I felt compelled to write this book because the conditions that our sportspeople endure defy not just the laws of sportsmanship but the fundamental principles of human rights. This book is my way of exposing these violations. The right to dignity to fair treatment to a life free from exploitation these are rights that our athletes are denied. This book is also a tribute to those forgotten athletes the ones who gave their all for the nation only to be discarded when they could no longer compete at the highest level. My hope is that this book will serve as a wake up call a rallying cry for change.
