Linda S. Noelker, PhD, Kenneth Rockwood, MD, FRCPC, Richard L. Sprott, Ph.D., 2006-03-17 A COMPREHENSIVE RESOURCE ON GERONTOLOGY AND GERIATRICS Since its inception in 1987 The Encyclopedia of Aging has proven to be the definitive resource for scholars and students across the burgeoning and increasingly interdisciplinary fields of gerontology and geriatrics Like its three esteemed predecessors the fourth edition contains concise readable explorations of hundreds of terms concepts and issues related to the lives of older adults as well as timely coverage of the many new programs and services for the elderly Updated under the distinguished stewardship of editor in chief Richard Schulz to reflect the infusion of new information across the scientific disciplines this new edition brings readers up to the moment significant advances in biology physiology genetics medicine psychology nursing social services sociology economics technology and political science While retaining the format and standard of excellence that marked the first three editions the fourth edition encompasses a wealth of new information from the social and health sciences It contains the most current bibliography of an expanding literature an exhaustive index and extensive cross references This much anticipated update of the field's most authoritative resource will take its place as an indispensable reference for specialists and non specialists across a broad range of disciplines that now comprise the field of aging SPRINGER SERVING THE HEALTHCARE AND HELPING PROFESSIONS FOR MORE THAN 55 YEARS

Sexuality and the Elderly Bonnie L. Walker, 1997-05-12 This literature review was undertaken in order to determine what caregivers needed to know about elderly sexuality to determine

the needs of elderly people related to their sexuality and to determine how caregivers could best assist them in meeting those needs In selecting materials to be annotated for this book the first priority was given to empirical studies Also included were articles by prominent practitioners and researchers interested in elderly sexuality literature reviews and books written for the lay population which are often cited in the professional literature In addition to seeking knowledge about elderly sexuality and understanding attitudes about sexuality this literature review sought information about measurement issues and measurement instruments frequently used in research within elderly populations Also of interest were investigations of educational and training programs involving caregivers *Methods in Religion, Spirituality & Aging* James W.

Ellor,2013-10-18 Since the 1971 White House Conference on Aging in the United States the need to move from religiosity into new areas such as Spiritual Assessment and Spirituality has emerged This movement has picked up momentum among scholars particularly in terms of research in the area of Spirituality While spirituality as a term is employed in many new studies this term continues to defy the quest for a single definition and method This book is divided into three sections In the first the authors reflect on the philosophical and theological issues presented by these terms from a variety of both cognate and practical methodological approaches The second section offers insights from the major professions of sociology psychology public health nursing and social work The final section offers insight and assistance to researchers and authors on specific religious traditions This book will be important for anyone working to develop such practical tools as spiritual assessment forms to those who engage in more formal scholarly investigation **Religion [and] Aging** Vicent John

Fecher,1982 **Aging in the New Millennium** Terry Tirrito,2003 Due to advances in medical technology better health care and improvements in lifestyle habits the 21st century brings unprecedented changes in life expectancy and increased numbers of older adults globally As the elder population grows so does the knowledge of and interest in gerontology Gerontology constantly sees new developments in research the emergence of areas of study such as financial gerontology and elder ethics and the introduction of programmes and services for the aging This work explains the biology of aging along with the social and psychological implications of the process It looks at diseases and disorders affecting the aged as well as their treatment It reports on the demographics of older Americans the impact of changes in life expectancy worldwide theories regarding longevity and lifestyle attitudes of a younger population toward an aging one and public support programmes and services for older adults *Transforming Chaplaincy* Steve Nolan,Annelieke Damen,2021-10-28 Evidence based medicine has transformed contemporary medical practice For over twenty five years George Fitchett has been a pioneering advocate of the view that evidence based spiritual care can and should equally transform chaplaincy This book collects a key selection from his ground breaking research As models of good research practice these papers demonstrate the real world value of research and introduce their readers to issues that have continuing importance to spiritual care and professional chaplaincy As such this collection offers an ideal introduction to spiritual care research The collection is

