La Rusia post-soviética Roy Aleksandrovich Medvedev, 2004 **La Rusia post-soviética y su derecho contra el fondo de las tres Rusias sucesivas anteriores** Guillermo Floris Margadant S., 2002 Un destino incierto: Rusia desde 1989 Stephen Lovell, 2008 **HISTORIA DE RUSIA** PAUL BUSHKOVITCH, 2016-05-08 Great Power Competition in the Southern Oceans Ariel González Levaggi, 2023-07-13

Great power competition is the watermark of the current global scenario. In this regard, the maritime and naval dimension have a particular relevance on the struggle for regional and global hegemony. This book has the potential to engage with multiple audiences since it develops an analytic approach to understand naval great power competition in the maritime spaces of the Global South. It is set within a neoclassical realism approach while engaging literature from international relations, international security and studies on the Indo Pacific and the South Atlantic security dynamics. The book offers a unique conceptual framework to understand how great powers select their maritime strategies, presents a series of regional and global maritime strategies by the United States, China, Russia and India while assess their impact in the Southern Oceans focusing in the Indo Pacific realm and the South Atlantic.

Comparative Education Mark Bray, 2012-12-06. This book presents perspectives on the changes that have taken place within the field of comparative education while noting various continuing traditions. Its contributors come from a wide range of countries and contexts and present their work within a framework set by the 11th congress of the World Council of Comparative Education Societies (WCCES). The book makes a valuable methodological as well as a conceptual contribution to the field.

Handbook of Regional Conflict Resolution Initiatives in the Global South Jeronimo Delgado-Caicedo, 2022-07-28. During the first half of the twentieth century, the international system was largely dominated by the USA and the colonial powers of western Europe. After the two world wars, the political and economic dominance of these states guaranteed them and their allies an almost complete control of world politics. However, as it is the norm in the international system, power structures are not immutable. After the end of the Cold War, rapid changes to the existing international hierarchies took place as new countries from the so called developing world began to emerge as crucial actors capable of questioning and altering the power dynamics of the world. It is therefore unthinkable to ignore emerging countries such as Russia, the People's Republic of China, India, Brazil or South Africa in the decision making process in today's world order. In addition, there is a group of smaller yet increasingly important countries that while acknowledging their inability radically to change the rules of the international system are still eager to shift power relations and enhance their influence in the world: Argentina, Colombia, Egypt, Indonesia, Iran, South Korea, Mexico, Nigeria, Pakistan, Saudi Arabia, Turkey and Vietnam are generally recognised as part of this grouping of emerging powers from the Global South. While there is a consensus amongst academics that emerging powers from the Global South must have a stabilising role within their own regions, previous analyses have focused primarily on the impact that emerging powers have had in their own regions. Conflict resolution initiatives. This volume instead aims to go beyond these analyses and

provide new insights regarding the effect that this stabilising role has on the continental and global positioning of emerging powers In other words this book explores the relation between a country s involvement in conflict resolution initiatives and its positioning in the international system The volume will contribute to this approach using the perspective of academics and practitioners from countries of the Global South particularly from states that have strengthened or sometimes weakened their position in the international hierarchy of power through a leading role in regional conflict resolution initiatives

Following Franco Duncan Wheeler, 2020-10-15 The transition to democracy that followed the death of Spanish dictator Francisco Franco in 1975 was once hailed as a model of political transformation But since the 2008 financial crisis it has come under intense scrutiny Today a growing divide exists between advocates of the Transition and those who see it as the source of Spain's current socio-political bankruptcy This book revisits the crucial

period from 1962 to 1992 exposing the networks of art media and power that drove the Transition and continue to underpin Spanish politics in the present Drawing on rare archival materials and over three hundred interviews with politicians artists journalists and ordinary Spaniards including former prime minister Felipe Gonzalez 1982-96 Following Franco unlocks the complex and often contradictory narratives surrounding the foundation of contemporary Spain *Género, raza y poder*

,2018-03-13 La vinculación entre condiciones objetivas de existencia tales como la raza y el género y su relación con las diversas formas y manifestaciones del poder merece ser objeto de análisis multidimensionales que permitan dar cuenta del vínculo existente entre los sentidos sociales considerados legítimos y su impacto en el porvenir probable y las esperanzas subjetivas de los agentes sociales Desde las reflexiones sobre el modo en que los gobiernos estigmatizan a los sujetos por su raza hasta el modo en que se ejercen ciertas prácticas de vigilancia para controlar el ejercicio de la sexualidad este volumen busca capturar perspectivas de investigadores que provienen de diversas disciplinas y que se encuentran insertos en contextos de producción diferentes Pero a pesar de la diversidad de miradas y espacios desde los que se produce el conocimiento un interés común reúne a quienes publican sus trabajos aquí ya que hablar de aquellos condicionamientos que provienen del género y la raza implica hacer visibles aspectos constitutivos de la naturaleza sociocultural de la existencia de las personas y reflexionar sobre cómo dichos aspectos se imbrican con el ejercicio del poder **Donne e povertà nella**
