## **Russia 2010 And What It Means For The West:**

**Russia 2010--and what it Means for the World** Daniel Yergin, Thane Gustafson, 1993 2010 Russia disintegrates as its frontier regions rebel or drift into the orbit of neighboring countries 2010 Russia is invigorated by an economic chudo miracle that turns it into a thriving exemplar of the free market 2010 Russia becomes a grim military dictatorship bent on expansion This brilliant and visionary book which is based on a confidential report by the international consulting firm CERA offers several persuasively detailed scenarios of Russia's future Using the management technique of scenario planning and drawing on an extensive knowledge of Russia's political and economic history Daniel Yergin and Thane Gustafson have produced a study that is already shaping the investment strategies of major corporations and that will become an essential text in the policy debates about the next century Russia 2010 captures in a timely way the changes shaking Russia and the former Soviet Union after Communism The result is one of those rare books that not only predict the future but have the power to change it From the Trade Paperback edition

**Russia, the West, and the Ukraine Crisis** Elias Götz, 2018-12-07 This book examines the causes and consequences of the Ukraine crisis with a special focus on Russia's relations with the West Towards that end it brings together international relations scholars and area specialists Issues covered include the evolution of EU Russia and US Russia relations the role of strategic culture and ontological insecurities in the formation of Russian foreign policy the role of hybrid warfare in Russian military policy the geopolitical drivers of Russia's Ukraine policy and a discussion of the decision making dynamics that led to Russia's intervention in eastern Ukraine The contributors employ different theoretical approaches and offer partly complementary and partly competing analyses In so doing this book seeks to stimulate dialogue between different positions and advance our understanding of a topic that will shape the European security order for many years to come This book was originally published as a special issue of Contemporary Politics

**Russia and the Western Far Right** Anton Shekhovtsov, 2017-09-08 The growing influence of Russia on the Western far right has been much discussed in the media recently This book is the first detailed inquiry into what has been a neglected but critically important trend the growing links between Russian actors and Western far right activists publicists ideologues and politicians The author uses a range of sources including interviews video footage leaked communications official statements and press coverage in order to discuss both historical and contemporary Russia in terms of its relationship with the Western far right Initial contacts between Russian political actors and Western far right activists were established in the early 1990s but these contacts were low profile As Moscow has become more anti Western these contacts have become more intense and have operated at a higher level The book shows that the Russian establishment was first interested in using the Western far right to legitimise Moscow's politics and actions both domestically and internationally but more recently Moscow has begun to support particular far right political forces to gain leverage on European politics and undermine the liberal democratic consensus in the West Contributing to ongoing scholarly debates about Russia's role in the world its

strategies aimed at securing legitimization of Putin's regime both internationally and domestically modern information warfare and propaganda far right politics and activism in the West this book draws on theories and methods from history political science area studies and media studies and will be of interest to students scholars activists and practitioners in these areas

**Russia, the West, and Military Intervention** Roy Allison, 2013-05-09 Russia has been embroiled in bitter disputes with major Western powers over high profile military interventions over Kosovo 1999 Iraq 2003 Georgia 2008 and even Libya 2011 which had a UN Security Council mandate Moscow and the West reached much more agreement over the Gulf War 1990 and intervention in Afghanistan 2001 but these cases are exceptional This interdisciplinary study explores the persistent differences between Russian and Western leaders about most Western led military campaigns and about Russia's own use of force in the CIS region What does this tell us about emerging norms on the use of force in humanitarian crises How and why has there been such controversy over the legal justifications for these military operations Has greater consensus been possible over force in global counterterrorism What do all these controversies tell us about international rule making More specifically how can we understand Russian political and diplomatic responses during international crises around major interventions This book argues that Russia has been influential in these debates on norms and law as a permanent United Nations Security Council member and as a major military power Moscow's approach to these questions has reflected distinctive and quite entrenched attitudes to international order and sovereignty as well as a preoccupation with its own status The book draws deeply on Russian sources to show how these attitudes are expressed among the Russian leadership and the political elite This raises challenging questions about the ability of Russia and Western states to cooperate in emerging crises in Syria Iran or elsewhere and about Russia's role in international society

