

Rule Of Terror Russia Under Lenin And Stalin

Dan Healey

Rule Of Terror Russia Under Lenin And Stalin:

Rule of Terror Hellmut Andics,1969 *Soviet Security and Intelligence Organizations 1917-1990* Michael Parrish,1992-01-30 One of the hallmarks of the Soviet system was its heavy reliance on internal and foreign security and intelligence organizations Not surprisingly given the secrecy surrounding Soviet efforts in these areas no biographical reference tools and few bibliographies have been published to date In this context Michael Parrish s work is a unique undertaking In the first section to the volume biographies are provided on some 4 000 officials in senior and mid level positions who had served in Cheka NKVD RFSFR GPU KGB and other organizations Also included are officials of the Committee for State Control formerly Ministry of State Control and before that Commissariat of Workers and Peasants Inspection Prominent political personalities with earlier ties to security services such as N A Bulganin are listed even though such service formed only a brief part of their careers Others listed include party officials such as A A Kuznetsov who at different times served as the Party s watchdog of security organs Also included because of their close association with repression and security organs are members of Stalin s inner circle The second part of the volume is a survey of books in English published between 1917 and 1990 which related to Soviet security and intelligence organizations This is followed by a biographical addendum a glossary of terms and material showing the development of Soviet security organizations No one concerned with current intelligence issues and the role of security organizations in Soviet life can ignore this volume **The Literature of Terrorism** Edward F. Mickolus,1980-12-29 Product information not available *Annotated Bibliography on Transnational and International Terrorism* United States. Central Intelligence Agency,Edward F. Mickolus,1976 **Russia's Path from Gorbachev to Putin** David Kotz,Fred Weir,2007-05-07 Over the past few years many of the former Communist rule countries of Central and Eastern Europe have taken a steady path toward becoming more or less normal capitalist countries with Poland and Hungary cases in point Russia on the other hand has experienced extreme difficulties in its attempted transition to capitalism and democracy The pursuit of Western endorsed policies of privatization liberalization and fiscal austerity have brought Russia growing crime and corruption a distorted economy and a trend toward authoritarian government In their 1996 book *Revolution from Above* David Kotz and Fred Weir shed light on the underlying reasons for the 1991 demise of the Soviet Union and the severe economic and political problems of the immediate post Soviet period in Russia In this new book the authors bring the story up to date showing how continuing misguided policies have entrenched a group of super rich oligarchs in alliance with an all powerful presidency while further undermining Russia s economic potential New topics include the origins of the oligarchs the deep penetration of crime and corruption in Russian society the financial crisis that almost destroyed the regime the mixed blessing of an oil dependent economy the atrophy of democracy in the Yeltsin years and the recentralization of political power in the Kremlin under President Putin *Access to History: Stalin's Russia 1924-53 4th Edition* Michael Lynch,2008-06-27 The Access to History series is the most popular and trusted

series for AS and A level history students The new editions combine all the strengths of this well loved series with a new design and features that allow all students access to the content and study skills needed to achieve exam success This is a new edition of the bestselling title *Bolshevik and Stalinist Russia 1918-56* which now focuses on the period from 1924-53 It has been revised and fully updated for the 2008 AS specifications for Edexcel and AQA providing both a narrative and an analysis of the impact of Stalin's leadership on the USSR It examines Stalin's rise to power following Lenin's death in 1924 the nature of his rule the economic changes he brought about and his foreign policies Finally a concluding chapter focuses on what life was like in Stalinist Russia Throughout the book key dates terms and issues are highlighted and historical interpretations of key debates are outlined Summary diagrams are included to consolidate knowledge and understanding of the period and exam style questions and tips written by examiners for each specification provide the opportunity to develop exam skills

Russia Under Soviet Rule N. de Basily, 2017-07-06 The author of this book was in a position which allowed him to become thoroughly conversant with the working of the Government machinery in Russia and in this volume originally published in 1938 he presents the situation in Soviet Russia as it developed since the Revolution of 1917 and discusses the events which led up to it Based mainly on information drawn from Soviet sources which the author acknowledges may not be impartial the author nevertheless maintains that a clear outline of the real situation may be inferred

