## **Rereading Doris Lessing Narrative Patterns Of Doubling And Repetition:**

**Rereading Doris Lessing** Claire Sprague, 2014-07-02 According to Sprague doubling in Lessing's novels is a perfect correlative for the complexity and contradiction Lessing perceives as central to the private and collective human experience. Her doubles and multiples not only indicate the fracturing or the formation of identity but they also are among the several strategies used to project complex private and societal concerns. This study of Lessing's dialectical imagination extends and revises earlier feminist approaches. Originally published in 1987. A UNC Press Enduring Edition. Rereading Modernism Lisa Rado, 2012-08-21 Until about 1986 feminists generally considered modernism a reactionary misogynist and hegemonic mire not worth investigating. Since then enough studies of modernism have appeared that 17 feminist critics can now review and debate their treatment of the period. They evaluate the progress and goals of the new era of modernist scholarship. As the authors in this volume suggest instead of condemning writers for not practicing or portraying an acceptable politics of gender we ought instead to show how their assumptions about the nature of the sexes inform their texts both in their creation and in their reception. This also allows examination of the complex and changing relationship between human subjectivity and aesthetics. This volume is a highly reflective dialogue introspective and evaluative at a moment of crisis within modernist studies and feminist studies. The analysis of critical work on early twentieth century literature not only helps reread and redefine a definition of modernism it also intends to redirect and reintegrate feminist theory. **Doris**

**Lessing** Susan Watkins, 2013-07-19 This study examines the writing career of the respected and prolific novelist Doris Lessing who was awarded the Nobel Prize for Literature in 2007 and has recently published what she has announced will be her final novel. Whereas earlier assessments have focused on Lessing's relationship with feminism and the impact of her 1962 novel *The Golden Notebook* this book argues that Lessing's writing was formed by her experiences of the colonial encounter. It makes use of postcolonial theory and criticism to examine Lessing's continued interest in ideas of nation, empire, gender and race and the connections between them. The book examines the entire range of her writing including her most recent fiction and non-fiction which have been comparatively neglected. The book is aimed at undergraduate and postgraduate students of Doris Lessing's work as well as the general reader who enjoys her writing. This is the first significant book-length critical evaluation in ten years. *Doris Lessing* Gayle Greene, 1994. An original and compelling appraisal of this important

Fahim,1994-07-12 The purpose of this study is to examine the rationale of Doris Lessing s development from Classical Realism to mysticism and forms of science fiction and to consider the unifying motifs that appear throughout her novels in her consistent search for Sufi Equilibrium The four novels selected in this study represent significant stages in Lessing s work Chapter one focuses on *The Grass is Singing* which represents the author s early traditionally realistic writing to show how far the preoccupations of Lessing s later novels find expression in this early work Chapter two studies *The Golden Notebook* which marks a turning point in formal structure in Lessing s canon and is selected as evidence of her interest in Sufism at that early stage Chapter three concentrates on the study of *The Memoirs of a Survivor* which has elicited a comparatively limited amount of criticism but which proves to be a major achievement when brought into line with Sufi methods of writing Chapter four considers Lessing s science fiction series *Canopus in Argos* tracing sources from Oriental literature a key which unlocks many areas of obscurity      **Doris Lessing's The Golden Notebook After Fifty** A. Ridout,R. Rubenstein,S. Singer,2015-05-20 Published in 1962 Doris Lessing s *The Golden Notebook* merits fresh theoretical geopolitical autobiographical and aesthetic approaches Prompted by the novel s golden anniversary the twelve essays collected in this volume provide fresh analyses along with appreciative memoirs for 21st century readers of this well known masterpiece      **Doris Lessing** Margaret Moan Rowe,1994-10-03 Through close readings of Doris Lessing s novels from *The Grass is Singing* to *The Fifth Child* Margaret Moan Rowe maps many of the literary and cultural negotiations that make Doris Lessing both a maverick and a mainstream novelist Examining the pull of paternal and maternal biographical and literary identification in Lessing Rowe relates them to the tensions between the ordinary and the visionary in her fiction

**The Novel and the Problem of New Life** Aaron Matz, 2021-07-15 The novel since the nineteenth century has displayed a thorny ambivalence toward the question of having children In its representation of human vitality it can seem to promote the giving of life but again and again it betrays a nagging doubt about the moral implications of procreation *The Novel and the Problem of New Life* identifies this tension as a defining quality of the modern British and European novel Beginning with the procreative skeptical writings of Flaubert Butler and Hardy then turning to the high modernist work of Lawrence Woolf and Huxley and culminating in the postwar fiction of Lessing and others this book chronicles the history of the novel as it came to accommodate greater misgivings about the morality of reproduction This is the first study to examine in literature a problem that has long troubled philosophers environmental thinkers and so many people in everyday life *Handbook of the English Novel of the Twentieth and Twenty-First Centuries* Christoph Reinfandt, 2017-06-12 The Handbook systematically charts the trajectory of the English novel from its emergence as the foremost literary genre in the early twentieth century to its early twenty first century status of eccentric eminence in new media environments Systematic chapters address The English Novel as a Distinctly Modern Genre The Novel in the Economy Genres Gender performativity masculinities feminism queer and The Burden of
