Tatum, 2022-07-26 The literary culture of the Spanish speaking Southwest has its origins in a harsh frontier environment marked by episodes of intense cultural conflict and much of the literature seeks to capture the epic experiences of conquest and settlement The Chicano literary canon has evolved rapidly over four centuries to become one of the most dynamic growing and vital parts of what we know as contemporary U S literature In this comprehensive examination of Chicano and Chicana literature Charles M Tatum brings a new and refreshing perspective to the ethnic identity of Mexican Americans From the earliest sixteenth century chronicles of the Spanish Period to the poetry and narrative fiction of the second half of the nineteenth century and the first half of the twentieth century and then to the flowering of all literary genres in the post Chicano Movement years Chicano a literature amply reflects the hopes and aspirations as well as the frustrations and disillusionments of an often marginalized population Exploring the work of Rudolfo Anaya Sandra Cisneros Luis Alberto Urrea and many more Tatum examines the important social historical and cultural contexts in which the writing evolved paying special attention to the Chicano Movement and the flourishing of literary texts during the 1960s and early 1970s Chapters provide an overview of the most important theoretical and critical approaches employed by scholars over the past forty years and survey the major trends and themes in contemporary autobiography memoir fiction and poetry The most complete and up to date introduction to Chicana o literature available this book will be an ideal reference for scholars of Hispanic and American literature Discussion questions and suggested reading included at the end of each chapter are especially suited for classroom use A User's Guide to Postcolonial and Latino Borderland Fiction Frederick Luis Aldama, 2010-01-01 Why are so many people attracted to narrative fiction. How do authors in this genre reframe experiences people and environments anchored to the real world without duplicating real life In which ways does fiction differ from reality What might fictional narrative and reality have in common if anything By analyzing novels such as Arundhati Roy s The God of Small Things Amitav Ghosh s The Glass Palace Zadie Smith s White Teeth and Hari Kunzru s The Impressionist along with selected Latino comic books and short fiction this book explores the peculiarities of the production and reception of postcolonial and Latino borderland fiction Frederick Luis Aldama uses tools from disciplines such as film studies and cognitive science that allow the reader to establish how a fictional narrative is built how it functions and how it defines the boundaries of concepts that appear susceptible to limitless interpretations Aldama emphasizes how postcolonial and Latino borderland narrative fiction authors and artists use narrative devices to create their aesthetic blueprints in ways that loosely guide their readers imagination and emotion In A User's Guide to Postcolonial and Latino Borderland Fiction he argues that the study of ethnic identified narrative fiction must acknowledge its active engagement with world narrative fictional genres storytelling modes and techniques as well as the way such fictions work to move their audiences **Encyclopedia of**
