Baker, 2006 Reviled as a fascist and zealot by libertarians and liberals but praised as a great patriot and devout man of God by many conservatives John Ashcroft may have been the most powerful and polarizing attorney general in our nation s history Looking past such oversimplified stereotypes Nancy Baker offers the first in depth study of Ashcroft's controversial tenure as attorney general and as domestic commander in our campaign against global terrorism Addressing new concerns about challenges to civil liberties in the wake of 9 11 Baker provides a critical assessment of Ashcroft's impact on national life within the context of an enormous expansion of presidential power Baker depicts a man who even before 9 11 was in search of a mission and then found it in the War on Terror She explores how Ashcroft's counterterrorism actions eroded checks on executive power arguing that the attorney general used both the formal and informal powers of his office to expand executive and law enforcement authority and did so at the additional expense of criminal procedural rights privacy rights and government transparency Baker tells how the war against terrorism the unique legal policy role of the attorney general and Ashcroft's presence in that office dramatically expanded the power and impact of executive power in domestic affairs She identifies Ashcroft's rhetorical tactics that set his actions at odds with the public interest such as browbeating critics and marginalizing dissent and challenges the success claimed by Ashcroft and his supporters in safeguarding America by documenting the Justice Department's lack of effectiveness in key prosecutions She also includes an enlightening analysis of the Patriot Act and its implications for both civil liberties and government power By documenting the ongoing importance of Ashcroft's legacy a legacy now continued by Alberto Gonzalez Baker shows how he dramatically changed the office and disrupted our constitutional system of divided and checked powers Her close scrutiny of Ashcroft's actions vividly highlights the role that an attorney general can play in shaping presidential power during national crises and provides a cautionary tale for anyone eager to protect our civil liberties Departments of Labor, Health and Human Services, Education, and Related Agencies Appropriations for 2004 United States. debate about the desirability morality and compatibility of Indian and non Indian economic practices Alexandra Harmon examines seven such instances of Indian affluence and the dilemmas they presented both for Native Americans and for Euro Americans dilemmas rooted in the colonial origins of the modern American economy Harmon's study not only compels us to look beyond stereotypes of greedy whites and poor Indians but also convincingly demonstrates that Indians deserve a prominent place in American economic history and in the history of American ideas US Nuclear Weapons Policy After the Cold War Nick Ritchie, 2008-08-08 This book offers an in depth examination of America's nuclear weapons policy since the end of the Cold War Exploring nuclear forces structure arms control regional planning and the weapons production complex the volume identifies competing sets of ideas about nuclear weapons and domestic political constraints on major shifts in policy It provides a detailed analysis of the complex evolution of policy the factors affecting policy formulation competing understandings of the role of nuclear weapons in US national security discourse and the likely future direction of policy The book argues that US policy has not proceeded in a linear rational and internally consistent direction and that it entered a second post Cold War phase under President George W Bush However domestic political processes and lack of political and military interest in America's nuclear forces have constrained major shifts in nuclear weapons policy. This book will be of much interest to students of US foreign policy nuclear proliferation strategic studies and IR in general Departments of Labor, Health and Human Services, Education, and Related Agencies Appropriations for 2004, Part 7, May 6, 2003, \*,2003 Tempered Strenath Ethan M.