My Revision Notes: Edexcel AS/A-level History: Russia 1917-91: From Lenin to Yeltsin Robin Bunce, 2017-05-22 Exam Board Edexcel Level AS A level Subject History First Teaching September 2015 First Exam June 2016 Target success in Edexcel AS A level History with this proven formula for effective structured revision key content coverage is combined with exam preparation activities and exam style questions to create a revision guide that students can rely on to review strengthen and test their knowledge Enables students to plan and manage a successful revision programme using the topic by topic planner Consolidates knowledge with clear and focused content coverage organised into easy to revise chunks Encourages active revision by closely combining historical content with related activities Helps students build practise and enhance their exam skills as they progress through activities set at three different levels Improves exam technique through exam style questions with sample answers and commentary from expert authors and teachers Boosts historical knowledge with a useful glossary and timeline

The Modern Encyclopedia of Russian and Soviet History Joseph L. Wierzyński, 1976 *Power Restructuring In China And Russia* Mark Lupher, 2018-02-12 The massive economic transformations and political upheavals that have been sweeping China and the Soviet Union in the final decades of the twentieth century are among the great dramas of our time Yet the origins of these revolutionary changes are murky and their outcomes unclear Have we witnessed the demise of an archaic authoritarian order and the rise of pluralism and democracy or are the tumultuous events of the post Mao era and the period of perestroika more usefully viewed in light of broader patterns of power and politics in Chinese and Russian history Considering these questions with a new interpretation of power relations and political processes in China

and Russia Mark Lupton explores the imperial era the communist period and the current situation in both countries Rather than speaking of reform which too often is understood as liberalization along Western lines his discussion is focused on power restructuring the ebb and flow of state power the centralization and decentralization of political and economic power and the three way struggles between central rulers various elites and nonprivileged groups that drive these processes Lupton's power restructuring analysis is noteworthy in combining broad comparative historical analysis and conceptualization with a closely focused discussion and reinterpretation of the Chinese Cultural Revolution the core of his book By comparing and bringing new light to bear on a series of pivotal episodes in Chinese and Russian history he furthers our understanding and assessment of processes that will continue to unfold in China Russia and the former Soviet republics

The Modernisation of Russia, 1856-1985 John Laver, 2002 This book is directed at students studying the economic and social development of Russia and the Soviet Union as well as the nature of Russian government and its impact on the Russian people in this period at AS A level It forms part of the new Heinemann Advanced History series which has been written specifically to cover modules set by each of the three Awarding Bodies OCR Edexcel and AQA

Russia and the Soviet Union John M Thompson, 2012-12-23 This balanced and succinct account of Russian and Soviet history covers from the first Kievan states to the present day

Stalin, Mao, Communism, and their 21st-Century Aftermath in Russia and China Miguel A. Faria, Jr., 2024-01-17 This book describes salient and momentous events as well as gruesome episodes in the history of communism under Joseph Stalin in the Soviet Union and Mao Tse tung in China and narrates succinctly the historic major happenings that have taken place since that time up to the 21st century such as hostilities espionage and actual confrontations occurrences that have affected relations between those two nations vis vis the West and the United States The author corrects the historic record where it needs amending given new information that has come to light and redresses political biases that have arisen and to which none of us are immune This book serves as a sincere warning about the evils not only of the full blown imposition of totalitarianism via revolution but also of the implementation of socialism and authoritarianism via evolution asserting that full economic and political freedom is always best

Russia, 1855-1991 Peter Oxley, 2001 Written for the AS A2 examinations this book focuses on exam board selected topics It covers almost 150 years of Russian history from Alexander II through Glasnost to the modern times It deals the period 1895 1941 with separate chapters on the Russian Revolution Lenin and Stalin

Russian Homophobia from Stalin to Sochi Dan Healey, 2017-12-14 Examining nine case histories that reveal the origins and evolution of homophobic attitudes in modern Russia Dan Healey asserts that the nation's contemporary homophobia can be traced back to the particular experience of revolution political terror and war its people endured after 1917 The book explores the roots of homophobia in the Gulag the rise of a visible queer presence in Soviet cities after Stalin and the political battles since 1991 over whether queer Russians can be valued citizens Healey also reflects on the problems of memorylessness for Russia's LGBT lesbian gay bisexual and transgender

movement more broadly and the obstacles it faces in trying to write its own history The book makes use of little known source material much of it untranslated archival documentation to explore how Russians have viewed same sex love and gender transgression since the mid 20th century Russian Homophobia from Stalin to Sochi provides a compelling background to the culture wars over the status of LGBT citizens in Russia today whilst serving as a key text for all students of modern Russia

