The Transition to

Democracy in Hungary Dae Soon Kim, 2013-07-18 Unlike in other countries of Eastern Europe where the opposition to communism came in the form of single mass movements led by charismatic leaders such as Václav Havel and Lech Wałęsa in Hungary the opposition was very fragmented brought together and made effective only by the authoritative significant but relatively unknown Imre Gyöngyösi who subsequently became Hungary's first post communist president This book charts the political career of Imre Gyöngyösi outlining the outstanding contribution he made to Hungary's transition to democracy Drawing on a wide range of sources including archives and interviews with Gyöngyösi himself and others it shows how Gyöngyösi unlike Havel who was a playwright and whose political role was largely symbolic was a campaigning politician all his life consistently advocating social democratic but not communist values Imprisoned from 1956 for his participation in the 1956 uprising Gyöngyösi was a highly effective political operator in the transition period around 1989 and as president wielded real power effectively As politics in Hungary are again marred by deep division and fragmentation Gyöngyösi's success in bringing rival groups together is even more pronounced

Orton,1989 **Progress in Agricultural Geography (Routledge Revivals)** Michael Pacione,2014-06-03 In the second half of the twentieth century significant changes were occurring within the agricultural industry including an increase in efficiency and government intervention as well as expanded and more complicated patterns of trade This comprehensive volume first published in 1986 reflects how these developments challenged the field of agricultural geography Considering agricultural innovations farming systems government policy and land ownership this title provides an essential background to students with an interest in agricultural methods distribution and reform **Peasants And Power**

Joan Sokolovsky,2019-05-28 Focusing on events in Hungary and Poland from 1948 to 1962 Dr Sokolovsky shows why collectivization can best be understood as an element in state building for the new regimes of Eastern Europe For these countries policy options were constrained by dependence upon the Soviet Union and the economic demands of a newly industrializing society Econom Peasant Violence and Antisemitism in Early Twentieth-Century Eastern Europe Irina Marin,2018-07-11 This book is a transnational study of rural and anti Semitic violence around the triple frontier between Austria Hungary Romania and Tsarist Russia at the beginning of the twentieth century It focuses on the devastating Romanian peasant uprising in 1907 and traces the reverberations of the crisis across the triple frontier analysing the fears spectres and knee jerk reactions it triggered in the borderlands of Austria Hungary and Tsarist Russia The uprising came close on the heels of the 1905 1907 social turmoil in Tsarist Russia and brought into play the major issues that characterized social and political life in the region at the time rural poverty the Jewish Question state modernization and social upheavals

Rainer,2009-08-30 After nearly three decades of dutiful service to the Communist Party Imre Nagy led the popular uprising against the Soviet authorities during the 1956 Hungarian Revolution Two years later he was disgraced and executed How did the formerly loyal Party servant become one of its most ardent critics How did he reconcile his own beliefs with the demands of the Party for so long and what finally drove him to take a stand And how should we understand his legacy for the modern democracy of Hungary This definitive biography of the Communist leader traces his life from his conventional petty bourgeois childhood in south west Hungary through his tremendous political achievements and ultimate dramatic failure The first complete portrait of this complex and contradictory figure Imre Nagy is vividly brought to life as an enigmatic figure whose actions shaped Hungary s destiny in 1956 and ever since
