The Red Hand Steve Bruce, 1992 Self proclaimed defenders of Ulster condemned by their opponents as thugs and murderers Protestant paramilitaries have been responsible for around half of the civilian casualties in Ulster Their operations have succeeded on occasion in subverting major political initiatives and have even brought down a government Yet despite the familiarity of such names as the UDA the UVF the Red Hand commando and the Shankhill Butchers such groups remain little studied and poorly understood This book the first comprehensive study of loyalist terrorism in Ulster draws on extensive interviews with terrorists conducted by the author to assemble the most accurate picture possible of their methods and motives Steve Bruce examines all aspects of their organizations from their origins and background to the way in which they recruit their members raise funds and select and execute their terrorist operations He also discusses claims that the security forces have at times turned a blind eye to the Protestant paramilitaries activities Bruce concludes by arguing that the paradoxical nature of pro state terrorism which seeks to maintain rather than overturn state power by violent means informs every significant aspect of the loyalists activities In addition to being an important contribution to our understanding of the relationship between terrorism and the modern state The Red Hand is essential reading for anyone who wishes to gain a fuller understanding of Northern Ireland's present Troubles

**Irish Political Prisoners 1920-1962** Sean McConville, 2020-04-23 Irish Political Prisoners presents a detailed and gripping overview of political imprisonment from 1920-1962 Sean McConville examines the years from the formation of the Northern Ireland state to the release of the last border campaign prisoners in 1962 Drawing extensively and in many cases uniquely on archives and special collections in the three jurisdictions and interviews with survivors from the period McConville demonstrates how punishment came to embody and shape the nationalist consciousness Irish Political Prisoners 1920-1962 commences with the legacy of the Anglo Irish and Irish Civil Wars militancy division and bitterness The book travels from the embedding of Northern Ireland's security agenda in the 1920s and the IRA's search for a role in the 1930s including the 1939 bombing campaign against Britain to the decisive use of internment during the war and the border campaign years This

volume will be an essential resource for students of Irish history and is a major contribution to the study of imprisonment

**Aspects of the Belfast Agreement** Rick Wilford, 2001 This edited collection assembles leading experts on the politics and constitution of Northern Ireland to explore and analyse aspects of the 1998 Belfast Agreement For most the Agreement represented an inclusive political bargain while others perceived it as an act of betrayal whether of the Union or conversely of republicanism These rival interpretations are discussed by a number of the contributors alongside assessments of the roles performed by key actors both within and outside Northern Ireland in forging the Agreement The more immediate provenance of the Agreement is complemented by a comparison with its often cited predecessor the 1973 Sunningdale Agreement and the former's consociational plus design is explained while its legislative implementation is set within the context of cross cutting constitutionalism ushered in by the UK's wider devolution process The collection also includes a discussion of the British Irish Council and the early operation of both the Executive Committee and the Assembly elected in 1998 The elections themselves suggested the emergence of an embryonic and fragile pro and anti Agreement cleavage that transcended the orthodox ethno nationalist division in Northern Ireland and this proposition is subjected to analysis in the collection Public and elite attitudes towards the Agreement in the Republic of Ireland are also discussed as is the controversial report of the Patten Commission on the reform of the RUC The acceptance of the consent principle by the Agreement's signatories and the open ended constitutional future it bequeathes to Northern Ireland have created a form of devolution that is delicately poised The delayed and faltering implementation of the 1998 Agreement suggests that its promise is yet to be fully realized This collection in focusing upon key aspects of the Agreement seeks to explain both its complexity and some of the difficulties thus far encountered in putting it into effect

**Law in Times of Crisis** Oren Gross, Fionnuala Ní Aoláin, 2006-10-30 The terrorist attacks of September 11 2001 and the ensuing war on terror have focused attention on issues that have previously lurked in a dark corner at the edge of the legal universe This book presents a systematic and comprehensive attempt by legal scholars to conceptualize the theory of emergency powers combining post September 11 developments with more general theoretical historical and comparative perspectives The authors examine the interface between law and violent crises through history and across jurisdictions bringing together insights gleaned from the Roman republic and Jewish law through to the initial responses to the July 2005 attacks in London Three models of emergency powers are used to offer a conceptualization of emergency regimes giving a coherent insight into law's interface with and regulation of crisis and a distinctive means to evaluate the legal options open to states for dealing with crises

**May the Lord in His Mercy be Kind to Belfast** Tony Parker, 1994

**Policing the Peace In Northern Ireland** Jon Moran, 2008-10-15 This book examines the way in which the issue of crime and the response of the authorities to it became central to the peace process in Northern Ireland after 1998
