great noir drama that he also directed Once blacklisted Polonsky quit working under his own name yet he proved to be one of television's most talented writers Later in life he became the most acerbic critic of the Hollywood blacklist's legacy while writing and directing films such as Tell Them Willie Boy Is Here 1970 A Very Dangerous Citizen goes beyond biography to help us understand the relationship between art and politics in American culture and to uncover the effects of U S anticommunism and anti Semitism Rich in anecdote and in analysis it provides an informative and entertaining portrait of one of the most intriguing personalities of twentieth century American culture

The Cold War Reference Guide Richard Alan Schwartz, 2015-09-17 For over forty years much of the world was held captive by a conflict between two wholly incompatible economic ideologies capitalism and communism and the two primary superpower countries who practiced them the United States and the Soviet Union Written in accessible language for readers with little or no previous knowledge about the subject this work is first a general history of the Cold War with an overview of its root causes and the policies and theories that were in place from 1947 through 1990 A thoroughly annotated chronology of important Cold War events follows Short biographies of some of the major United States political figures and world leaders conclude the work A Time of Fear Albert Marrin, 2021-03-30 From National Book Award Finalist and Sibert Honor Author Albert Marrin a timely examination of Red Scares in the United States including the Rosenbergs the Hollywood Ten and the McCarthy era In twentieth century America no power and no threat loomed larger than the communist superpower of the Soviet Union America saw in the dreams of the Soviet Union the overthrow of the US government and the end of democracy and freedom Meanwhile the Communist Party of the United States attempted to use deep economic and racial disparities in American culture to win over members and sympathizers From the miscarriage of justice in the Scotsboro Boys case to the tragedy of the Rosenbergs to the theatrics of the Hollywood Ten to the menace of the Joseph McCarthy and his war hearings Albert Marrin examines a unique time in American history and explores both how some Americans were lured by the ideals of communism without understanding its reality and how fear of communist infiltration at times caused us to undermine our most deeply held values The questions he raises ask What is worth fighting for And what are you willing to sacrifice to keep it Filled with black and white photographs throughout this timely book from an award author brings to life an important and dramatic era in American history with lessons that are deeply relevant today The Lost One Stephen D. Youngkin, 2005-09-30 Often typecast as a menacing figure Peter Lorre achieved Hollywood fame first as a featured player and later as a character actor trademarking his screen performances with a delicately strung balance between good and evil His portrayal of the child murderer in Fritz Lang's masterpiece M 1931 catapulted him to international fame Lang said of Lorre He gave one of the best performances in film history and certainly the best in his life Today the Hungarian born actor is also recognized for his riveting performances in The Man Who Knew Too Much 1934 The Maltese Falcon 1941 and Casablanca 1942 Lorre arrived in America in 1934 expecting to shed his screen image as a villain He even tried to lose his signature accent but Hollywood repeatedly cast him as an outsider who hinted at things better left unknown Seeking greater control over his career Lorre established his own production company His unofficial graylisting by the House Committee on Un American Activities however left him with little work He returned to Germany where he co authored directed and starred in the film Der Verlorene The Lost One in 1951 German audiences rejected Lorre's dark vision of their recent past and the actor returned to America wearily accepting roles that parodied his sinister movie personality. The first biography of this major actor The Lost One A Life of Peter Lorre draws upon more than three hundred interviews including conversations with directors Fritz Lang Alfred Hitchcock Billy Wilder John Huston Frank Capra and Rouben Mamoulian who speak candidly about Lorre both the man and the actor Author Stephen D Youngkin examines for the first time Lorre's pivotal relationship with German dramatist Bertolt Brecht his experience as an migr from Hitler's Germany his battle with drug addiction and his struggle with the choice between celebrity and intellectual respectability Separating the enigmatic person from the persona long associated with one of classic Hollywood s most recognizable faces The Lost One is the definitive account of a life triumphant and yet tragically riddled with many failed possibilities The Classical Hollywood Reader Stephen Neale, 2012 First Published in 2012 Routledge is an imprint of Taylor Francis an informa company J. Edgar Hoover: The Man and the Secrets Curt Gentry, 2001-02-17 The cumulative effect is overwhelming Eleanor Roosevelt was right Hoover's FBI was an American gestapo Newsweek Shocking grim frightening Curt Gentry's masterful portrait of America's top policeman is a unique political biography From more than 300 interviews and over 100 000 pages of previously classified documents Gentry reveals exactly how a paranoid director created the fraudulent myth of an invincible incorruptible FBI For almost fifty years Hoover held virtually unchecked public power manipulating every president from Franklin D Roosevelt to Richard Nixon He kept extensive blackmail files and used illegal wiretaps and hidden microphones to destroy anyone who opposed him The book reveals how Hoover helped create McCarthyism blackmailed the Kennedy brothers and influenced the Supreme Court how he retarded the civil rights movement and forged connections with mobsters as well as insight into the Watergate scandal and what part he played in the investigations of President John F Kennedy and Martin Luther King Jr Freedom's Furies Timothy Sandefur, 2022-11-01 In 1943 three books appeared that changed American politics forever Isabel Paterson's The God of the Machine Rose Wilder Lane's The Discovery of Freedom and Ayn Rand's The Fountainhead Together they laid the groundwork for what became the modern libertarian movement Even more striking were the women behind these books

