## **Rural Versus Urban Political Power The Nature And Consequences Of Unbalanced Representation:**

*Rural Versus Urban Political Power* Gordon E. Baker, 1955 RURAL VERSUS URBAN POLITICAL POWER GORDON E. BAKER, 2018 *The Life and Death of the Solid South* Dewey W. Grantham, 2021-10-21 Southern style politics was one of those peculiar institutions that differentiated the South from other American regions This system long referred to as the Solid South embodied a distinctive regional culture and was perpetuated through an undemocratic distribution of power and a structure based on disfranchisement malapportioned legislatures and one party politics It was the mechanism that determined who would govern in the states and localities and in national politics it was the means through which the South's politicians defended their region's special interests and political autonomy The history of this remarkable institution can be traced in the gradual rise long persistence and ultimate decline of the Democratic Party dominance in the land below the Potomac and the Ohio This is the story that Dewey W Grantham tells in his fresh and authoritative account of the South's modern political experience The distillation of many years of research and reflection is both a synthesis of the extensive literature on politics in the recent South and a challenging reinterpretation of the region's political history **On Democracy's Doorstep** J. Douglas Smith, 2014-06-10 Winner of the Henry Adams Prize from the Society for History in the Federal Government A Washington Post Notable Work of Nonfiction A Slate Best Book of 2014 The inside story of the Supreme Court decisions that brought true democracy to the United States As chief justice of the U S Supreme Court Earl Warren is most often remembered for landmark rulings in favor of desegregation and the rights of the accused But Warren himself identified a lesser known group of cases *Baker v Carr* *Reynolds v Sims* and their companions as his most important work J Douglas Smith's *On Democracy's Doorstep* masterfully recounts the tumultuous and often overlooked events that established the principle of one person one vote in the United States Before the Warren Court acted American democracy was in poor order As citizens migrated to urban areas legislative boundaries remained the same giving rural lawmakers from sparsely populated districts disproportionate political power a power they often used on behalf of influential business interests Smith shows how activists ranging from city boosters in Tennessee to the League of Women Voters worked to end malapportionment incurring the wrath of chambers of commerce and southern segregationists as they did so Despite a conspiracy of legislative inaction and a 1946 Supreme Court decision that instructed the judiciary not to enter the political thicket advocates did not lose hope As Smith shows they skillfully used the Fourteenth Amendment's Equal Protection Clause to argue for radical judicial intervention Smith vividly depicts the unfolding drama as Attorney General Robert F Kennedy pressed for change Solicitor General Archibald Cox cautiously held back young clerks pushed the justices toward ever bolder reform and the powerful Senate Minority Leader Everett Dirksen obsessively sought to reverse the judicial revolution that had upended state governments from California to Virginia Today following the Court's recent controversial decisions on voting rights and campaign finance the battles described in *On Democracy's Doorstep* have increasing relevance With

erudition and verve Smith illuminates this neglected episode of American political history and confronts its profound consequences

**Backlash Against Welfare Mothers** Ellen Reese, 2005-07-29 Ellen Reese considers the politics of welfare in the U S from the 1940s to the present offering a historical perspective on the current debates over welfare mothers showing how racism has played a large part in the formulation of popular conceptions regarding welfare

**The Rise of Massive Resistance** Numan V. Bartley, 1999-07-01 Originally published in 1969 The Rise of Massive Resistance was the first scholarly work to deal decisively with the politics of southern resistance to public school integration Today it remains one of the most important books on the subject For this thirtieth anniversary edition Numan Bartley has included a new preface in which he reflects on his reasons for writing the book and why it has stood the test of time Bartley gives a step by step account of opposition to school desegregation in each southern state during the 1950s and clarifies the attitudes underlying massive resistance by examining the roles played by such southern leaders as James F Byrnes Harry Flood Byrd James O Eastland Orval E Faubus Claude Pepper Estes Kefauver Richard B Russell Herman Talmadge Big Jim Folsom and Earl K Long He also closely analyzes the attitudes of the Eisenhower administration and national leaders toward the South and explores the activities of the Citizens Councils the Ku Klux Klan and other local groups that emerged to defend the southern way of life His closing Critical Essay on Authorities still forms an excellent guide to primary and secondary sources on opposition to Brown v Board of Education

Senate Rules and Procedures United States. Congress. Senate. Rules and Administration, 1963

**Democracy in Session** David M. Gold, 2009 For more than 200 years no institution has been more important to the development of the American democratic polity than the state legislature yet no political institution has been so neglected by historians Although more lawmaking takes place in the state capitals than in Washington D C scholars have lavished their attention on Congress producing only a handful of histories of state legislatures Most of those histories have focused on discrete legislative acts rather than on legislative process and all have slighted key aspects of the legislative environment the parliamentary rules of play the employees who make the game possible the physical setting the arena in which the people's representatives engage in conflict and compromise to create public policy This book relates in fascinating detail the history of the Ohio General Assembly from its eighteenth century origins in the Northwest Territory to its twenty first century incarnation as a full time professional legislature Democracy in Session explains the constitutional context within which the General Assembly functions examines the evolution of legislative committees and explores the impact of technology on political contests and legislative procedure It sheds new light on the operations of the House and Senate clerks offices and on such legislative rituals as seat selection opening prayers and the Pledge of Allegiance Partisan issues and public policy receive their due but so do ethics and decorum the election of African American and female legislators the statehouse and the social life of the members Democracy in Session is in short the most comprehensive history of a state legislature written to date and an important contribution to the story of American democracy

Senate Rules and

Procedures United States. Congress. Senate. Committee on Rules and Administration,1963      Financial Or Business Interests of Officers Or Employees of the Senate United States. Congress. Senate. Committee on Rules and Administration,1964      **Keeping the People's Liberties** John J. Dinan,1998 4 The theory and design of populist institutions  
Redistricting in Comparative Perspective Lisa Handley,Bernard Grofman,2008-06-26 The aim of this book is threefold First to put in one place for the convenience of both scholars and practitioners the basic data on redistricting practices in democracies around the world Remarkably this data has never before been collected Second to provide a series of short case studies that look in more detail at particular countries with regard to the institutions and practices that have evolved for redistricting and the nature of the debates that have arisen Third to begin to look in comparative perspective at the consequences of alternative redistricting mechanisms and at the tradeoffs among competing redistricting criteria This volume has contributions from some of the leading specialists on redistricting in the world The chapters reflect a mix of country specific material chapters that are broadly comparative and chapters whose contributions are more methodological in nature The chapters in this volume provide an indispensable introduction to the institutions practices and consequences of boundary delimitation around the world Comparative Politics is a series for students and teachers of political science that deals with contemporary issues in comparative government and politics The General Editors are David M Farrell Jean Monnet Chair in European Politics and Head of School of Social Sciences University of Manchester and Alfio Mastropaolo University of Turin The series is published in association with the European Consortium for Political Research      **Hearings** United States. Congress. Senate. Committee on Rules and Administration,1963      **Reapportionment** Glendon A. Schubert,1965      **Rules and Reason** Ram Mudambi,Pietro Navarra,Giuseppe Sobbrío,2001-01-29 This volume explores shifting conceptions of constitutional political economy and suggests possible future strategies for change      **Current Sociology** ,1955 Includes bibliographies      *American Book Publishing Record* ,1979      Bowker's Law Books and Serials in Print ,1995      **University of California Union Catalog of Monographs Cataloged by the Nine Campuses from 1963 Through 1967: Subjects** University of California (System). Institute of Library Research,University of California, Berkeley,1972      **New Publications in the United Nations Headquarters Library** United Nations Library (New York, N.Y.),1955
