Unhooking from Whiteness Nicholas D. Hartlep, Cleveland Hayes, 2016-07-06 What happens to people when they choose to unhook from the rules and modes of thought whiteness

requires and expects of them Whiteness promotes a form of hegemonic thinking which influences not only thought processes but also behavior within the academy Working to dismantle the racism and whiteness that continue to keep oppressed people powerless and immobilized in academe requires sharing power opportunity and access Removing barriers to the knowledge created in higher education is an essential part of this process The process of unhooking oneself from institutionalized whiteness certainly requires fighting hegemonic modes of thought and patriarchal views that persistently keep marginalized groups of academics in their station or at their institution In the explosive Unhooking from Whiteness Resisting the Esprit de Corps editors Hartlep and Hayes continue the conversation they began in 2013 they and the chapter contributors are brave enough to tell a contemporary reality few are brave enough to discuss In this groundbreaking and revolutionary sequel volume to Unhooking from Whiteness The Key to Dismantling Racism in the United States Nicholas Hartlep and Cleveland Hayes and a group of fearless scholars activists continue to manifest liberative counternarratives counteraccounts personal memoirs poetry and testimonios of humanity destroying crimes of racism white supremacy and academic lynching that pervade the academic psyche through epistemology ontology and axiology in the United States This radical work poses a troubling challenge to humanity not only to unhook from but also to contest transgress and liberate from white supremacy to cultivate extraordinary human potential in a trembling and unjust world Ming Fang He Georgia Southern University Nicholas D Hartlep is an award winning Assistant Professor of Educational Foundations at Illinois State University and co editor of Unhooking from Whiteness The Key to Dismantling Racism in the United States and Critical Storytelling in Uncritical Times Stories Disclosed in a Cultural Foundations of Education Course He lives and writes in Normal Illinois www.nicholashartlep.com Cleveland Hayes is an Associate Professor in the College of Education and Organizational Leadership at the University of La Verne Dr Hayes teaches Secondary and Elementary Science Methods in the Teacher Education program and Research Methods in the Education Management and Leadership Program He lives and writes in Upland California

Race and Social Equity Susan T Gooden, 2015-01-28 In this compelling book the author contends that social equity specifically racial equity is a nervous area of government Over the course of history this nervousness has stifled many individuals and organizations thus leading to an inability to seriously advance the reduction of racial inequities in government The author asserts that until this nervousness is effectively managed public administration social equity efforts designed to reduce racial inequities cannot realize their full potential Chapters 2 and 8 of this book are freely available as downloadable Open Access PDFs at <http://www.taylorfrancis.com> under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license

[The Great Experiment](#) Yascha Mounk, 2023-02-07 One of Barack Obama's Recommended Reads for Summer A brave and necessary book Anyone interested in the future of liberal democracy in the US or anywhere else should read this book Anne Applebaum A convincing humane and hopeful guide to the present and future by one of our foremost democratic thinkers George Packer From one of our sharpest political thinkers a brilliant big picture vision of how to bridge the bitter divides

within diverse democracies Never in history has a democracy succeeded in being both diverse and equal treating different ethnic or religious groups fairly And yet achieving that goal is now central to the democratic project It is Yascha Mounk argues the greatest experiment of our time Drawing on history social psychology and comparative politics Mounk explains why we need to create a world in which our ascriptive identities come to matter less not because we ignore global injustices but because we have succeeded in addressing them The Great Experiment is that rare book that offers both a profound understanding of an urgent problem and genuine hope for our human capacity to solve it As Mounk contends it is up to us and the institutions we build whether we come to see each other as strangers or compatriots Giving up on the prospect of diverse democracies is simply not an option and that is why we must strive to realize a more ambitious vision for the future of our societies

Evading International Norms Zoltán Búzás, 2021-01-01 How do states violate human rights norms after legalization Why are these violations so persistent What are the limits of legalization for protecting human rights norms Conventional wisdom offers a variety of answers to these questions but most often they conflate laws and norms and focus only on state actions that violate both While this focus is undoubtedly valuable it does not capture cases in which states violate human rights norms without technically violating the law Norm breakers are not necessarily lawbreakers Focusing exclusively on norm violations that are illegal obscures the possibility that agents could violate norms in a legal manner engaging in actions that are awful but lawful Presenting rich case studies of the French expulsion of Roma immigrants from 2007 to 2017 and the Czech segregation of Roma children in schools for those with mild mental disabilities between 1993 and 2017 Evading International Norms argues that the violation of human rights norms often continues after legalization under the cover of technical legality While laws and norms overlap interact and shape each other in many ways they tend to reflect each other only selectively which leads to the existence of norm law gaps Taking advantage of such gaps states resist unwanted human rights obligations by transgressing international human rights norms without violating the laws designed to protect them a process Zoltán Búzás names norm evasion Based on a wealth of evidence including more than 160 interviews the book shows that the treatment of the Roma by France and the Czech Republic violated the norm of racial equality in a technically legal fashion Búzás cautions that the good news about law compliance is not necessarily good news about norm compliance and draws attention to racial discrimination against the Roma one of the largest and most marginalized European minorities