Paterson a brilliant but misanthropic journalist whose weekly column made her one of the nation s most important literary critics Lane a restless writer who secretly coauthored the Little House on the Prairie novels with her mother and Rand a philosophically inclined Russian immigrant ferociously devoted to heroic individualism Working against the backdrop of changes in literature and politics they joined forces to rally the nation to the principles of freedom that had come under attack at home and abroad Sometimes friends at other times bitterly estranged they became known as the three furies of libertarianism Now for the first time author Timothy Sandefur examines their lives ideas and influences in the context of their times Not a biography but a story about personalities and ideas about the literary political and cultural influences that shaped the destiny of freedom in America Freedom's Furies tells the dramatic story of three writers who strove to keep liberty alive in an age of darkness Naming Names Victor S. Navasky, 2013-10-01 Winner of the National Book Award The definitive history of Joe McCarthy the Hollywood blacklist and HUAC explores the events behind the hit film Trumbo Drawing on interviews with over one hundred and fifty people who were called to testify before the House Un American Activities Committee including Elia Kazan Ring Lardner Jr and Arthur Miller award winning author Victor S Navasky reveals how and why the blacklists were so effective and delves into the tragic and far reaching consequences of Joseph McCarthy's witch hunts A compassionate insightful and even handed examination of one of our country's darkest hours Naming Names is at once a morality play and a fascinating window onto a searing moment in American cultural and political history

Policing Show Business Francis MacDonnell, 2024-11-12 In Policing Show Business Francis MacDonnell explores the starring role played by J Edgar Hoover in the development of the Hollywood blacklist in the 1940s and 1950s As director of the FBI Hoover poured resources into scrutinizing show business a policy choice unjustified by any corresponding threat to public security He detailed agents to write regular reports on actors screenwriters lyricists singers and studio executives His frequent handwritten comments on papers inside the files of film industry personalities demonstrate a level of interest bordering on obsession Policing Show Business is not just another book about the Hollywood blacklist MacDonnell approaches the Red Scare through biography using FBI records on such luminaries as Marlene Dietrich Walt Disney Hedda Hopper Adolphe Menjou Lena Horne Fredric March Cecil B DeMille and Burl Ives to present in unexpected surprising and sometimes poignant ways the rich human dramas experienced by both targets of the bureau and its collaborators MacDonnell's meticulously researched account drawing on many newly available FBI files evokes the passions and resentments the courageous acts and calculated evasions and the petty tyrannies and self interested campaigns of an ignominious episode in the annals of American freedom Forbidden Animation Karl F. Cohen, 2013-10-18 Tweety Bird was colored yellow because censors felt the original pink made the bird look nude Betty Boop's dress was lengthened so that her garter didn t show And in recent years a segment of Mighty Mouse was dropped after protest groups claimed the mouse was actually sniffing cocaine not flower petals These changes and many others like them have been demanded by official censors

or organized groups before the cartoons could be shown in theaters or on television How the slightly risque gags in some silent cartoons were replaced by rigid standards in the sound film era is the first misadventure covered in this history of censorship in the animation industry. The perpetuation of racial stereotypes in many early cartoons is examined as are the studios efforts to stop producing such animation This is followed by a look at many of the uncensored cartoons such as Lenny Bruce's Thank You Mask Man and Ralph Bakshi's Fritz the Cat The censorship of television cartoons is next covered from the changes made in theatrical releases shown on television to the different standards that apply to small screen animation The final chapter discusses the many animators who were blacklisted from the industry in the 1950s for alleged sympathies to the **Orwell Subverted** Daniel J. Leab, 2008-05-28 Film and cinema The Politics of Glamour David Forrest Prindle, 1988 Examines democracy in action in the Screen Actors Guild discusses political issues during the Guild's history and describes current problems facing it Leonard Bernstein Barry Seldes, 2009-05-26 From his dazzling conducting debut in 1943 until his death in 1990 Leonard Bernstein's star blazed brilliantly In this fresh and revealing biography of Bernstein's political life Barry Seldes examines Bernstein's career against the backdrop of cold war America blacklisting by the State Department in 1950 voluntary exile from the New York Philharmonic in 1951 for fear that he might be blacklisted signing a humiliating affidavit to regain his passport and the factors that by the mid 1950s allowed his triumphant return to the New York Philharmonic Seldes for the first time links Bernstein's great concert hall and musical theatrical achievements and his real and perceived artistic setbacks to his involvement with progressive political causes Making extensive use of previously untapped FBI files as well as overlooked materials in the Library of Congress s Bernstein archive Seldes illuminates the ways in which Bernstein's career intersected with the twentieth century's most momentous events This broadly accessible and impressively documented account of the celebrity maestro's life deepens our understanding of an entire era as it reveals important and often ignored intersections of American culture and political power

Not Without Honor Richard Gid Powers,1998-01-01 The American anticommunist movement has been viewed as a product of right wing hysteria that deeply scarred our society and institutions This book restores the struggle against communism to its historic place in American life Richard Gid Powers shows that McCarthyism red baiting and black listing were only one aspect of this struggle and that the movement was in fact composed of a wide range of Americans Jews Protestants blacks Catholics Socialists union leaders businessmen and conservatives whose ideas and political initiatives were rooted not in ignorance and fear but in real knowledge and experience of the Communist system Not Without Power is superbly written and richly detailed Perceptive and thoughtful it is an impressively thorough and valuable book David J Garrow One of the contributions of Powers s provocative narrative history is to bring to life certain segments of anti Communist opinion that have largely been forgotten Sean Wilentz New York Times Book Review Powers makes extensive use of primary sources and uncovers much that is new He vividly recreates the complex relationships within and between several

ethnic and radical communities within the United States including their firsthand and often disillusioning experience with communism The depth and range of his work add a great deal to knowledge Journal of American History A valuable well executed study and summation of a vast topic one whose various threads the author has woven into a rich tapestry Richard M Fried Reviews in American History
