

# Research Design and Evaluation in Speech-Language Pathology and Audiology: Asking and Answering Questions

Silverman, Franklin H.

# Research Design In Speech Pathology And Audiology Asking And Answering Questions

**Franklin H. Silverman**

## **Research Design In Speech Pathology And Audiology Asking And Answering Questions:**

**Research Design in Speech Pathology and Audiology** Franklin H. Silverman, 1977      **Research Design in Speech Pathology and Audiology** Franklin H. Silverman, 1977      *Research Design and Evaluation in Speech-language Pathology and Audiology* Franklin H. Silverman, 1985

**KEY BENEFIT** Almost all of the 60 000 speech language pathologists and audiologists in the United States now have to be able to document convincingly the positive impact of intervention on their clients if they are to be competitive for third party funding Most are not familiar with the research methodologies needed to do it in a way that funding agencies are highly likely to regard as being scientific objective competent and valid This book focuses on conducting and consuming clinical research By not assuming any prior knowledge of statistics this book teaches how to interpret and critically evaluate the data analyses and conclusions of studies in which statistics are used It also summarizes the legal and ethical aspects of clinical research Additionally the widespread availability of software for computing statistics by issuing a command or two has resulted in a shift in emphasis from knowing how to compute statistics to knowing when to use the various statistics and how to appropriately interpret them This book reflects this change in emphasis Written as a professional book for speech language pathologists and audiologists it will enable them to document the impacts of intervention on their clients in ways that medical insurance programs and public school administrators are likely to regard as being both scientific and valid      *Current Catalog* National Library of Medicine (U.S.), 1993-04

**National Library of Medicine Current Catalog** National Library of Medicine (U.S.), 1985      **Clinical Research Methods in Speech-Language Pathology and Audiology, Fourth Edition** David L. Irwin, Jeremy J. Donai, 2024-06-26

With a new chapter on evaluating research articles the fourth edition of *Clinical Research Methods in Speech Language Pathology and Audiology* continues to be an essential resource for graduate students and clinicians seeking to understand the principles and methodologies involved with clinical research As the demand for evidence based practice continues to rise understanding how to conduct and evaluate research becomes increasingly important in ensuring quality care and professional accountability This text emphasizes how to effectively apply research to clinical practice and decision making processes Readers will also gain knowledge of the significance of research ethics and the ethical considerations involved With the utilization of discussion materials this text will facilitate learning and critical thinking among students as they engage with the material This edition includes information on how to critically review both quantitative and qualitative articles Current trends and updated examples from speech pathology and audiology literature will assist with real world research situations New to the Fourth Edition New co author Jeremy J Donai AuD PhD providing a fresh perspective New chapter on critically evaluating quantitative and qualitative research articles Examples regarding integration of citations into a literature review Key Features Chapters begin with an outline of covered topics and learning objectives End of chapter discussion questions aid students in applying concepts A comprehensive glossary allows students to easily find and define important

terms Numerous references throughout including many ASHA and AAA Codes of Ethics

**Research in Communication Sciences and Disorders** Lauren K. Nelson, Jaimie L. Gilbert, 2024-08-09 Research in Communication Sciences and Disorders Methods for Systematic Inquiry Fifth Edition is a comprehensive yet accessible text meant for instructors and students of research methods in the field of communication sciences and disorders This innovative book reflects the current emphasis on evidence based practice in speech language pathology and audiology The concepts associated with evidence based practice are integrated throughout the chapters Rather than treating empirical research and the search for clinical evidence as separate topics this text presents both as different applications of a process of scientific inquiry The format of the chapters reflects the steps a researcher or clinician might complete when conducting an investigation Included are features that guide students and assist with active learning Each chapter has a set of updated review questions or case scenarios that can be used as homework probe questions in class or as a basis for group activities In addition the authors provide lists of supplemental readings from the research literature in the field New to the Fifth Edition New chapter titled Research on Assessments and Diagnostic Approaches Additional visual representations for key topics Additional case examples in the chapter review questions Main objectives at the beginning of each chapter Diverse and inclusive language in relation to research Disclaimer Please note that ancillary content such as eFlashcards and printable forms and documents may not be included as in the print version of this book

Clinical Research Methods in Speech-Language Pathology and Audiology, Third Edition David L. Irwin, Norman J. Lass, Mary Pannbacker, Mary Ellen Tekieli Koay, Jennifer S. Whited, 2019-01-17 Now in its third edition Clinical Research Methods in Speech Language Pathology and Audiology is a valuable and comprehensive resource for understanding and conducting clinical research in communication sciences and disorders Graduate students and practicing clinicians will benefit from the text's detailed coverage of various research topics Specifically readers will learn the strengths and weaknesses of different research methodologies apply the results of research to clinical practice and decision making and understand the importance of research ethics Clinical Research Methods is the only text to take into account qualitative research and evidence based practice and to provide a detailed discussion of research ethics Key Features Chapters begin with an outline of covered topics and learning objectives End of chapter discussion questions apply concepts and incorporate real life research situations Numerous tables and charts display critical models and research procedures New to the Third Edition New co authors Mary Ellen Koay PhD CCC SLP FASHA and Jennifer S Whited PhD CCC SLP bring new and extensive research experiences to the team of authors Expanded discussion of qualitative research methods Additional and updated examples of mixed method designs published in speech language pathology Updated list of databases and sources for research in communication sciences and disorders Updated references throughout including many ASHA and AAA Codes of Ethics Disclaimer Please note that ancillary content such as documents audio and video etc may not be included as published in the original print version of this book
