Rush Limbaugh Story:

The Rush Limbaugh Story Paul D. Colford, 1993 The Rush Limbaugh Story is the first full length account of the life and times of the conservative funny man who has become America's most listened to radio host a popular television commentator a best selling polemicist and a political power in his own right It is a no holds barred look at the public and private life of this huge media star Rush Limbaugh's worldview was forged by a domineering ardently Republican father and a small town Missouri upbringing far removed from the tumult of the 1960s Paul D Colford a New York media columnist who has covered him for five years details young Rusty's entry into radio as a teenager an enthusiasm that eventually prompted him to quit college and set out on the gypsy path of a rock and roll disc jockey Rush lost job after job along with two wives but found his calling when he switched to talk radio and his liberal bashing pranks earned him a wildly receptive following on Sacramento's KFBK AM A shrewd syndicator spun him off to a national audience in 1988 The Rush Limbaugh Story sets his emergence against the changing landscape of network radio as it explores the foibles the deals the marriages the controversies the bombast the riches and the ego of the conservative pitbull whose influence was actively courted by President Bush in the 1992 campaign Today he reaches more than sixteen million listeners a week via six hundred stations And those numbers continue to grow while the question remains Who is Rush Limbaugh BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved

The Rush Limbaugh Story Paul D. Colford, 1994-06-15 An entertaining quote studded look at the life of the nation's top conservative radio host and best selling author from his lonely adolescence in Missouri to his inauspicious beginnings in radio to his enormous success Reprint

The Most Dangerous Man in America John K. Wilson, 2011-03-01 John K Wilson the author of President Trump Unveiled tackles the ideologies of America's most notorious conservative radio talk show icon in *The Most Dangerous Man in America* Rush Limbaugh's Assault on Reason Rush Limbaugh is the most prominent figure in the conservative movement with millions of listeners every week on more than six hundred stations a larger media platform than almost any other individual in the nation And this is why he is so dangerous Despite refusing to uphold even the most basic standards of journalism Rush has been given an extensive wide reaching platform with which to spew his venom And spew it he does In this book author John K Wilson uses the most damning evidence of all Rush's own words to deliver the ultimate indictment of Limbaugh's bankrupt ideology and how it embodies the decline of the conservative movement Wilson catalogs the world according to Rush from the political conspiracies to his disdain for scientific evidence and apparent love of racist sexist and homophobic stereotypes and shows how the radio personality poisons any rational political rhetoric with an endless stream of slurs lies and intimidation Most revealingly the author demonstrates how Limbaugh's blustering baseless proclamations and love for savage personal attacks have had a chilling effect on both parties as he viciously targets not only liberals but also any Republican who dares question one of his conclusions Meanwhile Rush's viselike grip on the political arena has created a media monster so powerful that

even liberal commentators are forced to engage with him and his polarizing discourse The Most Dangerous Man in America reveals Rush Limbaugh to be just that No matter what you thought about the man before you will never feel the same way about him again *Rising Fascism in America* Anthony DiMaggio,2021-12-30 Rising Fascism in America It Can Happen Here explores how rising fascism has infiltrated U S politics and how the media and academia failed to spot its earlier rise Anthony R DiMaggio spotlights the development of rightwing polarization of the media Trump s political ascendance and the prominence of extremist activists including in Congress Fascism has long bubbled under the surface until the coup attempt of January 6th 2021 This book offers tactics to combat fascism exploring social movements such as Antifa and Black Lives Matter in mobilizing the public When so little scholarship engages the question of fascism Anthony R DiMaggio combines the rigor of academic analysis with an accessible style that appeals to student and general readers **Beyond WikiLeaks** Benedetta Brevini,Arne Hintz,Patrick McCurdy,2013-04-16 The 2010 release of US embassy diplomatic cables put WikiLeaks into the international spotlight Revelations by the leaks sparked intense debate within international diplomacy journalism and society This book reflects on the implications of WikiLeaks across politics and media and on the results of leak journalism and transparency activism Us Against Them Randy Bobbitt,2010-01-01 Us against Them examines the phenomenon of talk radio and the role that it plays in the American political process as well as popular culture Utilizing historical accounts of the industry s growth biographies of well known hosts and interviews with individuals working in the industry Randy Bobbitt explores why people choose to listen to political talk instead of music when they turn on their radio Our Divided Political Heart E.J. Dionne, Jr.,2013-01-29 One of America s most respected and well known political analysts weighs in on what is tearing us apart the ascendancy of individualism and the diminishment of community just in time for the election Our Divided Political Heart will be the must readbook of the 2012 election campaign Offering an incisive analysis of how hyper individualism is poisoning the nation s political atmosphere E J Dionne Jr argues that Americans can t agree on who we are because we can t agree on who we ve been or what it is philosophically and spiritually that makes us Americans Dionne takes on the Tea Party s distortions of American history and shows that the true American tradition points not to radical individualism but to a balance between our love of individualism and our devotion to community Dionne offers both a fascinating tour of American history from the Founding Fathers to Clay and Lincoln and on to the Populists the Progressives and the New Dealers and also an analysis of our current politics that shatters conventional wisdom The true American idea far from endorsing government inaction or indifference has always viewed the federal government as an active and constructive partner with the rest of society in promoting prosperity opportunity and American greatness The ability of the American system to self correct is its greatest asset and Dionne challenges progressives to embrace the American story Our fractious but productive past offers us the resources both to rediscover the idea of progress and to put an end to our fears of decline Our Divided Political Heart will be required reading for all who seek a path out of our current impasse Publisher s

