Research In Political Sociology

Leslie A. Caughell

Research In Political Sociology A Research Annual 1991 Research In Political Sociology:

History of Multicultural Education: Teachers and teacher education Carl A. Grant, Thandeka K. Chapman, 2008

This benchmark 6 volume set documents analyzes and critiques a comprehensive body of research on the history of multicultural education in the U S The volumes reflect the tenets of multicultural education its history its present and individuals whose work has contributed significantly to equity and social justice for all citizens By collecting and providing a framework for key publications spanning the last 30 40 years this set provides a means of understanding and visualizing the development implementation and interpretation of multicultural education in American society The volumes do not promote any one scholar s or group s vision of multicultural education but include conflicting ideals that inform multiple interpretations Each volume contains archival documents organized around a specific theme Conceptual Frameworks and Curricular Content Foundations and Stratifications Instruction and Assessment Policy and Governance Students and Student Achievement Teachers and Teacher Education The historical time line within each volume illustrates the progression of research and theory on its theme and encourages readers to reflect on the changes in language and thinking concerning educational scholarship in that area *The SAGE Handbook of Social Network Analysis* John Scott, Peter J.

Carrington, 2011-05-25 This sparkling Handbook offers an unrivalled resource for those engaged in the cutting edge field of social network analysis Systematically it introduces readers to the key concepts substantive topics central methods and prime debates Among the specific areas covered are Network theory Interdisciplinary applications Online networks Corporate networks Lobbying networks Deviant networks Measuring devices Key Methodologies Software applications The result is a peerless resource for teachers and students which offers a critical survey of the origins basic issues and major debates The Handbook provides a one stop guide that will be used by readers for decades to come Research Methods for Political Science David E. McNabb, This comprehensive text is designed to help political science students learn what to research why to research and how to research It integrates both the quantitative and qualitative approaches to research including the most detailed coverage of qualitative methods currently available The book provides specific instructions in the use of available statistical software programs such as Excel and SPSS It covers such important topics as research design specifying research problems designing questionnaires and writing questions designing and carrying out qualitative research and analyzing both quantitative and qualitative research data Copiously illustrated and thoroughly classroom tested the book presents statistical methods in a conversational tone to help students surmount math phobia *Handbook of Politics* Kevin T. Leicht, J. Craig Jenkins, 2009-11-28 Political sociology is the interdisciplinary study of power and the intersection of personality society and politics The field also examines how the political process is affected by major social trends as well as exploring how social policies are altered by various social forces Political sociologists increasingly use a wide variety of relatively new quantitative and qualitative methodologies and incorporate theories and research from other social science

cognate disciplines The contributors focus on the current controversies and disagreements surrounding the use of different methodologies for the study of politics and society and discussions of specific applications found in the widely scattered literature where substantive research in the field is published This approach will solidly place the handbook in a market niche that is not occupied by the current volumes while also covering many of the same theoretical and historical developments that the other volumes cover The purpose of this handbook is to summarize state of the art theory research and methods used in the study of politics and society This area of research encompasses a wide variety of perspectives and methods that span social science disciplines The handbook is designed to reflect that diversity in content method and focus In addition it will cover developments in the developed and underdeveloped worlds

Confronting Poverty Sheldon Danziger, Gary D. Sandefur, Daniel H. Weinberg, 1994 Confronting Poverty proposes thoughtful reforms in employment and training child support health care education welfare immigration and urban policies all crafted from the successes as well as the failures of policies over the past three decades

The Politics of Social Protest J. Craig Jenkins, Polite Politics Denny Ho Kwok-leung, 2020-08-26 This title was first published in 2000 This book contributes to social movement theory and to an understanding of Hong Kong politics through analysis of an urban housing protest movement The theoretical approach adopted is a multi level one and seeks to show the influence of the political context the resources available to the groups concerned the actors interpretations of their situation and their strategy preferences This approach fills a gap in social movement theory because most theoretical frameworks focus on a single level of analysis The book also aims to help researchers in the field to re examine the current development of social movement theories and to learn the specific trajectory of urban social movements in Hong Kong

A New Handbook of Political Science Robert E. Goodin, Hans-Dieter Klingemann, 1998 Aimed at political scientists A New Handbook of Political Science provides the definitive survey of new developments over the last 20 years assessed in the context of historical trends in the field

Handbook of Comparative Political Economy Marino Regini, 2025-08-11 This comprehensive Handbook presents an overview of the evolution and current state of Comparative Political Economy CPE Taking an interdisciplinary approach it explores the leading theories main actors key institutions policy areas geographical boundaries and emerging themes in the field

