

REPUBLICANS & LABOR 1919-1929

ROBERT H. ZIEGER

Republicans Labor 1919 1929

Chip Rhodes

Republicans Labor 1919 1929:

Republicans and Labor Robert H. Zieger, 2021-10-21 At no other time in American history had labor unrest been more evident than the period immediately after World War I Robert H Zieger here recounts the labor problems that faced the Republican administrations of Presidents Harding and Coolidge massive strikes antiracial hysteria and the hardening of class attitudes throughout the nation and describes the programs and policies of Republican leaders particularly those of Herbert Hoover to solve them Zeiger finds that while suspicion and animosity between the Republicans and the union leaders persisted the rising prosperity of the nation together with the adroit efforts of Hoover and his associates tended to lessen the influence of extremists in both groups Labor reached an accommodation of sorts with the Coolidge administration and when in 1928 Hoover defeated Al Smith the substantial labor vote he received was among the factors that lent stature to his victory

The Industrialists Jennifer Delton, 2022-08-30 The first complete history of US industry s most influential and controversial lobbyist Founded in 1895 the National Association of Manufacturers NAM helped make manufacturing the basis of the US economy and a major source of jobs in the twentieth century The Industrialists traces the history of the advocacy group from its origins to today examining its role in shaping modern capitalism while also highlighting the many tensions and contradictions within the organization that sometimes hampered its mission In this compelling book Jennifer Delton argues that NAM an organization best known for fighting unions promoting free enterprise and defending corporate interests was also surprisingly progressive She shows how it encouraged companies to adopt innovations such as safety standards workers comp and affirmative action and worked with the US government and international organizations to promote the free exchange of goods and services across national borders While NAM s modernizing and globalizing activities helped to make American industry the most profitable and productive in the world by midcentury they also eventually led to deindustrialization plant closings and the decline of manufacturing jobs Taking readers from the Progressive Era and the New Deal to the Reagan Revolution and the Trump presidency The Industrialists is the story of a powerful organization that fought US manufacturing s political battles created its economic infrastructure and expanded its global markets only to contribute to the widespread collapse of US manufacturing by the close of the twentieth century Workers' Paradox Ruth O'Brien, 1998 Reinterpreting the roots of twentieth century American labor law and politics Ruth O'Brien argues that it was not New Deal Democrats but rather Republicans of an earlier era who developed the fundamental principles underlying modern labor policy By exam *Capital, Labor, and State* David Brian Robertson, 2000 Capital Labor and State is a systematic and thorough examination of American labor policy from the Civil War to the New Deal David Brian Robertson skillfully demonstrates that although most industrializing nations began to limit employer freedom and regulate labor conditions in the 1900s the United States continued to allow total employer discretion in decisions concerning hiring firing and workplace conditions Robertson argues that the American constitution made it much more difficult for the American

Federation of Labor government and business to cooperate for mutual gain as extensively as their counterparts abroad so that even at the height of New Deal American labor market policy remained a patchwork of limited protections uneven laws and poor enforcement lacking basic national standards even for child labor

Rethinking the American Labor

Movement Elizabeth Faue, 2017-04-28 Rethinking the American Labor Movement tells the story of the various groups and incidents that make up what we think of as the labor movement While the efforts of the American labor force towards greater wealth parity have been rife with contention the struggle has embraced a broad vision of a more equitable distribution of the nation's wealth and a desire for workers to have greater control over their own lives In this succinct and authoritative volume Elizabeth Faue reconsiders the varied strains of the labor movement situating them within the context of rapidly transforming twentieth century American society to show how these efforts have formed a political and social movement that has shaped the trajectory of American life Rethinking the American Labor Movement is indispensable reading for scholars and students interested in American labor in the twentieth century and in the interplay between labor wealth and power

The Perils of Prosperity, 1914-1932 William E. Leuchtenburg, 1993-09-15 Traces the transformation of the United States from an agrarian isolationist nation into a liberal industrialized power entangled in foreign affairs in spite of itself