The Hollow Parties Daniel Schlozman, Sam Rosenfeld, 2025-10-28 A major history from the Founding to our embittered present that explains the void Politico at the center of America's political parties Featured on The Ezra Klein Show and The Weekly Show with Jon Stewart America's political parties are hollow shells of what they could be locked in a polarized struggle for power and unrooted as civic organizations The *Hollow Parties* takes readers from the rise of mass party politics in the Jacksonian era through the years of Barack Obama and Donald Trump Today's parties at once overbearing and ineffectual have emerged from the interplay of multiple party traditions that reach back to the Founding Daniel Schlozman and Sam Rosenfeld paint unforgettable portraits of figures such as Martin Van Buren whose pioneering Democrats invented the machinery of the mass political party and Abraham Lincoln and other heroic Republicans of that party's first generation who stood up to the Slave Power And they show how today's fractious party politics arose from the ashes of the New Deal order in the 1970s Activists in the wake of the 1968 Democratic National Convention transformed presidential nominations but failed to lay the foundations for robust movement driven parties Instead modern American conservatism hollowed out the party system deeming it a mere instrument for power Party hollowness lies at the heart of our democratic discontents With historical sweep and political acuity The *Hollow Parties* offers powerful answers to pressing questions about how the nation's parties became so dysfunctional and how they might yet realize their promise *When the Clock Broke* John Ganz, 2024-06-18 ONE OF THE WASHINGTON POST'S TEN BEST BOOKS OF 2024 One of The New York Times's 100 Notable Books of 2024 Longlisted for the National Book Critics Circle Award AN INSTANT NEW YORK TIMES BESTSELLER National Indie Bestseller A Barack Obama summer reading pick One of Publishers Weekly's ten best books of 2024 Terrific Vibrant *When the Clock Broke* is one of those rarest of books unflaggingly entertaining while never losing sight of its moral

Fooled Again Mark Crispin Miller, 2007-06-12 For Republicans the 2004 presidential election was little short of miraculous Behind in the Electoral College tally in the days leading up to the election behind even on the very afternoon of the vote the Bush ticket staged a stunning comeback The exit polls usually so reliable turned out to be wrong by an unprecedented 5 percent in the swing states Conservatives argued and the media agreed that moral values had made the difference In his new book renowned critic and political commentator Mark Crispin Miller argues that it wasn t moral values that swung the election it was theft While the greatest body of evidence comes from the key state of Ohio where the Democratic staff of the House Judiciary Committee found an extraordinary onslaught of Republican engineered vote suppression election day irregularities old fashioned intimidation tactics and illegal counting procedures similar practices and occasionally worse ones were applied in Florida Oregon Pennsylvania New Mexico Nevada Arizona and even New York A huge array of anomalies improper practices and blatant violations of the law all by a truly remarkable coincidence happened to swing in the Bush ticket s favor This pattern not one overwhelming fraud but thousands of little ones is in Miller s view the new Republican electoral strategy This incendiary new book presents massive documentation that the election was stolen

