Rereading The Harlem Renaissance:

REREADING THE HARLEM RENAISSANCE SHARON L. JONES, 2002-12-30 Discusses the fiction of Fauset Hurston and West in terms of aesthetic influence and a shared drive to challenge oppression **Rereading the Harlem Renaissance** Sharon L. Jones, 2002-12-30 African American writers of the Harlem Renaissance generally fall into three aesthetic categories the folk which emphasizes oral traditions African American English rural settings and characters from lower socioeconomic levels the bourgeois which privileges characters from middle class backgrounds and the proletarian which favors overt critiques of oppression by contending that art should be an instrument of propaganda Depending on critical assumptions regarding what constitutes authentic African American literature some writers have been valorized others dismissed This rereading of the Harlem Renaissance gives special attention to Fauset Hurston and West Jones argues that all three aesthetics influence each of their works that they have been historically mislabeled and that they share a drive to challenge racial class and gender oppression The introduction provides a detailed historical overview of the Harlem Renaissance and the prevailing aesthetics of the period Individual chapters analyze the works of Hurston West and Fauset to demonstrate how the folk bourgeois and proletarian aesthetics figure into their writings The volume concludes by discussing the writers in relation to contemporary African American women authors **Rereading the Harlem Renaissance** Sharon Lynette Jones, 2001 **Rereading the Harlem Renaissance** Sharon Lynette Jones, *The Cambridge Companion to Modernist Poetry* Alex Davis, Lee M. Decolonizing Revelation Rufus Burnett Jr.,2018-03-16 At a time when ideas like post racial society and BlackLivesMatter occupy the same space scholars of black American faith are provided a unique opportunity to regenerate and imagine theological frameworks that confront the epistemic effects of racialization and its confluence with the theological imagination Decolonizing Revelation contributes to this task by rethinking or taking a second look at the cultural production of the blues Unlike other examinations of the blues that privilege the hermeneutic of race this work situates the blues spatially offering a transracial interpretation that looks to establish an option for disentangling racial ideology from the theological imagination This book dislocates race in particular and modernity in general as the primary means by which God s self disclosure is read across human history Rather than looking to the experience of antiblack racism as revelational the work looks to a people group blues people and their spatial sonic and sensual activities Following the basic theological premise that God is a God of life Burnett looks to the spaces where blues life occurs to construct a decolonial option for a theology of revelation

African American Literature in Transition, 1930-1940: Volume 10 Eve Dunbar,Ayesha K. Hardison,2022-04-07 The volume explores 1930s African American writing to examine Black life culture and politics to document the ways Black artists and everyday people managed

Essays engage iconic figures such as Sterling Brown, Langston Hughes, Zora Neale Hurston, Dorothy West, and Richard Wright, as well as understudied writers such as Arna Bontemps and Marita Bonner. By featuring novels, poetry, short fiction, and drama alongside guidebooks, photographs, and print culture, *African American Literature in Transition, 1930-1940* provides evidence of the literary culture created by Black writers and readers during a period of economic precarity, expanded activism for social justice, and urgent internationalism.

Wynn, 2013-12-16. The period from 1913 to 1933 is not often seen as a coherent entity in the history of the United States. It is more often viewed in terms of two distinct periods: with the pre-war era of political engagement, idealism, and reform known as progressivism, separated by World War I from the materialism, conservatism, and disengagement of the prosperous 1920s. To many postwar observers and later historians, the entry of the United States into the European conflict in 1917 marked not just a dramatic departure in foreign relations but also the end of an era of reform. This second edition of *Historical Dictionary from the Great War to the Great Depression* covers the history of this period through a chronology, an introductory essay, appendixes, and an extensive bibliography. The dictionary section has more than 700 cross-referenced entries on important personalities, politics, economy, foreign relations, religion, and culture. This book is an excellent access point for students, researchers, and anyone wanting to know more about a vital period in U.S. history. **The Cambridge Companion to**

The Geographies of African American Short Fiction Kenton Rambsy, 2022-03-25 Perhaps the brevity of short fiction accounts for the relatively scant attention devoted to it by scholars who have historically concentrated on longer prose narratives The Geographies of African American Short Fiction seeks to fill this gap by analyzing the ways African American short story writers plotted a diverse range of characters across multiple locations small towns a famous metropolis city sidewalks a rural wooded area apartment buildings a pond a general store a prison and more In the process these writers highlighted the extents to which places and spaces shaped or situated racial representations Presenting African American short story writers as cultural cartographers author Kenton Rambsy documents the variety of geographical references within their short stories to show how these authors make cultural spaces integral to their artwork and inscribe their stories with layered and resonant social histories The history of these short stories also documents the circulation of compositions across dozens of literary collections for nearly a century Anthology editors solidified the significance of a core group of short story authors including James Baldwin Toni Cade Bambara Charles Chesnutt Ralph Ellison Zora Neale Hurston and Richard Wright Using quantitative information and an extensive literary dataset The Geographies of African American Short Fiction explores how editorial practices shaped the canon of African American short fiction
