Lepszy, Peter Mnich**

## **Republikaner Party In Germany:**

**The Republikaner Party in Germany** Hans-Joachim Veen, Norbert Lepszy, Peter Mnich, 1993-03-30 This volume presents a broad survey of the Republikaner Party its program and ideology its organization and the composition of its voters and sympathizers The authors maintain that any analysis of the Republikaners must distinguish between the party as represented by its platform and party officials and the party as seen by its voters Republikaners draw potential voters from two very differently motivated groups 1 a small ideologically oriented segment dominated by right wing conservative and right fringe extremist attitudes and 2 a larger fluctuating pool of sympathizers less committed to the REP and primarily concerned with economic and social issues Until recently the Republikaners were mainly able to exploit narrowly focused pent up resentments The foreigner problem is at the center of Republikaners propaganda and serves as a catalyst that adroitly combines numerous related social problems such as housing shortage unemployment and the widespread fear of being shunted aside by interlopers Although the Republikaners still lack the social foundation and ideological consensus necessary to build a stable core constituency the organization serves as a vehicle for diverse protest The authors warn that the Republikaners potentially comprise a base for organizing a party on the far right of the German political spectrum

**The Radical Right in Germany** Lee McGowan, 2014-09-25 The Radical Right has represented a major element in German politics and society throughout the history of the united country i e since the 1870s though the understandable concentration on the Third Reich 1933-45 has tended to distort the wider picture This book explores the history of the radical right through the full span of Germany's life as a nation thus putting the Third Reich in its natural context and also emphasising that the attitudes and policies of the radical right did not begin with Hitler's pursuit of power in the 1920s or end with his death in the ruins of Berlin

**Right-Wing Extremism in Contemporary Germany** G. Braunthal, 2009-11-04 This study of the German right extremist movement looks at the three rightist political parties neo-Nazi groups skinhead gangs and New Right intellectuals It poses the question whether at a time of global recession the existing democratic system is resilient enough to meet the challenges posed by the xenophobic and racist groups

**Transformation of the German Political Party System** Christopher S. Allen, Larry Eugene Jones, 2001 Using German political parties as a prism with which to view institutional change this collection transcends a single country focus and places the German experience in a comparative and historical framework Evaluation the performance of the German parties and party system in dealing with problems of integration and legitimation common to all industrialized democracies it presents a sharp analysis of the effects and incompleteness of German unification

**Federal Republic of Germany**, 2005 [The Federal Republic of Germany at Fifty](#) Peter H. Merkl, 2016-07-27 Fifty years after the formation of the Federal Republic and a decade after German unification we stand on the cusp of a new century and a new millennium of German history At the same time EMU marks a giant stride towards European integration and the end of the Deutschmark In this book leading international scholars reflect

on the dramatic transformations of Germany's past and on Germany's future prospects Post war democratic and economic renewal is set in the context of continuing debates about German identity There are assessments of all major leaders parties and ideologies of the still unfinished agenda of integrating East and West of how the next generation of German leaders will interact with ageing governmental structures of the Bundesbank and the successes and failures of economic policy the trade unions and the media and of Germany's emerging new role in Europe and the world **The Federal Republic of Germany**

**since 1949** Klaus Larres, Panikos Panayi, 2014-08-27 Today the problems of reunification seem to feature more often in the international spotlight than the benefits This timely volume offers a reassessment of Germany's postwar development from its inception through to reunification including a thorough examination of the implications for economic political and social policies The impressive team of contributors include leading names in the history of modern Germany together with some of the ablest younger scholars in the field They are Hartmut Berghoff David Childs Immanuel Geiss Graham Hallett Klaus Larres Terry McNeill Torsten Opelland Richard Overby Stephen Padgett Panikos Panayi and Mathias Siekmeier

*Immigration Policy in the Federal Republic of Germany* Douglas B. Klusmeyer, Demetrios G. Papademetriou, 2009-11-01 German migration policy now stands at a major crossroad caught between a fifty year history of missed opportunities and serious new challenges Focusing on these new challenges that German policy makers face the authors both internationally recognized in this field use historical argument theoretical analysis and empirical evaluation to advance a more nuanced understanding of recent initiatives and the implications of these initiatives Their approach combines both synthesis and original research in a presentation that is not only accessible to the general educated reader but also addresses the concerns of academic scholars and policy analysts This important volume offers a comprehensive and critical examination of the history of German migration law and policy from the Federal Republic's inception in 1949 to the present Democracy: The

