Being Kipling W. Dillingham,2016-04-30 Being Kipling exposes Rudyard Kipling s identity as he himself perceived it through the lens of a collection of works composed over a period of years and brought together in the volume *Land and Sea Tales for Scouts and Guides* Dillingham uses this extraordinary collection ostensibly put together for the inspiration of Boy Scouts and Girl Guides and frequently ignored by critics and biographers to offer rare insight into formative events from Kipling s youth that shaped his personality and made him the man and writer that he became The eight stories eight poems and three essays of *Land and Sea Tales for Scouts and Guides* are all examined closely both for what they reveal about Kipling s life and worldview and for their rarely perceived but considerable literary merit *The Complete Stalky & Co* Rudyard Kipling,2009-02-26 Kipling portrays school as the first stage of a much larger game a pattern maker for the experiences of life Implied throughout the stories is the question What happened to these fifteen year old boys and how did the lessons they learned at school apply to the world of warfare and imperial government The stories are based on Kipling s own school the United Services College at Westward Ho in Devon which prepared boys destined for the army or for colonial service Kipling himself appears as the subordinate character Beetle This edition includes five *Stalky* stories which did not appear in the original volume and thus constitutes a *Complete Stalky Co* ABOUT THE SERIES For over 100 years Oxford World s Classics has made available the widest range of literature from around the globe Each affordable volume reflects Oxford s commitment to scholarship providing the most accurate text plus a wealth of other valuable features including expert introductions by leading authorities helpful notes to clarify the text up to date bibliographies for further study and much more DALE CARNEGIE: How to Stop Worrying and Start Living, The Art of Public Speaking, How to Win Friends and Influence People & Lincoln the Unknown Dale Carnegie,2024-01-14 In his seminal works including *How to Stop Worrying and Start Living* *The Art of Public Speaking* *How to Win Friends and Influence People* and *Lincoln the Unknown* Dale Carnegie articulates a pragmatic approach to personal development and interpersonal skills Carnegie s eloquent prose combines anecdotal evidence with psychological insights addressing timeless concerns related to anxiety communication efficiency and leadership Grounded in the principles of human behavior his writings reflect the shifting social landscape of early 20th century America where personal and professional relationships were becoming increasingly important in a rapidly evolving world Dale Carnegie an educator and motivational speaker emerged from humble beginnings in rural Missouri His own struggles with self doubt and a lack of confidence deeply informed his passion for helping others overcome their insecurities Carnegie s background in sales and public speaking shaped his understanding of human psychology leading to

Kipling's life and work with rigor and insight and unfolds the extraordinary and deeply moving story of this much loved and much criticized author who has come to occupy his own special place in the canon of English literature Kipling can never be the same again Jacket flap A Circle of Sisters Judith Flanders, 2005 The MacDonald sisters started life in the lower middle classes denied the advantages of education and the expectation of social advancement Yet as wives and mothers they connected a famous painter a president of the Royal Academy a prime minister and the uncrowned poet laureate of the Empire How To Stop Worrying And Start Living Dale Carnegie, 2024-02-22 The book's goal is to lead the reader to a more enjoyable and fulfilling life helping them to become more aware of not only themselves but others around them Dale Carnegie tries to address the everyday nuances of living in order to get the reader to focus on the more important aspects of life Dale Carnegie shows how worry has been conquered by thousands some famous but most just ordinary people and offers practical suggestions for leading a more positive and enjoyable life Worry free tips include Fundamental facts you should know about worry A magic formula for solving worry situations How to eliminate fifty per cent of your business worries Seven ways to cultivate a mental attitude that will bring you peace and happiness How to keep from worrying about criticism Six ways to prevent fatigue and worry Personal tips from those who have conquered worry Henry James: The Mature Master Sheldon M. Novick, 2020-04-14 The New York Times compared Sheldon M Novick's Henry James The Young Master to a movie of James's life as it unfolds moment to moment lending the book a powerful immediacy Now in Henry James The Mature Master Novick completes his super revelatory two volume account of one of the world's most gifted and least understood authors and of a vanished world of aristocrats and commoners Using hundreds of letters only recently made available and taking a fresh look at primary materials Novick reveals a man utterly unlike the passive repressed and privileged observer painted by other biographers Henry James is seen anew as a passionate and engaged man of his times driven to achieve greatness and fame drawn to the company of other men able to write with sensitivity about women as he shared their experiences of love and family responsibility James age thirty eight as the volume begins basking in the success of his first major novel The Portrait of a Lady is a literary lion in danger of being submerged by celebrity As his finances ebb and flow he turns to the more lucrative world of the stage with far more success than he has generally been credited with Ironically while struggling to excel in the theatre James writes such prose masterpieces as The Wings of the Dove and The Golden Bowl Through an astonishingly prolific life James still finds time for profound friendships and intense rivalries Henry James The Mature Master features vivid new portraits of James's famous peers including Edith Wharton Oscar Wilde and Robert Louis Stevenson his close and loving siblings Alice and William and the many compelling young men among them Hugh Walpole and Howard Sturgis with whom James exchanges professions of love and among whom he thrives We see a master converting the materials of an active life into great art Here too as one century ends and another begins is James's participation in the public events of his native America and adopted England As the still feudal European world is shaken by

democracy and as America sees itself endangered by a wave of Jewish and Italian immigrants a troubled James wrestles with his own racial prejudices and his desire for justice With the coming of world war all other considerations are set aside and James enlists in the cause of civilization leaving his greatest final works unwritten Hailed as a genius and a warm and charitable man and derided by enemies as false effeminate and self infatuated Henry James emerges here as a major and complex figure a determined and ambitious artist who was planning a new novel even on his deathbed In Henry James The Mature Master he is at last seen in full along with its predecessor volume this book is bound to become the definitive biography NOTE This edition does not include a photo insert

Indomitable Will Charles Kupfer, 2012-04-05 Some of the worst military disasters in U S history occurred between Pearl Harbor on December 7 1941 and the Battle of Midway in June 1942 During this period the American people faced a barrage of bad news and accounts of defeats and retreats Yet if they were shocked and dismayed they showed little panic Indomitable Will resurrects the legacy of this first half year of American combat during WWII a legacy of pain but not of woe Historian Charles Kupfer recounts the story of the war s early defeats Bataan Corregidor Wake Island and the Java Sea Some of these battles remain evocative today others are obscure all were catastrophes for American arms Kupfer asserts however that later victories were made inevitable by the steeling effect of those initial disasters Weaving together military journalistic political and cultural histories this engaging book shows that by setting their collective will on victory Americans in and out of uniform gained strength from their setbacks Indomitable Will spells out how the nation turned early defeat into ultimate victory
