Rural Ireland Real Ireland:

Rural Ireland, Real Ireland? Jacqueline Genet, 1996 This collection draws a picture of rural Ireland through Irish literature from the 18th century with William Chaigneau Maria Edgeworth and Lady Morgan through the numerous rich productions of the 19th century up to the present time with Patrick Kavanagh and Flann O'Brien **The Real Ireland** Harvey O'Brien, 2004 The Real Ireland is the first study of Irish documentary film but more than that it is a study of Ireland itself of how the idea of Ireland evolved throughout the twentieth century and how documentary cinema both recorded and participated in the process of change More than just a film studies work it is a discussion of history politics and culture which also explores the philosophical roots of the documentary idea and how this idea informs concepts of society self and nation It features rare and previously unseen illustrations and a detailed documentary filmography the first of its kind in print anywhere *Irish English as Represented in Film* Shane Walshe, 2009 This study is the first of its kind to analyse the representation of Irish English in film Using a corpus of 50 films ranging from John Ford's *The Informer* 1935 to Lenny Abrahamson's *Garage* 2007 the author examines the extent to which Irish English grammatical discourse and lexical features are present in the films and provides a qualitative analysis of the accents in these works The authenticity of the language is called into question and discussed in relation to the phenomenon of the Stage Irishman *James Joyce and the Fabrication of an Irish Identity*, 2021-10-18 **Civilising rural Ireland** Patrick Doyle, 2019-01-21 This electronic version has been made available under a Creative Commons BY NC ND open access license The introduction of co operative societies into the Irish countryside during the late nineteenth century transformed rural society and created an enduring economic legacy Civilising rural Ireland challenges predominant narratives of Irish history that explain the emergence of the nation state through the lens of political conflict and violence Instead the book takes as its focus the numerous leaders organisers and members of the Irish co operative movement Together these people captured the spirit of change as they created a modern Ireland through their reorganisation of the countryside the spread of new economic ideas and the promotion of mutually owned businesses Besides giving a comprehensive account of the co operative movement's introduction to Irish society the book offers an analysis of the importance of these radical economic ideas upon political Irish nationalism *The Palgrave Handbook of Contemporary Irish Theatre and Performance* Eamonn Jordan, Eric Weitz, 2018-09-18 This Handbook offers a multiform sweep of theoretical historical practical and personal glimpses into a landscape roughly characterised as contemporary Irish theatre and performance Bringing together a spectrum of voices and sensibilities in each of its four sections Histories Close ups Interfaces and Reflections it casts its gaze back across the past sixty years or so to recall analyse and assess the recent legacy of theatre and performance on this island While offering information overviews and reflections of current thought across its chapters this book will serve most handily as food for thought and a springboard for curiosity Offering something different in its mix of themes and perspectives so that previously unexamined surfaces might come to light individually and in

conjunction with other essays it is a wide ranging and indispensable resource in Irish theatre studies The Ecology of Finnegans Wake Alison Lacivita, 2021-11-09 In this book one of the first ecocritical explorations of Irish literature Alison Lacivita defies the popular view of James Joyce as a thoroughly urban writer by bringing to light his consistent engagement with nature Using genetic criticism to investigate Joyce's source texts notebooks and proofs Lacivita shows how Joyce developed ecological themes in *Finnegans Wake* over successive drafts Making apparent a love of growing things and a lively connection with the natural world across his texts Lacivita's approach reveals Joyce's keen attention to the Irish landscape meteorology urban planning Dublin's ecology the exploitation of nature and fertility and reproduction Alison Lacivita unearths a vital quality of Joyce's work that has largely gone undetected decisively aligning ecocriticism with both modernism and Irish studies **Stones of Dublin** Lisa Marie Griffith, 2014-09-29 Stand on any street in Dublin and one is confronted with history Behind the facades of the ten buildings featured here is the story of Dublin bringing to life key events and characters from the past The buildings include Christ Church Cathedral Dublin's oldest church Dublin Castle the colonisers castle Trinity College Dublin the first seat of learning the Old Parliament House Bank of Ireland City Hall the centre of civic life Kilmainham Gaol where leaders of the rebellions of 1798 1803 1848 1867 and 1916 were detained St James Gate Brewery home of Guinness the iconic GPO the last great Georgian public building erected the national theatre and cradle of Irish drama the Abbey and Croke Park home of the Gaelic Athletic Association and a cathedral of sport These survive as tangible reminders of Dublin's past and help shape the city landscape today Bringing together the stories of these landmark buildings takes us on a wonderful journey through the shifting social political and cultural history of Ireland's capital Reforming Chile Patrick Barr-Melej, 2002-11-25 Highlighting the crucial yet largely overlooked role played by society's middle layers in the historical development of Latin America Patrick Barr Melej provides the first comprehensive analysis of the rise of Chile's middle class reform movement and its profound impact on that country's cultural and political landscapes He shows how a diverse collection of middle class intellectuals writers politicians educators and bureaucrats forged a progressive nationalism and advanced an ambitious cultural political project between the 1890s and 1940s Together reformers challenged the power of elite groups and sought to quell working class revolutionary activism as they endeavored to democratize culture and fortify liberal democracy Using sources that range from archival documents and newspapers to short stories novels and school textbooks Barr Melej examines the reform movement's cultural ideas and their political applications especially as they were articulated in the areas of literature and public education In the process he provides a new framework for understanding Chile's cultural and political evolution as well as the complicated place of the middle class in a society experiencing the swift changes inherent in capitalist modernization **Where Heroes Are Made** John Scally, 2025-09-18 This book tells the stories of some great GAA locations and the people linked with them It includes obvious places like Croke Park the Polo Grounds Hayes's Hotel Biddy Early's lake the family to less obvious places like Fiji East