Challenges Ahead Aharon Klieman, Yossi Shain, 2016-07-27 The bottom line message of this book is democracy resurgent but not triumphant There are any number of conceivable anti democratic threats and no prospect of ever achieving either a satisfactory or a permanent level of democracy in all countries and societies Any lowering of the guard by democracy's defenders in academia or real world politics risks the danger of democracy once again falling upon hard times or even regressing

*The politics today companion to West European Politics* Geoffrey Roberts, Patricia Hogwood, 2018-07-30 This electronic version has been made available under a Creative Commons BY NC ND open access license There is an urgent need for a book of this nature which provides students with all the essential information required and a full definition of terms A perfect companion to European politics today written by the same authors this book presents past events prominent personalities important dates organisations and electoral information in an accessible easy to read format The book is split into five sections for ease of use a dictionary of significant political events a chronology of major events in Europe since 1945 a biographical dictionary a dictionary of political organisations and electoral data In addition to being a comprehensive

reference tool this book is intended to provide a sound historical background to the development of Western European politics

**International Immigration Policy** Eytan Meyers, 2004-04-02 Numerous studies explore immigration policies of individual receiving countries But these studies share several weaknesses First and foremost they are empirically orientated and lack a general theory Second most examine the policy of single country during a limited period or in a few cases are contributed volumes analyzing each country separately In general immigration policy literature tends to be a theoretic to focus on specific periods and particular countries and constitutes an array of discrete bits This book is a response to this trend offering a theoretical approach to immigration policy It explains how governments decide on the number of immigrants they will accept whether to differentiate between various ethnic groups whether to accept refugees and on what basis and whether to favour permanent immigration over migrant workers The book also answers such questions as How much influence do extreme right parties have on the determination of immigration policy Why do anti immigration parties and initiatives enjoy greater success in local state elections and in the elections for the European Parliament than in national elections And under what circumstances does immigration policy become an electoral issue Meyers draws on a wide array of sources on migration policy making and using them derives proposed models in a way that few others have done before him In addition the book interrelates global and domestic factors that jointly influence government policy making on international migration in a way that helps to clarify both spheres Lastly the work combines historical data with contemporary processes in a way that draws lessons from the past while recognizing that changing circumstances usually revise governmental responses

**The German-American Encounter** Frank Trommler, Elliott Shore, 2001-01-01 While Germans the largest immigration group in the United States contributed to the shaping of American society and left their mark on many areas from religion and education to food farming political and intellectual life Americans have been instrumental in shaping German democracy after World War II Both sides can claim to be part of each other s history and yet the question arises whether this claim indicates more than a historical interlude in the forming of the Atlantic civilization In this volume some of the leading historians social scientists and literary scholars from both sides of the Atlantic have come together to investigate for the first time in a broad interdisciplinary collaboration the nexus of these interactions in view of current and future challenges to German American relations

**Parties and Elections in Germany** Wolfram Nordsieck, 2022-04-22 Parties and Elections in Germany is a comprehensive reference guide to the federal and state elections and federal and state governments in Germany since 1918 the elections to the European Parliament and to all significant present and past political parties Listed are more than 290 parties The guide includes basic data of these parties founding years political orientations affiliations to European political parties European Parliament groups and political internationals and a chronological summary of their history predecessors name changes mergers and splits

**Between Bonn and Berlin** Mary N. Hampton, Christian S e, 1999 Examining Germany s image of political drift the authors focus on current debates regarding

the country's welfare state European monetary policy security policy warnings about a supposed German hegemony symbolic or geopolitical implications of the return to Berlin and new complexities in party politics and public opinion While there is far more similarity between the Berlin Republic and its West German predecessor than there ever could have been between DWeimarD and D Bonn D the authors also show that united Germany is in many ways more than an enlarged version of its successful forerunner