complemented by three essays specially commissioned from observers well positioned to comment on future directions for both professional chaplaincy and spiritual care research Religion in the Lives of African Americans Robert Joseph Taylor, Linda M. Chatters, Jeffrey S. Levin, 2004 Religion in the Lives of African Americans Social Psychological and Health Perspectives examines many broad issues including the structure and sociodemographic patterns of religious involvement the relationship between religion and physical and mental health and well being the impact of church support and the use of ministers for personal issues and the role of religion within specific subgroups of the African American population such as women and the elderly Authors Robert Joseph Taylor Linda M Chatters and Jeff Levin reflect upon current empirical research and derive conclusions from several wide ranging national surveys as well as a focus group study of religion and coping Recommended for students taking courses in racial and ethnic studies multicultural and minority studies black studies religious studies psychology sociology human development and family studies gerontology social work public health and nursing Religion and the Social Sciences Jeff Levin, 2018-08-13 In recent years researchers across the social sciences have made important contributions to the study of religion Thanks to their inquiry we have greatly improved our understanding of how religion influences the vital dimensions of our lives communities and institutions To give this research the attention it deserves editor Jeff Levin assembled a panel of preeminent social scientists and gave them a single directive write the ultimate statement on religion from within their respective social science discipline or field The result is this single volume state of the science compendium a first of its kind for the study of religion Composed of ten essays this book details the study of religion within nine basic and applied areas of social science Along with a critical introduction to this subject these essays include the expert contributions of Kenneth I Pargament Julie J Exline on psychology Anthony Gill on political science Charles M North on economics Barry Hankins on history Annette Mahoney on family studies Byron R Johnson on criminology Linda K George on gerontology William H Jeynes on education Jeff Levin on epidemiology Each essay features An introduction to the history of the discipline s or field s religious research as well as its most important people and published works A comprehensive overview of key research findings and theories A detailed research agenda to guide future scholars An annotated bibliography of seminal works for the reader s further consideration Broad in scope and essential in focus Religion and the Social Sciences is a significant addition to the field It will prove indispensable to both new and established scholars looking for a comprehensive treatment of the subject and seeking promising avenues to pursue in their own research *Religion & Aging* , 1982 *Theism and Public Policy* A. Pinn, 2014-12-04 Does theism dominant the language and practices of public life in the United States This volume explores this question from a humanist perspective and in so doing it provides insight into the relationship of religion to public policy and offers ways to advance a more democratic and secular public arena *Spirituality and Social Work* Dr. Veda C.V, Mrs. Anitha.S, 2021-06-10 *The Okinawa Program* Bradley J. Willcox, D. Craig Willcox, Makoto Suzuki, 2002-03-12 If Americans lived more like the Okinawans 80 percent of the

nation's coronary care units one third of the cancer wards and a lot of the nursing homes would be shut down From The Okinawa Program The Okinawa Program authored by a team of internationally renowned experts is based on the landmark scientifically documented twenty five year Okinawa Centenarian Study a Japanese Ministry of health sponsored study This breakthrough book reveals the diet exercise and lifestyle practices that make the Okinawans the healthiest and longest lived population in the world With an easy to follow Four Week Turnaround Plan nearly one hundred fast delicious recipes and a moderate exercise plan The Okinawa Program can dramatically increase your chances for a long healthy life Biblical Perspectives on Aging J. Gordon Harris, 2013-04-03 As the population of older Americans grows meaningful perspectives on aging are needed by both the young and the old Biblical Perspectives on Aging God and the Elderly takes a detailed look at the views of aging presented in the Old and New Testaments This wide ranging and insightful survey encompasses not only the entire Bible but also interpretations of sacred Middle Eastern and Judaic documents This new expanded edition of the original classic text adds thorough discussions of the wisdom of the Bible and Jewish literature with ways to interpret these readings and what they teach about spirituality and growing older Approaches to aging issues have changed in recent years With the average American lifespan increasing the view of old age as a solitary time of waiting has been pushed aside So too has the assumption that the elderly simply want to remember the good old days This updated edition of Biblical Perspectives on Aging God and the Elderly has expanded its scope to incorporate and address the effects of these changing views This sweeping study of the Bible's positive treatment of aging and elderly figures sheds new light on contemporary society's negative view of the elderly and what can be done about it Clear examples from both Scripture and literature provide a wealth of understanding comfort and wisdom to everyone interested in aging and the Bible In addition this new edition explores the changing relationships that exist among aging hermeneutics mentoring and spirituality The new insights revealed here reinvigorate the challenge against ageism and traditional pictures of old age as a time of withdrawal and living in the past Among the issues explored in Biblical Perspectives on Aging God and the Elderly are aging experiences and the Bible biblical theology and its role in social support for the elderly hermeneutics and old age spirituality and its relationship to aging cross generational relationships and mentoring and a detailed index of Old and New Testament Scripture references Accessible and concise with compelling arguments and numerous examples Biblical Perspectives on Aging God and the Elderly is an ideal resource for pastors seminary students professionals and leaders of programs for the elderly It shows both young and old that while aging may not be easy Biblical theology can ease some of its mystery Rehabilitation and Health Assessment Elias Mpofu, Thomas Oakland, 2009-08-21 Mpofu and Oakland have given us a volume of exceptional clarity depth and breadth one whose utility extends well beyond rehabilitation psychology As such Rehabilitation and Health Assessment Applying ICF Guidelines will be an outstanding text for courses in assessment at all levels of professional preparation and will serve as a valued reference source for future research in a wide variety of fields PsycCRITIQUES Instructor's Guide

