

A photograph of a dirt path leading through a forest. The trees are covered in autumn foliage, with shades of orange, yellow, and brown. The path is light-colored and leads towards a bright light at the end of the tunnel. The overall mood is peaceful and hopeful.

If you can't fly then run, if you can't  
run then walk, if you can't walk  
then crawl, but whatever you do  
you have to keep moving forward.

### **Running the Rift** Naomi Benaron, 2012-01-03

Running the Rift follows Jean Patrick Nkuba a gifted Rwandan boy from the day he knows that running will be his life to the moment he must run to save his life a ten year span in which his country is undone by the Hutu Tutsi tensions Born a Tutsi he

is thrust into a world where it's impossible to stay apolitical where the man who used to sell you gifts for your family now spews hatred where the girl who flirted with you in the lunchroom refuses to look at you where your Hutu coach is secretly training the very soldiers who will hunt down your family Yet in an environment increasingly restrictive for the Tutsi he holds fast to his dream of becoming Rwanda's first Olympic medal contender in track a feat he believes might deliver him and his people from this violence When the killing begins Jean Patrick is forced to flee leaving behind the woman the family and the country he loves Finding them again is the race of his life This is the third Bellwether Prize winner published by Algonquin The Bellwether Prize is awarded biennially by Barbara Kingsolver for an unpublished novel that addresses issues of social justice and was previously awarded to *The Girl Who Fell from the Sky* and *Mudbound* **Wired to Run** Scoop

Skupien, 2009-01-01 Over 35 million people will go running this year in the United States alone For some of us it's more than just a hobby over 11 million of us are runaholics Runners and addicts Addicts and runners The two hardly seem to go together unless you're one of those people who periodically put a couple of miles on your running shoes and then think things like Boy this feels good I could go all day long Then you do Or at least try to Running and addiction as in running addiction do indeed go together like chocolate and peanut butter as *Wired to Run* makes so perfectly clear Written by Scoop Skupien a habitual runner for the past 30 years and the founder of Runaholics Anonymous *Wired to Run* is a humorous trip through the world of runaholics and a host of issues that the running obsessed can't quite leave in their dust It's a good natured satire of healing groups that will keep readers whether they're runners or run enablers laughing page after breathless page Central to the book and the whole online Runaholics Anonymous organization is Skupien's 12 Step program for recognizing and dealing with this mental and very physical disorder From We admit that we are powerless over running to We reach the Pinnacle the ability to run in moderation the self-help style mixes laughs with actual training tips and other helpful advice The combination along with hilarious analysis of six different running types that encompass just about anyone who's ever broken a sweat pokes great fun at runners their odd habits and their running rituals It's definitely fun on the run **Windows**

**The Noatic Crossing** David R. Brown, 2019-02-19 Creationism versus evolution As persistent as it is tiring this war has torn families and even nations apart The passions driving these camps to battle have been violent virulent and sadly completely wasted Scientists have examined this world for evidence to assert their theory while creationists have believed the Bible speaks of this same world This is an error that caused a war that needn't have ever been The account of Noah speaks to another world in another time Basked in the shadow of an ultradense gravity Noah's world died in the crib while this one rolled through a billion years or more Here nonhuman life crawled through stages as plates shifted the world we now know congealed into the stage for Yeshua's master play As Noah built his ark in the last few years of his world he prepared for a journey that he could not have conceived one in which Yahweh would not only save him from an apocalypse but through which He would transport Noah to another world altogether Thus The Noatic Crossing the event through which the godly line of the Messiah was comported from afar to our world This treatise examines the lattice of facts available through scientific review and reposit the lens of the Scripture to theorize the extraterrestrial nature of Noah and indeed of human life itself Where once science and religion dueled to the death here instead they will form an alliance to heal the past and to illuminate the present