**The Sense of Mission in Russian Foreign Policy** Alicja Curanović, 2021-03-05 This book explores how far messianism the conviction that Russia has a special historical destiny is present in and affects Russian foreign policy Based on extensive original research including analysis of public statements policy documents and opinion polls the book argues that a sense of mission is present in Russian foreign policy that it is very similar in its nature to thinking about Russia's mission in Tsarist times that the sense of mission matters more for Russia's elites than for Russia's masses and that Russia's special mission is emphasised more when there are questions about the regime's legitimacy as well as great power status Overall the book demonstrates that a sense of mission is an important factor in Russian foreign policy

**Russia, China and the Revisionist Assault on the Western Liberal International Order** Gerlinde Groitl, 2023-05-22 This book analyzes Russian and Chinese revisionism in the face of US and Western post Cold War liberal international order building and asks why both powers have turned revisionist in the late 2000s The study develops a neoclassical realist model of international order building and contestation and posits to view revisionism as a strategic choice States go revisionist if the status quo international order threatens their vital security needs broadly defined not only as territorial security but also political economic normative and ontological and if they have the

means to challenge the undesirable status quo Russia and China were both unhappy with the post Cold War international order of American designs but had to opt for accommodation in the 1990s and early 2000s strategic accommodation in the Chinese case resentful accommodation in the Russian case before revisionism became even more of a necessity and a real policy option from the late 2000s onward constructive revisionism in the Chinese case destructive revisionism in the Russian case The author calls for a policy of neo containment to counter Moscow s and Beijing s efforts to game and erode the international order

**Small States, Russia and the West** Eduard Abrahamyan, 2025-05-15 This book offers an in depth investigation of the contemporary geopolitics of the Caucasus through a multi level analysis of regional political transformations It delves into the contrasting foreign policies of small states in the Caucasus in response to the Russian interventions in Georgia in 2008 and Ukraine in 2014 and 2022 which marked Russia s return as an order forming power challenging the agenda of Euro Atlantic integration The author expands and adapts Constellation Theory to examine emerging non Western regional orders using a relational polarity framework to argue that the choices of Armenia Azerbaijan and Georgia are not merely products of Russian or Western influence but are shaped by each state s unique geocultural propensities distinct asymmetric relationships with divergent power poles and differing perceptions of reality This book enriches the emerging discourse on the regional complexities of the multipolar world order with multifaceted interpretations of politics and decision making through its nuanced regional focus and innovative theoretical grounding It contributes significantly to International Relations theory geopolitics small states and area studies offering invaluable insights into small state foreign policy dynamics in the age of rising global multipolarity

*The Limits of Partnership* Angela E. Stent, 2015-03-29 A gripping account of U S Russian relations since the end of the Soviet Union The Limits of Partnership is a riveting narrative about U S Russian relations from the Soviet collapse through the Ukraine crisis and the difficult challenges ahead It reflects the unique perspective of an insider who is also recognized as a leading expert on this troubled relationship American presidents have repeatedly attempted to forge a strong and productive partnership only to be held hostage to the deep mistrust born of the Cold War For the United States Russia remains a priority because of its nuclear weapons arsenal its strategic location bordering Europe and Asia and its ability to support or thwart American interests Why has it been so difficult to move the relationship forward What are the prospects for doing so in the future Is the effort doomed to fail again and again What are the risks of a new Cold War Angela Stent served as an adviser on Russia under Bill Clinton and George W Bush and maintains dialogues with key policymakers in both countries Here she argues that the same contentious issues terrorism missile defense Iran nuclear proliferation Afghanistan the former Soviet space the greater Middle East have been in every president s inbox Democrat and Republican alike since the collapse of the USSR Stent vividly describes how Clinton and Bush sought inroads with Russia and staked much on their personal ties to Boris Yeltsin and Vladimir Putin only to leave office with relations at a low point and how Barack Obama managed to restore ties only to see them undermined by a Putin

regime resentful of American dominance and determined to restore Russia's great power status. The Limits of Partnership calls for a fundamental reassessment of the principles and practices that drive U.S.-Russian relations and offers a path forward to meet the urgent challenges facing both countries. This edition includes a new chapter in which Stent provides her insights about dramatic recent developments in U.S.-Russian relations, particularly the annexation of Crimea, war in Ukraine, and the end of the Obama Reset.