and describes the mind set among both the major parties and the media that could permit it to happen again *Republican Gomorrah* Max Blumenthal, 2009-09-01 Over the last year award winning journalist and videographer Max Blumenthal has been behind some of the most sensational and funniest exposes of Republican machinations Whether it was his revelation that Sarah Palin was anointed by a Kenyan priest famous for casting out witches or his confronting Republican congressional leaders and John McCain's family at the GOP convention about the party's opposition to sex education and hence the rise in teen pregnancies like that of Palin's daughter or his expose of the eccentric multimillionaire theocrat behind California's Prop 8 anti gay marriage initiative Blumenthal has become one of the most important and most constantly cited journalists on how fringe movements are becoming the Republican Party mainstream *Republican Gomorrah* is a bestiary of dysfunction scandal and sordidness from the dark heart of the forces that now have a leash on the party It shows how those forces are the ones that establishment Republicans like John McCain have to bow to if they have any hope of running for President It shows that Sarah Palin was the logical choice of a party in the control of theocrats But more than just an expose *Republican Gomorrah* shows that many of the movement's leading figures have more in common than just the power they command within conservative ranks Their personal lives have been stained by crisis and scandal depression mental illness extra marital affairs struggles with homosexual urges heavy medication addiction to pornography serial domestic abuse and even murder Inspired by the work of psychologists Erich Fromm who asserted that the fear of freedom propels anxiety ridden people into authoritarian settings Blumenthal explains in a compelling narrative how a culture of personal crisis has defined the radical right transforming the nature of the Republican Party for the next generation and setting the stage for the future of American politics

Alarming Reports Andrew Arno, 2009 This book explores the path of news as it moves through the tangled labyrinth of social identities and asserted interests that lie beyond the page or screen **Reporters Who Made History**

Steven M. Hallock, 2009-11-25 This volume looks back at the last half of the 20th century through the work and reminiscences of ten of the era's preeminent journalists *Reporters Who Made History* Great American Journalists on the Issues and Crises of the Late 20th Century looks at a series of extraordinary chapters in the American story through the eyes of ten giants of journalism Helen Thomas Anthony Lewis Morley Safer Earl Caldwell Ben Bradlee Georgie Anne Geyer Ellen Goodman Juan Williams David Broder and Judy Woodruff Taking each of these journalists in turn Hallock focuses on his or her work in the course of a single decade drawing on the author's interviews with the journalist archival research memoirs and critical studies These exemplars of the best postwar American news reporting never took the easy path of simply restating policies and uncritically regurgitating press releases Instead their skeptical independent and searching methods of investigative and analytical journalism actually influenced the course of the very events they covered and significantly shaped our understanding of our national past

Talk Radio's America Brian Rosenwald, 2019-08-13 The cocreator of the Washington Post's *Made by History* blog reveals how the rise of conservative talk radio gave us a Republican Party incapable

of governing and paved the way for Donald Trump America's long road to the Trump presidency began on August 1 1988 when desperate for content to save AM radio top media executives stumbled on a new format that would turn the political world upside down They little imagined that in the coming years their brainchild would polarize the country and make it nearly impossible to govern Rush Limbaugh an enormously talented former disc jockey opinionated brash and unapologetically conservative pioneered a pathbreaking infotainment program that captured the hearts of an audience no media executive knew existed Limbaugh's listeners yearned for a champion to punch back against those maligning their values Within a decade this format would grow from fifty nine stations to over one thousand keeping millions of Americans company as they commuted worked and shouted back at their radios The concept pioneered by Limbaugh was quickly copied by cable news and digital media Radio hosts form a deep bond with their audience which gives them enormous political power Unlike elected representatives however they must entertain their audience or watch their ratings fall Talk radio boosted the Republican agenda in the 1990s but two decades later escalation in the battle for the airwaves pushed hosts toward ever more conservative outrageous and hyperbolic content Donald Trump borrowed conservative radio hosts playbook and gave Republican base voters the kind of pugnacious candidate they had been demanding for decades By 2016 a political force no one intended to create had completely transformed American politics