Encyclopedia of U.S. Political History Andrew Robertson, Michael A. Morrison, William G. Shade, Robert Johnston, Robert Zieger, Thomas Langston, Richard Valelly, 2010-04-01 Unparalleled coverage of U S political development through a unique chronological framework Encyclopedia of U S Political History explores the events policies activities institutions groups people and movements that have created and shaped political life in the United States With contributions from scholars in the fields of history and political science this seven volume set provides students researchers and scholars the opportunity to examine the political evolution of the United States from the 1500s to the present day With greater coverage than any other resource the Encyclopedia of U S Political History identifies and illuminates patterns and interrelations that will expand the reader's understanding of American political institutions culture behavior and change Focusing on both government and history the Encyclopedia brings exceptional breadth and depth to the topic with more than 100 essays for each of the critical time periods covered With each volume covering one of seven time periods that correspond to key eras in American history the essays and articles in this authoritative encyclopedia focus on the following themes of political history The three branches of government Elections and political parties Legal and constitutional histories Political movements and philosophies and key political figures Economics Military politics International relations treaties and alliances Regional histories Key Features Organized chronologically by political eras Reader's guide for easy topic searching across volumes Maps photographs and tables enhance the text Signed entries by a stellar group of contributors VOLUME 1 Colonial Beginnings through Revolution 1500 1783 Volume Editor Andrew Robertson Herbert H Lehman College The colonial period witnessed the transformation of thirteen distinct colonies into an independent federated republic This volume discusses the diversity of the colonial political

experience a diversity that modern scholars have found defies easy synthesis as well as the long term conflicts policies and events that led to revolution and the ideas underlying independence

VOLUME 2 The Early Republic 1784 1840 Volume Editor Michael A Morrison Purdue University No period in the history of the United States was more critical to the foundation and shaping of American politics than the early American republic This volume discusses the era of Confederation the shaping of the U S Constitution and the development of the party system

VOLUME 3 Expansion Division and Reconstruction 1841 1877 Volume Editor William Shade Lehigh University emeritus This volume examines three decades in the middle of the nineteenth century which witnessed the emergence of the debate over slavery in the territories which eventually led to the Civil War the military conflict itself from 1861 until 1865 and the process of Reconstruction which ended with the readmission of all of the former Confederate States to the Union and the withdrawal of the last occupying federal troops from those states in 1877

VOLUME 4 From the Gilded Age through the Age of Reform 1878 1920 Volume Editor Robert Johnston University of Illinois at Chicago With the withdrawal of federal soldiers from Southern states the previous year 1878 marked a new focus in American politics and it became recognizably modern within the next 40 years This volume focuses on race and politics economics labor and capitalism agrarian politics and populism national politics progressivism foreign affairs World War I and the end of the progressive era

VOLUME 5 Prosperity Depression and War 1921 1945 Volume Editor Robert Zieger University of Florida Between 1921 and 1945 the U S political system exhibited significant patterns of both continuity and change in a turbulent time marked by racist conflicts the Great Depression and World War II The main topics covered in this volume are declining party identification the Roosevelt Coalition evolving party organization congressional inertia in the 1920s the New Deal Congress during World War II the growth of the federal government Franklin D Roosevelt s presidency the Supreme Court s conservative traditions and a new judicial outlook

VOLUME 6 Postwar Consensus to Social Unrest 1946 1975 Volume Editor Thomas Langston Tulane University This volume examines the postwar era with the consolidation of the New Deal the onset of the Cold War and the Korean War It then moves into the 1950s and early 1960s and discusses the Vietnam war the era of John F Kennedy the Cuban Missile Crisis the Civil Rights Act Martin Luther King and the Voting Rights Act antiwar movements The War Powers Act environmental policy the Equal Rights Amendment Roe v Wade Watergate and the end of the Vietnam War

VOLUME 7 The Clash of Conservatism and Liberalism 1976 to present Volume Editor Richard Valelly Swarthmore College The troubled Carter Administration 1977 1980 proved to be the political gateway for the resurgence of a more ideologically conservative Republican party led by a popular president Ronald Reagan The last volume of the Encyclopedia covers politics and national institutions in a polarized era of nationally competitive party politics and programmatic debates about taxes social policy and the size of national government It also considers the mixed blessing of the change in superpower international competition associated with the end of the Cold War Stateless terrorism symbolized by the 9 11 attacks the continuing American tradition of civil liberties and the broad change in social diversity