**Policy Responses to the Radical Right in France and Germany** Bénédicte

Laumond,2020-03-13 Based on research fieldwork conducted in France and Germany this study seeks to explain how public actors have taken part in the regulation of the expression of right wing radicalism The author compares these two neighbouring countries which have framed the struggle against right wing radicalism differently German political and state actors have constructed a public policy responding to political radicalism whilst in France the radical right is primarily handled in the political arena The text evaluates how these two Western European democracies address the paradox of tolerance i e the fact that liberal democracies may restrain rights they value such as freedom of speech in order to repress intolerant forces that threaten democracy This book is core reading for scholars and students interested in the spread of far right politics in contemporary democracies

Power Shift in Germany David Conradt,Gerald R. Kleinfeld,Christian

Søe,2000-09-01 Germany's landmark 1998 election saw for the first time in the Republic's fifty year history an incumbent Chancellor and his entire government replaced In this collection fourteen distinguished scholars from both sides of the Atlantic have come together to give the first detailed scholarly account of this historic event From a variety of perspectives the essays based on in depth interviews explore the election candidates parties and issues and places them within the context of the Federal Republic's history the end of the Bonn Republic and the beginning of the Berlin Republic Special chapters focus on the growing importance of women in electoral politics voting behavior and the influence of the media and the significance of the election for the European Union Based on in depth interviews with political leaders and extensive field research this book is ideally suited for specialists in German and European politics and the interested reader who wants far more depth of coverage than the main stream media can provide

**Alternative für Deutschland: The AfD** Thomas

Klikauer,2020-02-21 Right wing populism has been on the rise in Europe and elsewhere Germany's foremost populist party is called Alternative for Germany AfD Founded in 2013 and entering Germany's federal parliament in 2017 the AfD increasingly moved towards right wing extremism Today the party is Germany's most successful nationalistic party Following the populist playbook the AfD started off with a simple neoliberal and anti Europe message but soon moved towards the extreme right By 2017 the AfD's ultra nationalistic wing had successfully outmanoeuvred the party's moderate and neoliberal leader Frauke Petry Written from the standpoint of openness pluralism liberalism and democracy this book examines the AfD's rise to fame its successes and the party's ideological links dating back to German Nazism of the 1930s The author illuminates the party's ideological and institutional links to present day Neo Nazis its close associations to the right wing street movement Pegida

the recruitment of right wing extremists and former Neo Nazis into its parliamentary ranks its xenophobic anti Muslim racist and anti Semitic ideologies and its relationship to the neo fascist Identity Movement A historical overview positions the AfD within Germanys political landscape The work engages with the make up of AfD voters and electoral successes the partys relationship to anti Semitism and its dreams of re establishing a mythical Aryan Volksgemeinschaft Close attention is paid to the AfDs demagogic and nationalistic leader Bjoern Hoecke as well as the partys admiration for the radical right of neighbouring Austria A final chapter examines the fascist character of the AfD as measured against Umberto Ecos fourteen elements of Ur Fascism Three questions are posed Will the AfD lead to the end of German democracy Is Germany moving towards another Third Reich Is there another Hitler in the making

**The Impact of European Integration on Political Parties** Dimitri Almeida, 2012 Introduction political parties and the politicization of Europe Approaches to the study of party responses to European integration An acquired taste for Europe social democratic parties and European Integration Between reluctant Europeanism and hard Euroscepticism radical left parties and European integration Separate ways liberal parties and European integration Diluted Europeanism Christian democratic parties and European integration Europeanized Eurosceptics radical right parties and European integration Conclusion

**Antisemitism and Xenophobia in Germany After Unification** Hermann Kurthen, Werner Bergmann, Rainer Erb, 1997 Since unification Germany has undergone profound changes including the reawakening of xenophobic hate crime anti Semitic incidents and racist violence This book presents the findings on German public opinion private attitudes official policies and right wing political developments

*Parties and Elections in Europe* Wolfram Nordsieck, 2025-02-26 Parties and Elections in Europe is a comprehensive reference guide to the parliamentary elections and governments in the European countries since 1945 the elections to the European Parliament since 1979 and to all significant political parties in Europe Listed are more than 1250 parties currently active parties and dissolved or inactive parties The guide includes basic data of these parties founding years political orientations affiliations to political parties at European level political groups in the European Parliament and political internationals and a chronological summary of their history name changes predecessors mergers and splits
