**Self-determined Learning Theory** Deirdre K. Mithaug, Martin Agran, James E. Martin, Michael L. Wehmeyer, 2002-12-18 This volume brings together four semi autonomous bodies of research choice self determination self regulation and self management to form a new theory of self engaged learning entitled **Self Determined Learning Theory** This theory explains why and how students self engage It identifies the factors that give students the sense of control over their learning that is needed for sustained adaptive and ultimately successful learning It begins by describing the characteristics of disengaged learners then describes and illustrates self determined learning theory within both normal and special populations It then examines the theory s predictive value across several special population contexts and then concludes with a critique of the theory s credibility and worth Divided into three sections theory construction theory verification and theory evaluation this volume is organized using the four steps of a previous book **Learning to Theorize A Four Step Strategy** Step 1 defines a problem of not understanding something as discrepancy between what is known and not known about a circumstance Step 2 searches for information and explanations to change the condition of not knowing into a condition of knowing Step 3 evaluates the credibility and worth of the explanation constructed in Step 2 Step 4 adjusts existing beliefs so they are consistent with the new theory Although aimed primarily at leaders in special education it should also appeal to researchers and scholars in psychology educational psychology and school psychology who are interested in the applications of self regulated learning theory in this case to special populations

**International Handbook of Mathematical Learning Difficulties** Annemarie Fritz, Vitor Geraldi Haase, Pekka Räsänen, 2019-01-30 This comprehensive volume provides teachers researchers and education professionals with cutting edge knowledge developed in the last decades by the educational behavioural and neurosciences integrating cognitive developmental and socioeconomic approaches to deal with the problems children face in learning mathematics The neurocognitive mechanisms and the cognitive processes underlying acquisition of arithmetic abilities and their significance for education have been the subject of intense research in the last

few decades but the most part of this research has been conducted in non applied settings and there s still a deep discrepancy between the level of scientific knowledge and its implementation into actual educational settings Now it s time to bring the results from the laboratory to the classroom Apart from bringing the theoretical discussions to educational settings the volume presents a wide range of methods for early detection of children with risks in mathematics learning and strategies to develop effective interventions based on innovative cognitive test instruments It also provides insights to translate research knowledge into public policies in order to address socioeconomic issues And it does so from an international perspective dedicating a whole section to the cultural diversity of mathematics learning difficulties in different parts of the world All of this makes the International Handbook of Mathematical Learning Difficulties an essential tool for those involved in the daily struggle to prepare the future generations to succeed in the global knowledge society

Identification of Learning Disabilities Renee Bradley,Louis Danielson,Daniel P. Hallahan,2002-12-18 Identification of Learning Disabilities Research to Practice is the remarkable product of a learning disabilities summit conference convened by the Office of Special Education Programs OSEP in August 2001 and the activities following that summit Both the conference and this book were seen as important preludes to congressional reauthorization of the historic Individuals With Disabilities Education Act IDEA scheduled for 2002 and subsequent decision making surrounding implementation The OSEP conference brought together people with different perspectives on LD parents researchers practitioners and policymakers and resulted in this book which examines the research on nine key issues concerning the identification of children with learning disabilities Coverage includes alternative responses to treatment classification approaches processing deficit models and approaches to decision making Chapter Structure Each of the first nine chapters is organized around a lengthy issue oriented paper which presents the most current research on that topic These primary papers are then followed by four respondent papers that reflect a variety of viewpoints on the topic Summarizing Chapter A small group of researchers listed in the final chapter dedicated an enormous amount of time to summarizing the research and developing key consensus statements regarding the identification of children with learning disabilities Their work is sure to have a tremendous impact on future discussions in this area Expertise The following well known scholars have helped summarize the vast amount of research presented in this book as well as the consensus statements derived therefrom Lynne Cook Don Deshler Doug Fuchs Jack M Fletcher Frank Gresham Dan Hallahan Joseph Jenkins Kenneth Kavale Barbara Keogh Margo Mastopieri Cecil Mercer Dan Reschley Rune Simeonsson Joe Torgesen Sharon Vaughn and Barbara Wise *Education* Cheryl Hanley-Maxwell,Lana Collet-Klingenberg,2011-08-04 This volume in The SAGE Reference Series on Disability explores education issues for people with disabilities and is one of eight volumes in the cross disciplinary and issues based series which examines topics central to the lives of individuals with disabilities and their families With a balance of history theory research and application specialists set out the findings and implications of research and practice for others whose current or future work involves the care and

or study of those with disabilities as well as for the disabled themselves The concise engaging presentational style emphasizes accessibility Taken individually each volume sets out the fundamentals of the topic it addresses accompanied by compiled data and statistics recommended further readings a guide to organizations and associations and other annotated resources thus providing the ideal introductory platform and gateway for further study Taken together the series represents both a survey of major disability issues and a guide to new directions and trends and contemporary resources in the field as a whole

Crockett,Mike Gerber,Timothy J. Landrum,2017-09-25 As a tribute to scholar and mentor James M Kauffman and his prodigious influence on the education of children and youth with disabilities

Achieving the Radical Reform of Special Education highlights and examines issues central to the continued growth and maturation of the field of special education. This impressive collection features the issues Kauffman has raised pointedly and repeatedly in his writing over the past three decades. With contributions by prominent scholars, essays throughout the book provide a valuable synopsis of the status of special education and its progress toward the achievement of radical reform at the outset of the 21st century. The volume is divided into four sections corresponding to the following themes: 1. recognizing and responding to individual differences among special education students; 2. repairing and elaborating the historical philosophical and legal foundations of special education practice; 3. strengthening the field's empirical base; and 4. confronting problems of advocacy and reform in special education. Chapters within each section discuss the status of the field, its progress, pitfalls, and promising subsequent steps. *Achieving the Radical Reform of Special Education* is intended for scholars, policy makers, and graduate students in special education and associated disciplines who seek to improve schools and to improve the education of students whose behavior and exceptional learning needs prevent their academic and social development.