The Routledge Companion to World History since 1914 Chris Cook, John Stevenson, 2006-01-27 The Routledge Companion to World History since 1914 is an outstanding compendium of facts and figures on World History Fully up to date reliable and clear this volume is the indispensable source of information on a thorough range of topics such as the Arab Israeli conflict anti semitism and the Holocaust all the world s major famines and natural disasters since 1914 whether all countries of the world have a king president prime minister or other governance GNP of the world s major states year by year biographies of key figures civil rights movements the Vietnam War the rise of terrorism globalization Thematically presented the book covers topics relevant from the First World War to the Iraq war of 2003 and from post colonial Africa to conflicts and movements in Southeast Asia With maps chronologies and full bibliography this user friendly reference work is the essential companion for students of history politics and international relations and for all those with an interest in world history

The First Socialist Society Geoffrey A. Hosking, 1993 The First Socialist Society is the compelling and often tragic history of what Soviet citizens have lived through from 1917 to the present told with great sympathy and perception It ranges over the changing lives of peasants urban workers and professionals the interaction of Soviet autocrats with the people the character and role of religion law education and literature within Soviet society and the significance and fate of various national groups As the story unfolds we come to understand how the ideas of Marxism have been changed taking on almost unrecognizable forms by unique political and economic circumstances Hosking s analysis of this vast and complex country begins by asking how it was that the first socialist revolution took place in backward autocratic Russia Why were the Bolsheviks able to seize power and hold on to it The core of the book lies in the years of Stalin s rule how did he exercise such unlimited power and how did the various strata of society survive and come to terms with his tyranny The later chapters recount Khrushchev s efforts to reform the worst features of Stalinism and the unpredictable effects of his attempts within the East European satellite countries bringing out elements of socialism that had been obscured or overlaid in the Soviet Union itself And in the aftermath of the long Brezhnev years of stagnation and corruption the question is posed can Soviet society find a way to modify the rigidities inherited from the Stalinist past

ATH: OCR A Historical Themes: Russia and its rulers 1855-1964 Andrew Holland, 2010-04-30 ATH About the series This series is part of Access to History a most popular and trusted series for advanced level students This sub series is designed for A2 students studying the OCR A Historical Themes Unit The narrative is structured thematically to enable students to view similarities and differences across time to draw conclusions from these comparisons and therefore to develop their synoptic skills Each chapter includes exam

style questions and marked answers to help students understand and develop their synoptic skills key terms to improve students historical vocabulary key questions to consider throughout summary diagrams as helpful revision tools Russia and its Rulers 1855 1964 This title examines the nature of Russian government and its influence on society and people The theme is explored under the following headings The Nature of Russian Government The Opposition to Regimes The Impact of the Dictatorial Regimes on Economy and Society War and Revolution and the Development of Government *The Soviet Colossus* Michael Kort, 2001 The most readable history of twentieth century Russia from tsarist times to the present now completely revised and updated to integrate new revelations and ongoing debates about the nature of the Soviet regime and including coverage of the first decade of post Soviet Russia **Russia: From Proletarian Revolution to State-Capitalist Counter-Revolution** Raya Dunayevskaya, 2017-07-10 Russia From Proletarian Revolution to State Capitalist Counter Revolution is a selection of writings by the Marxist Humanist philosopher Raya Dunayevskaya which begins with an examination of Lenin s Hegel Notebooks his philosophic preparation for proletarian revolution followed by a section on What Happens After the revolution the first years post 1917 Analyses of Trotsky Stalin Bukharin and Luxemburg are presented A key section is Russia s Transformation into Opposite The Theory of State Capitalism Opposition to Russian state capitalism such as the 1953 East Germany Revolt and the 1956 Hungarian Revolution are described Mao s China as another form of state capitalism as well as the Sino Soviet conflict is discussed The study ends with a battle of ideas with other analyses of the Revolution and its aftermath