Belfast Ellis Island and an internment camp in Wales We also visit the club the unbroken chain in the GAA's ageless passing of wisdom before taking a bypass on the Boulevard of Broken Dreams to a barber's shop and a car park Full of compelling revelations such as for the first time Jack Lynch's startling admission in his final interview of the big regret of his career the GAA's first miracle why Kevin Heffernan lost his temper with Bernard Brogan why Liam Griffin was told he would become a laughing stock the story of Limerick's gate crasher and the day Seán Purcell rose from the dead **Assembling Flann**

O'Brien Maebh Long, 2014-01-02 Flann O'Brien also known as Brian O'Nolan or Myles na gCopaleen is now widely recognised as one of the foremost of Ireland's modern authors *Assembling Flann O'Brien* explores the author's innovative and experimental work by reading him in relation to some of the 20th century's most important theorists including Derrida Agamben Freud Lacan and Žižek *Assembling Flann O'Brien* offers a detailed study of O'Brien's five major novels including *At Swim Two Birds* and *The Third Policeman* as well as his plays short stories journalistic output and unpublished archival material The book presents new theoretical perspectives on his works exploring his compelling engagements with questions of the proper name the archive law and desire and the problems of identity language sexuality and censorship which acutely troubled Ireland's new state Combining a wide range of contemporary theory with a sensitivity to the cultural and political context in which the author wrote Maebh Long opens up entirely new aspects of Flann O'Brien's writings and explores the ingenious and the problematic within his oeuvre **Modern Irish Poetry: A New Alhambra** Frank Sewell, 2001-01-25

Recently chapters on individual Irish language authors have formed part of publications regarding modern Irish art and culture in general Such chapters are welcome but they have excited the curiosity of readers to the degree that longer more detailed works are now required to put writing in Irish into perspective In this study of four modern poets two each from two generations Sewell attempts to illustrate not only the accumulative but the transformative nature of tradition Chapters 1 and 2 turn from the mid 20th century master Seán Riordáin to the contemporary poet Cathal Searcaigh because the comparison and contrast highlights significant aspects of the amazing development of Irish poetry and indeed society in the period Here importantly the word development is meant in a neutral way the image used is that of a zig zag movement in the pattern of the continuing Irish tradition Chapter 3 returns to the slightly earlier major Irish language poet Mairéad Ní Dire In doing so it returns home from the internationalism of the previous chapter on Searcaigh to Ireland a major focus and concern for the more solely traditionalist Ní Dire In This switch back in time geography social mores or outlook fits and illustrates Sewell's concept of the zig zag movement of a country's culture as it proceeds from generation to generation The positioning therefore has a thematic purpose The fourth and final chapter focuses on the contemporary poet Nuala Ní Dhomhnaill who has managed to synthesise tradition and modernity central concerns of this book and who in doing so has become the current trail blazer of Irish poetry in either language *Emerald Green* Tim Wenzel, 2009-12-14 *Emerald Green* An Ecocritical Study of Irish Literature analyzes a wide range of Irish literature whose themes tie into a reverence for the natural world of

Ireland From an ecocritical perspective these works tied into an understanding of the landscape and particular aspects of nature attain a fresh new meaning and foster a more relevant reflection of Ireland s beautiful literary landscape The analysis begins with the first Irish writers the hermit poets and examines the ways in which the Irish hermit and saint were connected spiritually through both pagan and early Christian values to the natural world The book then examines Irish literature from the perspective of the deforested landscape and the landscapes of farmland divided property famine ruins and a threatening natural world Following the Famine the book moves on to explore the establishment of the pastoral dream in this loss of landscape and a re connection to nature through the writers of the Irish Literary Renaissance From there the analysis shifts to the nature writing of Ireland s islands including nature and community on Achill Island storytelling on the Aran Islands exile in nature on Skellig Michael and the mythmaking of the Great Blasket Island Moving north and into the twentieth century Emerald Green focuses on four nature poets from Northern Ireland Patrick Kavanagh Louis MacNeice Seamus Heaney and Michael Longley all four are redeemed by nature through their returns to the rural landscape of Ireland s west coast The book concludes with an examination of modern Irish environmental writers and naturalist poets as well as journalists weighing in on current environmental concerns in Ireland Emerald Green concludes with an assessment of the future of nature in Ireland and how the significant reduction of this country s natural landscape will alter its literary landscape as well