The Constitution of the United States of America Mark Tushnet, 2015-08-27 This is the second edition of Professor Tushnet's short critical introduction to the history and current meaning of the United States Constitution It is organised around two themes first the US Constitution is old short and difficult to amend Second the Constitution creates a structure of political opportunities that allows political actors including political parties to pursue the preferred policy goals even to the point of altering the very structure of politics Deploying these themes to examine the structure of the national government federalism judicial review and individual rights the book provides basic information about and deeper insights

into the way the US constitutional system has developed and what it means today **Selwyn's Law of Employment** Norman M. Selwyn, 2006 This is a well established work that states the modern law of employment in a manner which is readable accurate and up to date Every area of law is covered both from an individual and collective standpoint Previous ed London LexisNexis 2004 **The Five Rights of the Individual** Philip Schuyler, 2012 The US government makes 350 pages of new laws each day including directives of policy that limit what an individual may do at home alone or with consenting adults Such laws are intended to make people safer healthier or more productive but they often violate the Five Rights because they sacrifice personal choices to some presumed greater good Directives of policy may include laws that violate the rights to privacy or free speech laws restricting abortion or physician assisted suicide restrictions on gun rights prohibitions on unhealthy foods cigarettes alcohol or drugs laws that discriminate against gays and laws that violate property rights Drug prohibition laws have been the most damaging Over the past 40 years the US population grew 50 percent while its prison population grew 1 000 percent due mostly to antidrug laws There are now two million Americans in jail half of whom didn't harm coerce or defraud anyone The land of the free has one twentieth of the world's population and one fifth of its prison population Our incarceration rate is seven times that of European countries No democracy has ever had such a large percentage of its people behind bars Legalization of marijuana and decriminalization of other drugs would free hundreds of thousands of individuals end prison overcrowding and save billions of dollars now spent trying to enforce unenforceable laws There would be less need for spying wiretapping and breaking down doors Americans could stop thinking of the police as the enemy and vice versa permitting a renewal of respect for the Five Rights *The Law of Freedom* Jacob Eisler, 2023-07-20 Examines election case law to demonstrate and assess how the Supreme Court has radically transformed American democracy **Change and Stability in International Law-making** Antonio Cassese, Joseph H. H. Weiler, Joseph Weiler, 1988 Based on the proceedings of two international colloquia held at the European University Institute Florence

Coping in Politics with Indeterminate Norms Benjamin Gregg, 2012-02-01 Are social equity political fairness and legal justice possible within a liberal political order even if norms are indeterminate The modern world is distinguished by both its complexity and the absence of a single theory principle or tradition with the authority to constrain us Coping in Politics with Indeterminate Norms demonstrates that while moral validity is relative rather than absolute and cultural meanings local rather than universal social integration and democratic politics are still attainable goals Benjamin Gregg fashions a theory that combines proceduralism with pragmatism an enlightened localism that adjudicates among competing normative commitments and interpretations using local criteria in the absence of universal standards The theory is applied to three empirical domains social criticism public policy and law and morality Judicial Review: Process, Powers and Problems Salman Khurshid, Sidharth Luthra, Lokendra Malik, Shruti Bedi, 2020-06-11 Discusses Upendra Baxi's role as an Indian jurist and how his contributions have shaped our understanding of legal jurisprudence **Law and Social Theory**

Reza Banakar, Max Travers, 2014-07-18 There is a growing interest within law schools in the intersections between law and different areas of social theory The second edition of this popular text introduces a wide range of traditions in sociology and the humanities that offer provocative contextual views on law and legal institutions The book is organised into six sections each with an introduction by the editors on classical sociology of law systems theory critical approaches law in action postmodernism and law in global society Each chapter is written by a specialist who reviews the literature and discusses how the approach can be used in researching different topics New chapters include authoritative reviews of actor network theory new legal realism critical race theory post colonial theories of law and the sociology of the legal profession Over half the chapters are new and the rest are revised in order to include discussion of recent literature **Critical Race Theory**