wrought by immigration and the impact in this period of the rights revolutions are also covered *The Fall of the House of Labor* David Montgomery, 1987-08-28 This book studies the changing ways in which American industrial workers mobilised concerted action in their own interests between the abolition of slavery and the end of open immigration from Europe and Asia Sustained class conflict between 1916 and 1922 reshaped governmental and business policies but left labour largely unorganised and in retreat The House of Labor so arduously erected by working class activists during the preceding generation did not collapse but ossified so that when labour activism was reinvigorated after 1933 the movement split in two These developments are analysed here in ways which stress the links between migration neighbourhood life racial subjugation business reform the state and the daily experience of work itself *Enterprise and American Law, 1836-1937* Herbert Hovenkamp, 2009-06-01 In this integration of law and economic ideas Herbert Hovenkamp charts the evolution of the legal framework that regulated American business enterprise from the time of Andrew Jackson through the first New Deal He reveals the interdependent relationship between economic theory and law that existed in these decades of headlong growth and examines how this relationship shaped both the modern business corporation and substantive due process Classical economic theory the cluster of ideas about free markets became the guiding model for the structure and function of both private and public law Hovenkamp explores the relationship of classical economic ideas to law in six broad areas related to enterprise in the nineteenth and early twentieth centuries He traces the development of the early business corporation and maps the rise of regulated industry from the first charterbased utilities to the railroads He argues that free market political economy provided the intellectual background for constitutional theory and helped define the limits of state and federal regulation of business behavior The book also illustrates the unique American perspective on political economy reflected in the famous doctrine of substantive due process Finally Hovenkamp demonstrates the influence of economic theory on labor law and gives us a reexamination of the antitrust movement the most explicit intersection of law and economics before the New Deal Legal economic and intellectual historians and political scientists will welcome these trenchant insights on an influential period in American constitutional and corporate history **Structures of the Jazz Age** Chip Rhodes, 1998 Rhodes grants the truth of appearances to the clichés of the Jazz Age the lost generation of writers the era of mass consumption and the silver screen while revealing their roots in a conservative ideology which sustained Republican rule **Nonunion Employee Representation** Bruce E. Kaufman, Daphne Gottlieb Taras, 2016-07-08 Examines the history contemporary practice and policy issues of non union employee representation in the USA and Canada The text encompasses many organizational devices that are organized for the purposes of representing employees on a range of production quality and employment issues *Encyclopedia of U.S. Political History* Andrew Whitmore Robertson, 2010 Annotation st1 behavior url ieouui Unparalleled coverage of U S political development through a unique chronological framework Encyclopedia of U S Political History explores the events policies activities institutions groups people and movements that have created and

shaped political life in the United States With contributions from scholars in the fields of history and political science this seven volume set provides students researchers and scholars the opportunity to examine the political evolution of the United States from the 1500s to the present day With greater coverage than any other resource the Encyclopedia of U S Political History identifies and illuminates patterns and interrelations that will expand the reader s understanding of American political institutions culture behavior and change Focusing on both government and history the Encyclopedia brings exceptional breadth and depth to the topic with more than 100 essays for each of the critical time periods covered With each volume covering one of seven time periods that correspond to key eras in American history the essays and articles in this authoritative encyclopedia focus on the following themes of political history The three branches of government Elections and political parties Legal and constitutional histories Political movements and philosophies and key political figures Economics Military politics International relations treaties and alliances Regional histories Key Features Organized chronologically by political eras Reader s guide for easy topic searching across volumes Maps photographs and tables enhance the text Signed entries by a stellar group of contributors

VOLUME 1 Colonial Beginnings through Revolution 1500 1783 Volume Editor Andrew Robertson Herbert H Lehman College The colonial period witnessed the transformation of thirteen distinct colonies into an independent federated republic This volume discusses the diversity of the colonial political experience a diversity that modern scholars have found defies easy synthesis as well as the long term conflicts policies and events that led to revolution and the ideas underlying independence

VOLUME 2 The Early Republic 1784 1840 Volume Editor Michael A Morrison Purdue University No period in the history of the United States was more critical to the foundation and shaping of American politics than the early American republic This volume discusses the era of Confederation the shaping of the U S Constitution and the development of the party system

The Cowboy Capitalist Charles van Onselen, 2018-04-20 The Jameson Raid was a pivotal moment in the history of South Africa linking events from the Anglo Boer War to the declaration of the Union of South Africa in 1910 For more than a century the failed revolution has been interpreted through the lens of British imperialism with responsibility laid at the feet of Cecil Rhodes Yet the raid was less a serious attempt to overthrow a Boer government than a wild adventure with transnational roots in American filibustering In *The Cowboy Capitalist* renowned South African historian Charles van Onselen challenges a historiography of over 120 years locating the raid in American rather than British history and forcing us to rethink the histories of at least three nations Through a close look at the little remembered figure of John Hays Hammond a confidant of both Rhodes and Jameson he discovers the American Old West on the South African Highveld This radical reinterpretation challenges the commonly held belief that the Jameson Raid was quintessentially British and in doing so drives splinters into our understanding of events as far forward as South Africa s critical 1948 general election with which the foundations of Grand Apartheid were laid