Renegotiating Rural Development in Ireland John McDonagh,2017-11-01 This title was first published in 2002 As rural Ireland undergoes deep reaching changes this book critically assesses what the author terms the renegotiation of rural development in Ireland through the repackaging reproduction and representation of suggestions ideas and alternatives for rural renewal Deconstructing the process and practice of rural development in Ireland the author explores the new approaches to development and the so called desire for creating integrative policy and planning approaches The main conduits for this investigation are those of partnership and community groups and their involvement in rural development issues Further through investigation of the relevant concepts and theories of rural change the volume delves into the discourses of rurality and development and utilizes the diversity of approaches and understanding of this increasingly complex issue

Inauthentic Vincent John Cheng,2004 Vincent Cheng examines why we still cling to notions of authenticity in an increasingly globalized world that has exploded notions of

authentic essences absolute differences Just why do we become so exercised over a perceived loss of authentic cultural identity On an Irish Island Robert Kanigel,2013-02-26 On an Irish Island tells the remarkable story of a remote outpost nearly untouched by time in the first half of the twentieth century and of the adventurous men and women who visited and were inspired by it In a love letter to a vanished way of life Robert Kanigel brings to life this wildly beautiful island notable for the vivid communal life of its residents and the unadulterated Irish they spoke well into the twentieth century With the Irish language rapidly disappearing Great Blasket became a magnet for scholars linguists and writers during the Gaelic renaissance As we follow these visitors among them John Millington Synge author of The Playboy of the Western World we are captivated both by the tiny group of islanders who kept an entire country's past alive and by their complex relationships with those who brought the island's story to the larger world **The Cambridge Companion to J. M. Synge** P. J.

Mathews,2009-11-19 John Millington Synge was a leading literary figure of the Irish Revival who played a significant role in the founding of Dublin's Abbey Theatre in 1904 This Companion offers a comprehensive introduction to the whole range of Synge's work from well known plays like Riders to the Sea The Well of the Saints and The Playboy of the Western World to his influential prose work The Aran Islands The essays provide detailed and insightful analyses of individual texts as well as perceptive reflections on his engagements with the Irish language processes of decolonisation gender modernism and European culture Critical accounts of landmark productions in Ireland and America are also included With a guide to further reading and a chronology this book will introduce students of drama postcolonial studies and Irish studies as well as theatregoers to one of the most influential and controversial dramatists of the twentieth century **The French**

Revolution Debate and the British Novel, 1790-1814 Morgan Rooney,2013 This study examines how debates about history during the French Revolution informed and changed the nature of the British novel between 1790 and 1814 During these years intersections between history political ideology and fiction as well as the various meanings of the term history itself were multiple and far reaching Morgan Rooney elucidates these subtleties clearly and convincingly While political writers of the 1790s Burke Price Mackintosh Paine Godwin Wollstonecraft and others debate the historical meaning of the Glorious Revolution as a prelude to broader ideological arguments about the significance of the past for the present and future novelists engage with this discourse by representing moments of the past or otherwise vying to enlist the authority of history to further a reformist or loyalist agenda Anti Jacobin novelists such as Charles Walker Robert Bisset and Jane West draw on Burkean historical discourse to characterize the reform movement as ignorant of the complex operations of historical accretion For their part reform minded novelists such as Charlotte Smith William Godwin and Maria Edgeworth travesty Burke's tropes and arguments so as to undermine and then redefine the category of history As the Revolution crisis recedes new novel forms such as Edgeworth's regional novel Lady Morgan's national tale and Jane Porter's early historical fiction emerge but historical representation largely the legacy of the 1790s novel remains an increasingly pronounced feature

of the genre Whereas the representation of history in the novel Rooney argues is initially used strategically by novelists involved in the Revolution debate it is appropriated in the early nineteenth century by authors such as Edgeworth Morgan and Porter for other often related ideological purposes before ultimately developing into a stable nonpartisan aestheticized feature of the form as practiced by Walter Scott The French Revolution Debate and the British Novel 1790 1814 demonstrates that the transformation of the novel at this fascinating juncture of British political and literary history contributes to the emergence of the historical novel as it was first realized in Scott s Waverley 1814 *Ireland's Heritages* Mark McCarthy,2017-09-29 This book is the first sustained attempt to incorporate critical scholarship and thought at the cutting edge of contemporary geography history and archaeology into the burgeoning field of Irish heritage studies It seeks to illustrate the validity of multiple depictions of the Irish past showing how scrutiny of heritage practices and meanings is so essential for illuminating our understanding of the present Examining Ireland s heritages from a critical perspective that celebrates notions of heterogeneity and uniqueness the distinguished contributors to this book scrutinise the multiplicity of complex relations between heritage history memory commemoration economy and cultural identity within various historical geographical and archaeological contexts Using several examples and case studies this book raises issues not only from a uniquely Irish perspective but also investigates the memorialisation and marketing of the Irish past in overseas locations such as the USA and Australia