Kimberlé Crenshaw, Neil Gotanda, Gary Peller, Kendall Thomas, 1995 In the past few years a new generation of progressive intellectuals has dramatically transformed how law race and racial power are understood and discussed in America Questioning the old assumptions of both liberals and conservatives with respect to the goals and the means of traditional civil rights reform critical race theorists have presented new paradigms for understanding racial injustice and new ways of seeing the links between race gender sexual orientation and class This reader edited by the principal founders and leading theoreticians of the critical race theory movement gathers together for the first time the movement's most important essays Back cover **An Invitation to Law and Social Science** Richard Lempert, Joseph Sanders, 1986-03-29 This innovative work treats law as the set of rules governing how people should act in society and it demonstrates how the legal system attempts to deter antisocial behavior Comprised of three sections the book explores different ways in which law decides issues of responsibility how cases are adjudicated and theories of distributive justice and social change Distinguished by its problem oriented topical perspective An Invitation to Law and Social Science serves as an invaluable book for course in law and society legal process and the sociology of law **Race, Racism, and International Law** Devon W. Carbado, Kimberlé Williams Crenshaw, Justin Desautels-Stein, Chantal Thomas, 2025-08-19 What would it look like to place race at the center of international legal scholarship From its inception in the 70s and 80s critical race theory's target was the field of law revealing it to be a repository for racial power This particular critique of law was explosive because of law's putatively apolitical status making it a unique site for an intellectual sit in that has forever changed the way that race and racism are understood in American society Several decades later as indicators of populism and white nationalism spread across North America and Europe critical race theory remains markedly absent from discourses in global affairs and international law This volume opens the door for CRT to enter the international sphere Featuring contributions from 30 of today's leading scholars from around the world Race Racism and International Law explains how the concept of racial difference sits at the foundation of the legal political and social structures of hierarchy that shape the contemporary global order Helmed by four pioneering experts two in CRT and two in international law the volume's approach targets regimes of power and violence

that implicate racism capitalism and colonialism This volume lays the groundwork for urgent and provocative new modes of critique and analysis

The Death Penalty in Africa Aimé Muyoboke Karimunda, 2016-03-16 Human development is not simply about wealth and economic well being it is also dependent upon shared values that cherish the sanctity of human life Using comparative methods archival research and quantitative findings this book explores the historical and cultural background of the death penalty in Africa analysing the law and practice of the death penalty under European and Asian laws in Africa before independence Showing progressive attitudes to punishment rooted in both traditional and modern concepts of human dignity Aim Muyoboke Karimunda assesses the ground on which the death penalty is retained today Providing a full and balanced appraisal of the arguments the book presents a clear and compelling case for the total abolition of the death penalty throughout Africa This book is essential reading for human rights lawyers legal anthropologists historians political analysts and anyone else interested in promoting democracy and the protection of fundamental human rights in Africa

Systemic Racism in South Africa Rupert Taylor, 2024-12-06 This book takes a critical macro level political sociological perspective to understanding South African politics and society Applying systemic racism theory to South Africa the author argues that South African society through its exclusionary social mechanisms has assumed a systemically racist form that deeply compromises questions of truth and justice Constitutive of and embedded in the structure of South African society racism has a reach and a durability that runs deep through the successive stages of segregationism apartheid and liberal democracy Showing the limits of the rule of law in a racist society the author offers a theoretically informed interpretation as to why the national liberation struggle has fallen short of its promise to deliver a better life for all and as to why truth and justice remain so deeply compromised in South Africa today The arguments advanced are supported by over thirty semi structured interviews conducted by the author with high profile South African politicians jurists and intellectuals as well as by using Truth and Reconciliation Commission hearing transcripts both public and top secret This thought provoking book is driven by the imperative to offer a compelling and sustained argument for taking a systemic racism approach to interpreting South Africa for scholars and students of sociology political science race and ethnic studies law and South African history

Race and Ethnicity Kathleen Odell Korgen, Maxine P. Atkinson, 2024-11-21 Race and Ethnicity Sociology in Action is an innovative text that combines comprehensive coverage of race and ethnicity content with active learning exercises seamlessly integrated into the chapters The book is written by a team of experienced instructors who use active learning techniques in their own classrooms These contributors expertly weave together content material active learning exercises discussion questions real world examples of sociologists in action and information on careers that use sociology The Second Edition includes updated data figures and examples as well as new information on many topics including interracial relationships immigrant groups diversity among Asian Americans racial discrimination in housing and building coalitions for racial justice

Rules And Racial Equality Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Rules And Racial Equality free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Rules And Racial Equality free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer

free PDF downloads on a specific topic. While downloading Rules And Racial Equality free PDF files is convenient, its important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but its essential to be cautious and verify the authenticity of the source before downloading Rules And Racial Equality. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether its classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Rules And Racial Equality any PDF files. With these platforms, the world of PDF downloads is just a click away.

FAQs About Rules And Racial Equality Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks.