Modern Political Science Robert Adcock, Mark Bevir, Shannon C. Stimson, 2009-01-10 Since emerging in the late nineteenth century political science has undergone a radical shift from constructing grand narratives of national political development to producing empirical studies of individual political phenomena What caused this change Modern Political Science the first authoritative history of Anglophone political science argues that the field's transformation shouldn't be mistaken for a case of simple progress and increasing scientific precision On the contrary the book shows that political science is deeply historically contingent driven both by its own inherited ideas and by the wider history in which it has developed Focusing on the United States and the United Kingdom and the exchanges between them Modern Political Science contains contributions from

leading political scientists political theorists and intellectual historians from both sides of the Atlantic Together they provide a compelling account of the development of political science its relation to other disciplines the problems it currently faces and possible solutions to these problems Building on a growing interest in the history of political science Modern Political Science is necessary reading for anyone who wants to understand how political science got to be what it is today or what it might look like tomorrow The Study Of Educational Politics Jay D. Scribner,Donald H. Layton,2003-08-29 This text is intended to be of use as a guide for students scholars and researchers of the politics of education and of educational policy studies The comprehensive work surveys major trends between 1969 and 1994 with chapters synthesising political and policy developments at local national and state levels in the US as well as in the international arena The text contains in depth examinations of the emerging micropolitics of the field of education as well as policy analysis and cultural and feminist studies and bibliographies are provided at the end of each chapter Designed as both a text and a reference volume this special yearbook was planned in conjunction with the 25th anniversary of the Politics of Education Association in 1994

Taiwan Studies Newsletter ,1990 American Universities and Colleges ,2014-10-08 No detailed description available for American Universities and Colleges **The Organization of Political Interest Groups** Darren Halpin,2014-01-10 Interest groups form an important part of the development of political and social systems This book goes beyond current literature in examining the survival and careers of such groups beyond their formation The author introduces the concept of organizational form and develops a framework to describe and evaluate organisations and uncover how they adapt to survive Using example case studies from the UK US and Australia the book presents extensive historical analyses of specific groups to better understand the organisation and position of such groups within their political system It analyses how groups differentiate themselves from each other how they develop differently and what impact this has on policy implementation and democratic legitimacy The Organization of Political Interest Groups will be of interest to students and scholars of political science comparative politics public representation and public policy **Social Science Methodology** John

Gerring,2011-12-15 John Gerring s exceptional textbook has been thoroughly revised in this second edition It offers a one volume introduction to social science methodology relevant to the disciplines of anthropology economics history political science psychology and sociology This new edition has been extensively developed with the introduction of new material and a thorough treatment of essential elements such as conceptualization measurement causality and research design It is written for students long time practitioners and methodologists and covers both qualitative and quantitative methods It synthesizes the vast and diverse field of methodology in a way that is clear concise and comprehensive While offering a handy overview of the subject the book is also an argument about how we should conceptualize methodological problems Thinking about methodology through this lens provides a new framework for understanding work in the social sciences

Social Justification and Political Legitimacy Luis Antonio Vila-Henninger,2020-10-16 This volume explores voters political

rationalizations The author analyzes semi structured interview data from 120 American voters collected from 2013 2015 about their positions on three economic referenda or direct democratic economic policies DDEPs on the Arizona state ballot from 2008 2012 Building on the literature on voter reasoning and rationalization the author firstly probes how the intersection of economic position and partisan affiliation shape partisan voters rationalizations of their DDEP positions Secondly he investigates the political and economic discourses that voters use to justify their DDEP positions This book extends classic sociological theories of individual level and collective legitimacy along with contemporary theories of voter rationalization The findings also help to build theories of American political ideology and values neoliberalism moral economy and norms of self interest

Case Studies and Causal Inference I. Rohlfing, 2012-09-26 A discussion of the case study method which develops an integrative framework for causal inference in small n research This framework is applied to research design tasks such as case selection and process tracing The book presents the basics state of the art and arguments for improving the case study method and empirical small n research

The Political Battle of the Sexes Leslie A. Caughell, 2016-03-25 Sex remains one of the most salient demographic dividing points in American politics today President Obama has women particularly unmarried women to thank for his re election victory The gender difference in voter support for the Democratic and Republican presidential candidates grew from twelve points in 2008 to eighteen points in 2012 This gender gap in candidate preference likely emerges because of gender gaps in policy preferences Yet despite much scholarly and popular interest in this topic the cause or causes of gender gaps in policy preference remain unclear The Political Battle of the Sexes Exploring the Sources of Gender Gaps in Policy Preferences examines gender gaps in policy preferences in the United States outlines their form and explores their causes This work makes four contributions to the literature on gender gaps First it provides the first comprehensive look at gender gaps across time and various issue areas completed since the 1980s Second it provides a theoretical framework for explaining the causes of gender gap emergence that incorporates both nature biology and nurture socialization and provides the basis with which to predict the attitudes on which gender gaps will likely emerge Third it explores the causes of gender gaps in foreign and social policy two of the policy domains where gender gaps continue to increase Finally it introduces a new way of conceptualizing biology based on emerging research in the hard sciences Studying gender gaps remains difficult Women comprise a very diverse group and are divided by far more factors than the sex categorization that unites them However electoral realities demand that scholars studying political behavior pay attention to sex based differences in political preferences Women exhibit consistent preference tendencies relative to men and women remain more likely to show up on Election Day than men As such gender gaps have substantial political and practical implications for women in the United States And while explaining their causes requires drawing from a wide array of fields ranging from biology to economics understanding the origins and consequences of gender gaps does much to further empirical research in public opinion and mass behavior
