A River Running West Donald Worster,2002 This text is a magisterial account of John Wesley Powell the great American explorer and environmental pioneer It tells the true story of undaunted courage in the American West **Acts, Resolutions, and Memorials Passed at the ... Annual, and Special Sessions, of the Legislative Assembly of the Territory of Utah** Utah,1866 Through America Walter Gore Marshall,1881 **A ^ARiver Running West** Donald Worster,2002-11-28 If the word hero still belonged in the historian s lexicon it would certainly be applied to John Wesley Powell Intrepid explorer careful scientist talented writer and dedicated conservationist Powell led the expedition that put the Colorado River on American maps and revealed the Grand Canyon to the world Now comes the first biography of this towering figure in almost fifty years a book that captures his life in all its heroism idealism and ambivalent ambiguous humanity In *A River Running West* Donald Worster one of our leading Western historians tells the story of Powell s great adventures and describes his historical significance with compelling clarity and skill Worster paints a vivid portrait of how this man emerged from the early nineteenth century world of immigrants fervent religion and rough and tumble rural culture and barely survived the Civil War battle at Shiloh The heart of Worster s biography is Powell s epic journey down the Colorado in 1869 a tale of harrowing experiences lethal accidents and breathtaking discoveries After years in the region collecting rocks and fossils and learning to speak the local Native American languages Powell returned to Washington as an eloquent advocate for the West one of America s first and most influential conservationists But in the end he fell victim to a clique of Western politicians who pushed for unfettered economic development relegating the aging explorer to a quiet life of anthropological contemplation John Wesley Powell embodied the energy optimism and westward impulse of the young United States *A River Running West* is a gorgeously written magisterial account of this great American explorer and environmental pioneer a true story of undaunted courage in the American West **Express Crude Oil Pipeline [MT,WY]** ,1996

Monthly Weather Review ,1978 **Out and Running** Donald P. Haider-Markel,2010-08-11 Out and Running is the first systematic analysis of lesbian gay bisexual and transgender LGBT political representation that explores the dynamics of state legislative campaigns and the influence of lesbian and gay legislators in the state policymaking process By examining state legislative elections from 1992 to 2006 and state policymaking from 1992 to 2009 Donald Haider Markel suggests that

the LGBT community can overcome hurdles and win elections and once in office these officials can play a critical role in the policy representation of the community However he also discovers that there are limits to where and when LGBT candidates can run for office and that while their presence in office often enhances policy representation it can also create backlash But even with some of these negative consequences Out and Running provides compelling evidence that gays and lesbians are more likely to see beneficial legislation pass by increasing the number of LGBT state legislators Indeed grassroots politics in the states may allow the LGBT community its best opportunity for achieving its policy goals **The Mobilgas Economy**
