## **Reporters And Officials The Organization And Politics Of Newsmaking:**

**Reporters and Officials** Leon V. Sigal,1973      *Reporters and Officials* Leon V. Sigal,1973      *Reporters and Officials: the Organization and Politics of Newsmaking* By"Leon V. Sigal Leon V. Sigal,1973      **The Washington Reporters** Stephen Hess,2010-12-01 In the vast literature on the way democratic governments work the role of the press is often overlooked Yet the press no less than the formal branches of government is a public policy institution and deserves to be included in explanations of the governmental process In *The Washington Reporters* Stephen Hess focuses on those who cover the U S government for the American commercial news media His book is based on interviews with reporters and editors and on responses to questionnaires from nearly half of the over 1 200 American reporters in Washington Analysis of these responses and comparison with the content and placement of over 2 000 of these reporters news stories permit an unusual and sometimes startling perspective on Washington newswork Mr Hess demonstrates for instance how information in the news regularly comes from the legislative branch of the government despite the greater number of stories on the presidency and he shows that Washington news dominates the front pages of daily newspapers across the country no matter how little may be going on in the nation s capital The author concludes that Washington news gathering fragments media power while at the same time it shifts decisions on what is news and how it should be covered to the reporters The import of this impression is that reporters are not simply passing along information they are choosing within certain limits what most people will know about government The freedom given and assumed by these news workers affects the shape of national affairs      **Press and Public** Leo Bogart,2023-01-06 This book reviews the challenges that face American newspapers at the end of the 1980s after a decade of circulation losses for many dailies and several decades of accelerating social change It describes how content of newspapers is changing in the context of a discussion of the nature of news      News Media and EU-China Relations L. Zhang,2011-04-11 An exploration of the role of the news media in the development of EU China relations after the end of the Cold War this book provides empirical evidence to support what Nye and Anholt have argued that branding a country s image is soft power The author examines the nature of European Union and China coverage in Chinese and European news media respectively and explores how the economics politics and journalistic practice interplay in shaping the coverage Based on this analysis the author delves into the relationship between the news media and their foreign policy toward each other in terms of both the general direction of policy making and the policy in a specific issue area Including not only content analysis of media coverage but also has first hand interview materials with the officials involved in the decision making process and the journalists involved in reporting the EU and China the book sheds light on the way in which the media construct the post Cold War world and therefore play a role in transforming international relations      Power Transfer and Electoral Politics Hsin-chi Kuan,1999 This book provides an in depth analysis of the election of the Hong Kong Legislative Council in May 1998 which was the first general election in Hong Kong since the change of sovereignty to China in 1997 The election was

conducted in the wake of the government's mismanagement of health policy and other aspects of public concern and amid widespread hardships inflicted by the Asian financial crisis. Nevertheless, the election still had the highest turnout rate in Hong Kong's entire history. The elected legislature replaced the Provisional Legislative Council, which was a product of the Sino-British conflict before the change over. However, as a result of institutional design and electoral outcome, this duly elected Legislative Council has been fragmented and weak in its legislative and supervisory powers, and therefore there are long-term implications for the governance of Hong Kong in general and for the executive-legislative relations in particular. Contributors to this volume are renowned scholars in Hong Kong studies. The various aspects of the 1998 legislative election are critically examined to ascertain their exact meanings and to clarify doubts. Questions such as the following are properly addressed: Did the transfer of sovereignty have any impact on the systems of election representation and authority? What was the impact of institutional change on the conduct of electoral campaigns? Did the end of colonialism and the advent of one country, two systems help to activate Hong Kong voters who were once dubbed attentive spectators? Did the China factor, which had been influential in the 1991 and 1995 elections, give way to other electoral divisions? Did the mass media properly perform their roles during the election? Does the emergence of class and economic issues during the election signify a new era of political normalization? Will the now legitimately constituted Legislative Council have political clout? What is in store for the future?

**Bureaucratic Politics and Foreign Policy** Morton H. Halperin, 2002-12-31 The first edition of *Bureaucratic Politics and Foreign Policy* is one of the most successful Brookings titles of all time. Government agencies, departments, and individuals all have certain interests to preserve and promote. Those priorities and the conflicts they sometimes spark heavily influence the formulation and implementation of foreign policy. A decision that looks like an orchestrated attempt to influence another country may in fact represent a shaky compromise between rival elements within the U.S. government. The authors provide numerous examples of bureaucratic maneuvering and reveal how they have influenced our international relations.