*Ukraine's Maidan, Russia's War* Mychailo Wynnyckyj, 2019-04-30 In early 2014 sparked by an assault by their government on peaceful students, Ukrainians rose up against a deeply corrupt Moscow-backed regime. Initially demonstrating under the banner of EU integration, the Maidan protesters proclaimed their right to a dignified existence; they learned to organize to act collectively to become a civil society. Most prominently, they established a new Ukrainian identity, territorial inclusive and present-focused, with powerful mobilizing symbols. Driven by an urban bourgeoisie that rejected the hierarchies of industrial society in favor of a post-modern heterarchy, a previously passive post-Soviet country experienced a profound social revolution that generated new senses of dignity and fairness. Dignity and fairness became rallying cries for millions. Europe as the symbolic target of political aspiration gradually faded, but the impact, including on Europe, of Ukraine's revolution remained. When Russia invaded, illegally annexing Crimea and then feeding continuous military conflict in the Donbas, Ukrainians responded with a massive volunteer effort and touching patriotism. In the process, they transformed their country, the region, and indeed the world. This book provides a chronicle of Ukraine's Maidan and Russia's ongoing war and puts forth an analysis of the Revolution of Dignity from the perspective of a participant-observer.

*Russia's Encounter with Globalisation* J. Wilhelmsen, E. Wilson Rowe, 2011-08-26 An analysis of Russia's response to globalization. This book explores how Russian domestic politics shape this international engagement. Thematically, the focus is on Russia's external engagement with areas of policy relating to globalization: namely, energy, climate, health, direct foreign investment, finance, and international terrorism.

**Ideology and Meaning-Making under the Putin Regime** Marlene Laruelle, 2025-01-14 Much has been written to try to understand the ideological characteristics of the current Russian government as well as what is happening inside the mind of Vladimir Putin. Refusing pundits' clichés that depict the Russian regime as either a cynical kleptocracy or the product of Putin's grand Machiavellian designs, *Ideology and Meaning-Making under the Putin Regime* offers a critical genealogy of ideology in Russia today. Marlene Laruelle provides an innovative multi-method analysis of the Russian regime's ideological production process and the ways it is operationalized in both domestic and foreign policies. *Ideology and Meaning-Making under the Putin Regime* reclaims the study of ideology as an unavoidable component of the tools we use to render the world intelligible and represents a significant contribution to the scholarly debate on the interaction between ideas and policy decisions. By placing the current Russian regime into a broader context of different strains of strategic culture, ideological interest groups, and intellectual history, this book gives readers key insights into how the Russo-Ukrainian War became possible and the role ideology played in enabling it.