Available to Qualified Instructors The World Health Organization's ICF International Classification of Functioning Disability and Health has undergone dramatic changes in the past decade requiring that disability be understood in light of contextual social and personal factors This examination of ICF guidelines provides a comprehensive survey of assessment tools emerging technologies and procedures necessary for personalizing rehabilitation and health care interventions Editors Mpofu and Oakland have gathered an international team of experts to set forth this masterful volume dedicated to helping students researchers and practitioners advance their understanding of test use assessment and measurement using the framework and philosophy presented in the ICF model With this book readers will learn how to apply ICF guidelines effectively by expanding their knowledge of Professional issues such as ethical quandaries cultural and diversity considerations and working with children and youth Cutting edge assessment technologies such as virtual world tools functional magnetic resonance imaging and pre scored health status instruments Assessments of patients adaptation to disability such as measures of pain forgiveness self efficacy and resilience spirituality and more Measures of participation including physical and functional performance community integration sexual functioning and recreational activities

Religious Influences on Health and Well-Being in the Elderly K. Warner Schaie, PhD, Neal Krause, PhD, Alan Booth, PhD, 2004-06-15 What makes the book's approach so captivating is that each chapter is written by a different researcher in the study of religion and health These researchers are responsible for significant portions of the existing literature and methodologies found in this field today The versatility of the book warrants special mention It is effective as a survey of work that has already been done on this topic At the same time it serves as a wellspring of ideas for new research This work makes a valuable contribution to the present understanding of research on religion and health It also serves as a road map to help chart directions for future endeavors in the field Sociology of Religion This volume focuses on the ways in which religious institutions religious practices and religious organizations impact the health and well being of older persons Topics examined include the conceptualization and measurement of religion in late life the relationship between religious coping and possible stress reduction the role of forgiveness as an alternate mediator how social class gender and race can influence the specific effect of religion and religious institutions in a diverse aging society Contributors include L Chatters K Ferraro L K George E Idler S McFadden and K Meador *Religion, Health, and Aging* Harold G. Koenig, Mona Smiley, Jo Ann Ploch Gonzales, 1988-12-14 This book presents a comprehensive and scientific review of the research during the past fifty years on the relationship between religion and health in later life It will help professionals gain awareness of the importance of religious and spiritual variables among older people The widespread interest in religion among today's elderly suggests its value as a coping strategy and personal resource Unlike any other in the field this volume synthesizes both past research and new findings including recent unpublished data into a model of how religion might interact with other variables to help determine adaptation to stress in later life Religion Health and Aging provides substantial contributions to both the applied

and academic aspects of religion and aging With over 500 references this work brings together research findings from a wide variety of disciplines and organizes them in an easily retrievable format The introduction provides a theoretical framework and model of interactions Subsequent chapters address the relationship between religious beliefs and attitudes and both mental and physical health Next investigated are the impacts on health of private religious activity community religious involvement and personal religious experience A model that demonstrates how religion might interact with stress and illness in later life is presented Actual cases exemplify the role of religion in the lives of older people facing life threatening illness Perspectives from the disciplines of social gerontology geriatric medicine and the clergy are analyzed A review is presented of the implications of research findings for professionals working with older persons A detailed bibliography list of publications and organizations to contact for further information provide access to further resources The appendix contains a review of the development and validation of the Springfield Religiosity Schedule an instrument measuring religious activities attitudes and beliefs of the elderly Religion Health and Aging will serve as a centralized resource of significant value to gerontologists physicians in psychiatry and medicine nurses educators therapists clinical psychologists social workers the clergy and others whose professional and personal lives touch older people

Fostering Social Work Gerontology Competence Catherine J. Tompkins, Anita L. Rosen, 2013-12-19 Inspire the next generation of gerontological social workers The growing number of people over the age of 65 in the United States has increased the demand for social workers who are trained to work with the elderly a demand that is in danger of not being met Fostering Social Work Gerontology Competence presents innovative techniques and strategies to help educators infuse aging content into their graduate and undergraduate curriculums in an effort to produce a new generation of social work practitioners who are up to the task of working with an older population Recent surveys show that there has been a decline in the number of aging specialties and courses offered by schools of social work Fostering Social Work Gerontology Competence offers a renewed focus on the promotion of gerontological social work education presenting papers that grew out of the first National Gerontological Social Work Conference NGSWC held in 2003 This unique book is invaluable to anyone who educates future social workers leads staff training sessions and or teaches continuing education courses on aging Leading gerontologists examine teaching research community collaboration and social work competencies while focusing on special populations and issues including end of life care elder abuse grief counseling cultural diversity cultural competence and the effects of spirituality and social support on the well being of the elderly Fostering Social Work Gerontology Competence examines curricular and organizational change developing intergenerational projects involving older persons in the educational process uniting field practice with theory strategies to promote student interest identifying geriatric competencies intergenerational service learning developing an aging prepared community emerging trends in aging and health care end of life care and death education environmental issues affecting elder abuse victims mental health services for older persons in rural communities kinship care and much