*Managing Democracy in the Digital Age* Julia Schwanholz, Todd Graham, Peter-Tobias Stoll, 2017-09-13 In light of the increased utilization of information technologies such as social media and the Internet of Things, this book investigates how this digital transformation process creates new challenges and opportunities for political participation, political election campaigns, and political regulation of the Internet. Within the context of Western democracies and China, the contributors analyze these challenges and opportunities from three perspectives: the regulatory state, the political use of social media, and through the lens of the public sphere. The first part of the book discusses key challenges for Internet regulation, such as data protection and censorship, while the second addresses the use of social media in political communication and political elections. In turn, the third and last part highlights various opportunities offered by digital media for online civic engagement and protest in the public sphere. Drawing on different academic fields, including political science, communication science, and journalism studies, the contributors raise a number of innovative research questions and provide fascinating theoretical and

empirical insights into the topic of digital transformation      **The Oxford Handbook of Swiss Politics** Patrick Emmenegger, Flavia Fossati, Sijla Häusermann, Yannis Papadopoulos, Pascal Sciarini, Adrian Vatter, 2024 This volume provides a comprehensive account of the many different facets of the Swiss political system and of the major developments in modern Swiss politics The chapters offer analyses relevant not only to political science but also to international relations European studies history sociology law and economics      **Feeling Politics** D. Redlawsk, 2006-06-10 As part of the study of emotions and politics this book explores connections between affect and cognition and their implications for political evaluation decision and action Emphasizing theory methodology and empirical research Feeling Politics is an important contribution to political science sociology psychology and communications      Surrogate Motherhood and the Politics of Reproduction Susan Markens, 2007-09-04 Susan Markens takes on one of the hottest issues on the fertility front surrogate motherhood in a book that illuminates the culture wars that have erupted over new reproductive technologies in the United States In an innovative analysis of legislative responses to surrogacy in the bellwether states of New York and California Markens explores how discourses about gender family race genetics rights and choice have shaped policies aimed at this issue She examines the views of key players including legislators women s organizations religious groups the media and others In a study that finds surprising ideological agreement among those with opposing views of surrogate motherhood Markens challenges common assumptions about our responses to reproductive technologies and at the same time offers a fascinating picture of how reproductive politics shape social policy      *The Politics of Persuasion* Anthony R. DiMaggio, 2017-02-21 Examines how the US media covers high profile public policy issues in the context of competing claims about media bias Tracking the effects of media content on the public is a difficult endeavor and media effects vary on a subject to subject basis To address this challenge The Politics of Persuasion employs a multifaceted mixed method approach to studying mass media and public attitudes Anthony R DiMaggio analyzes more than a dozen case studies covering US domestic economic policy and examines a wide range of theories of how bias operates in mass media with regard to coverage of these issues While some research claims that journalists are overly negative and biased against government officials some reveals that journalists favor citizens groups Still other studies contend there is a liberal bias in the media a progovernment bias or a bias in favor of advertisers and business interests Through his analysis DiMaggio is the first to systematically examine all of these competing interpretations He concludes that reporters tailor stories to corporate and government interests but argues that the ability to manufacture consent from the public in favor of these elite views is far from guaranteed According to DiMaggio citizens often make use of their own personal experiences and prior attitudes to challenge official narratives      *Censored 2020* Andy Lee Roth, 2019-10-08 In the midst of Trump s attacks on the media comes this look at the rigorous independent reporting of the year s most underreported news stories While the country s president displays a brazen disregard for the First Amendment and routinely demonizes the press as the enemy of the people Censored 2020 looks beyond Donald Trump s dizzying

contempt for the truth to clarify the corporate media's complicity in misinforming the American public while also providing a clear vision of a better future based on rigorous trustworthy independent reporting that presents a fuller picture of truth. With a discerning eye *Censored 2020* focuses the public's attention on the most important but underreported news stories of 2018-2019. These stories expose the corporate news media's systemic blind spots while highlighting the crucial role played by independent journalists in providing the kind of news necessary for informed engaged citizens. The book also examines this year's lowlights in junk food news and news abuse further revealing how corporate news often functions as propaganda as well as highlights of exemplary organizations that champion Media Democracy in Action. Additional chapters address the importance of constructive journalism, the untold story of Kashmir news coverage of LGBTQ issues in the Trump era, fake news as a Trojan horse for censorship, and online memes as a form of political communication.