The Life of Herbert Hoover K. Clements, 2010-06-21 This latest volume in the definitive six volume biography of Herbert Hoover tracks Hoover s life and

career from 1918 to 1928 a period defined largely by his role as United States Secretary of Commerce and leading directly to his election as the thirty first President of the United States Focus On: 100 Most Popular 20Th-century American Politicians Wikipedia contributors, *The Best Transportation System in the World* Mark H. Rose,Bruce Edsall Seely,Paul F. Barrett,2006 From 1920 to the mid 1990s American transportation in the form of railroads trucks and airlines was simply a creature of politics and public policy In brief the markets for rail truck and airlines were not natural entities but had been created through hard fought political contests full time lobbying and unceasing litigation Between 1940 and the late 1970s moreover leaders of rail truck and airline firms lobbied and litigated to protect the workings of this regulatory regime In the mid 1950s President Eisenhower asked Congress to award railroad executives authority to modify prices and service Eisenhower was concerned about a railroad industry in decline During the 1960s President Johnson sought broad deregulation of rail trucks and airline firms Johnson wanted another device to fine tune the economy In the 1970s Presidents Nixon Ford and Carter sought to deregulate transportation with a view toward reversing stagflation Between 1978 and 1980 Congress and President Carter approved deregulation of airlines trucking and railroads Carter aide Mary Schuman played a crucial role in bringing about airline deregulation For all the market talk that surrounded transportation politics before and after 1980 however officials of the American state had been and remained the principal agents creating those markets BOOK JACKET From Paesani to White Ethnics Stefano Luconi,2001-02-01 Examines the transformations of Italian American ethnic identity in twentieth century Philadelphia Social History of the United States Brian Greenberg,Linda S. Watts,Richard A. Greenwald,Gordon Reavley,Alice L. George,Scott Beekman,Cecelia Bucki,Mark Ciabattari,John C. Stoner,Troy D. Paino,Laurie Mercier,Andrew Hunt,Peter C. Holloran,Nancy Cohen,2008-10-23 This ten volume encyclopedia explores the social history of 20th century America in rich authoritative detail decade by decade through the eyes of its everyday citizens Social History of the United States is a cornerstone reference that tells the story of 20th century America examining the interplay of policies events and everyday life in each decade of the 1900s with unmatched authority clarity and insight Spanning ten volumes and featuring the work of some of the foremost social historians working today Social History of the United States bridges the gap between 20th century history as it played out on the grand stage and history as it affected and was affected by citizens at the grassroots level Covering each decade in a separate volume this exhaustive work draws on the most compelling scholarship to identify important themes and institutions explore daily life and working conditions across the economic spectrum and examine all aspects of the American experience from a citizen s eye view Casting the spotlight on those whom history often leaves in the dark Social History of the United States is an essential addition to any library collection **Racial Encounters in the Multi-cultural West** Gordon Morris Bakken,Brenda Farrington,2000 This anthology examines Love s Labours Lost from a variety of perspectives and through a wide range of materials Selections discuss the play in terms of historical context dating and sources character analysis comic elements and

verbal conceits evidence of authorship performance analysis and feminist interpretations Alongside theater reviews production photographs and critical commentary the volume also includes essays written by practicing theater artists who have worked on the play An index by name literary work and concept rounds out this valuable resource America's Great War Robert H. Zieger, 2001-11-13 Recent bestsellers by Niall Ferguson and John Keegan have created tremendous popular interest in World War I In America's Great War prominent historian Robert H Zieger examines the causes prosecution and legacy of this bloody conflict from a frequently overlooked perspective that of American involvement This is the first book to illuminate both America's dramatic influence on the war and the war's considerable impact upon our nation Zieger's engaging narrative provides vivid descriptions of the famous battles and diplomatic maneuvering while also chronicling America's rise to prominence within the postwar world On the domestic front Zieger details how the war forever altered American politics and society by creating the National Security State generating powerful new instruments of social control bringing about innovative labor and social welfare programs and redefining civil liberties and race relations America's Great War promises to become the definitive history of America and World War I

Whispering the Techniques of Language: An Mental Journey through **Republicans Labor 1919 1929**

In a digitally-driven earth where monitors reign supreme and instant connection drowns out the subtleties of language, the profound techniques and emotional subtleties hidden within words frequently get unheard. Yet, situated within the pages of **Republicans Labor 1919 1929** a fascinating fictional prize sporting with natural emotions, lies an exceptional quest waiting to be undertaken. Written by a talented wordsmith, that marvelous opus invites readers on an introspective trip, gently unraveling the veiled truths and profound affect resonating within the cloth of each word. Within the mental depths of the emotional evaluation, we shall embark upon a sincere exploration of the book is core styles, dissect their captivating writing type, and yield to the strong resonance it evokes strong within the recesses of readers hearts.