### **The Politics of the Pill**

Rachel VanSickle-Ward, Kevin Wallsten, 2019-10-22. The announcement of a Health and Human Services (HHS) rule requiring insurance providers to cover the costs of contraception as part of the Affordable Care Act sparked widespread political controversy. How did something that millions of American women use regularly become such a fraught political issue? In *The Politics of the Pill*, Rachel VanSickle-Ward and Kevin Wallsten explore how gender has shaped contemporary debates over contraception policy in the U.S. Within historical context, they examine the impact that women and perceptions of gender roles had on media coverage, public opinion, policy formation, and legal interpretations from the deliberation of the Affordable Care Act in 2009 to the more recent Supreme Court rulings in *Burwell v. Hobby Lobby Stores, Inc.* and *Zubik v. Burwell*. Their central argument is that representation matters: who had a voice significantly impacted policy attitudes, deliberation, and outcomes. While women's participation in the debate over birth control was limited by a lack of gender parity across institutions, women nevertheless shaped policy making on birth control in myriad and interconnected ways. Combining detailed analyses of media coverage and legislative records with data from public opinion surveys, survey experiments, elite interviews, and congressional testimony, *The Politics of the Pill* tells a broader story of how gender matters in American politics.

### **Strengthening Canadian Democracy**

Institute for Research on Public Policy, 2005. Reconsidering provincial and federal debates about democratic reform alternatives.

### **Media and Conflict in the Twenty-First Century**

P. Seib, 2005-06-03. This collection of essays explores current issues surrounding the media and conflict in the Twenty-first Century. Essays will look at the role of evolving media technologies, the globalization of television and communications, public diplomacy, gender and war coverage, terrorism, and other issues.

*Explaining News* C. Archetti, 2010-07-05. The book challenges the idea that processes of globalization are leading to an increasing homogenization of news on a worldwide scale by focusing on two defining crises of our time: 9/11 and the War in Afghanistan. The empirical analysis combines process tracing as well as both quantitative and qualitative content analysis of governmental discourses and news coverage of eight elite newspapers across the US, France, Italy, and Pakistan. It develops a new multidisciplinary framework to explain news that

brings together previously distinct levels of analysis the micro level of the individual decisions made by journalists the organizational environment of the news organization national social and political contexts the macro level of international relations The book is going to be of interest primarily to academics and researchers postgraduate students across communications media studies journalism politics and international relations as well as journalists media practitioners and officials involved in public communication

### **The Emergence and Scope of the Voice of Government** Mordecai

Lee,2023-03-21 Nowadays we all tend to be annoyed by bureaucracy and by propaganda if only because both touch our daily lives This book examines the intersection of those two subjects external communications emanating from government agencies When bureaucracies communicate with us directly or via the news media are we being bombarded with self serving propaganda or with helpful information to improve our lives Perhaps it is a mash up of both purposes This book examines the scope uses and history of government communications Topics of discussion include digital government disaster communication relations between the media and government agency spokespersons democratic reporting to the citizenry wartime public relations PR and how US presidents and the US Congress treated bureaucratic PR Several chapters are historical case studies such as about an astronaut who became US Assistant Secretary of State for Public Affairs In addition two chapters examine President Nixon s record while in a more light hearted vein another presents the pop culture image of government spokespersons in movies The book concludes with the origins of the academic study of external communications in public administration

Presidential Leadership George C. Edwards,Kenneth R. Mayer,Stephen J. Wayne,2022-04-06

With a focus on presidential leadership the authors address the capacity of chief executives to fulfill their tasks exercise their powers and utilize their organizational structures to affect the output of government This text examines all aspects of the presidency up to and including the administration of President Joe Biden

### **Reporters And Officials The Organization And Politics Of Newsmaking Introduction**

In today's digital age, the availability of Reporters And Officials The Organization And Politics Of Newsmaking books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Reporters And Officials The Organization And Politics Of Newsmaking books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Reporters And Officials The Organization And Politics Of Newsmaking books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Reporters And Officials The Organization And Politics Of Newsmaking versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Reporters And Officials The Organization And Politics Of Newsmaking books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Reporters And Officials The Organization And Politics Of Newsmaking books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded.

Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Reporters And Officials The Organization And Politics Of Newsmaking books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Reporters And Officials The Organization And Politics Of Newsmaking books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Reporters And Officials The Organization And Politics Of Newsmaking books and manuals for download and embark on your journey of knowledge?

### **FAQs About Reporters And Officials The Organization And Politics Of Newsmaking Books**

**What is a Reporters And Officials The Organization And Politics Of Newsmaking PDF?** A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Reporters And Officials The Organization And Politics Of Newsmaking PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Reporters And Officials The Organization And Politics Of Newsmaking PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Reporters And Officials The**

**Organization And Politics Of Newsmaking PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Reporters And Officials The Organization And Politics Of Newsmaking PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