**Media and Masculinities in**

**Contemporary Russia** Olga Andreevskikh, 2023-12-01 Based on extensive original research this book examines the extent to which media in Russia upholds the Russian government's stance on sexuality. It considers the Russian government's policies designed to uphold traditional sexuality, reveals the strategies of resistance used by Russian media outlets to create positive portrayals of non-heteronormative people and circumvent the restrictive 2013 legislation banning positive representations of non-traditional sexual relations and highlights particular examples of subversive media practices. Overall, the book challenges the prevailing view that media in authoritarian regimes are completely compliant with their government's position. How the EU and Russia Narrate the World Mario Baumann, 2025-07-25 In times of increasing challenges to the Western idea, this book illuminates how Russian and EU foreign policy discourses interact. While official Russian and EU articulations on issues of sovereignty, human rights and the shared neighbourhood diverge greatly, they are not articulated in isolation but are entangled and condition each other. To understand this entanglement, this book approaches the relationship between Russia and the EU as an intersubjective one, a social context where diverging interpretations of the world struggle for hegemony. Its theoretical framework marries poststructuralist thought with insights from critical approaches to Hegelian recognition dialectics. Based on an extensive and systematic empirical discourse analysis of Russian and EU foreign policy texts, this study draws a detailed picture of the intensifying discursive dynamics accompanying the deteriorating relationship between Brussels and Moscow. It shows how neither the EU's nor Russia's foreign policy articulation has changed substantially. The interaction pattern continues to be an asymmetrical one, with Russia's articulations much more conditioned by the EU's discourse than vice versa. The book thus argues that the EU is more independent in sovereignly articulating an interpretation of the world, whereas Russia continues to face constraints in the formulation of an autonomous political project. With its novel and innovative conceptual framework, this book furthers the theoretical scholarship on poststructuralism in international relations. It addresses all scholars interested in poststructuralist enquiries and will be of great value to students and scholars of Russian foreign policy and the EU. Intermarium Marek Jan Chodakiewicz, 2017-09-08 History and collective memories influence a nation, its culture and institutions, hence its domestic politics and foreign policy. That is the case in the Intermarium, the land between the Baltic and Black Seas in Eastern Europe. The area is the last unabashed rampart of Western Civilization in the East and a point of convergence of disparate cultures. Marek Jan Chodakiewicz focuses on the Intermarium for several reasons. Most importantly, because as the inheritor of the freedom and rights stemming from the legacy of the Polish-Lithuanian-Ruthenian Commonwealth, it is culturally and ideologically compatible with American national interests. It is also a gateway to both East and West. Since the Intermarium is the most stable part of the post-Soviet area, Chodakiewicz argues that the United States should focus on solidifying its influence there. The ongoing political and economic success of the Intermarium states under American sponsorship undermines the totalitarian enemies of freedom all over the world. As such, the area can act as a springboard to addressing the rest of the successor states, including those in the

Caucasus Central Asia and the Russian Federation Intermarium has operated successfully for several centuries It is the most inclusive political concept within the framework of the Commonwealth By reintroducing the concept of the Intermarium into intellectual discourse the author highlights the autonomous and independent nature of the area This is a brilliant and innovative addition to European Studies and World Culture **The Western Balkans in the World** Florian

Bieber,Nikolaos Tzifakis,2019-06-26 This book provides a detailed understanding of how different types of engagements impact upon the reform and EU integration of the Western Balkan region It examines the influence of Russia China Turkey and the UAE in the region and analyses the range of existing links Contributors offer an academic and multifaceted perspective of the role of external and non Western actors in the region that goes beyond on the one hand the tendency of some Western decision makers to perceive all engagement by third powers as a sinister threat and on the other the view of regional governments of all external involvement as a boon coming at a time of Western neglect and reduced foreign investments By looking at the importance of Russia Turkey China and the UAE in the Western Balkans the book sheds light on one key arena of global competition offers new insights on the strengths and weaknesses of Euro Atlantic integration and advances our knowledge of foreign policy and its economic social and security dimensions for small and medium sized countries It will be of interest to academics postgraduate and research students and think tankers with research interest in IR and Southeast European Studies European decision makers will also gain an insight into the extent of non Western influence in the region *Memory Laws, Memory Wars* Nikolay Kaposov,2018 A major contribution to our understanding of

present day historical consciousness through a study of memory laws across Europe Russia's Foreign Policy Andrei P. Tsygankov,2022-07-11 Now fully updated and revised this clear and comprehensive text explores the past thirty years of Soviet Russian international relations comparing foreign policy formation under Gorbachev Yeltsin Medvedev and Putin Challenging conventional views of Moscow s foreign policy Andrei Tsygankov shows that definitions of national interest depend on visions of national identity and is rooted both in history and domestic politics Yet the author also highlights the role of the external environment in affecting the balance of power among competing domestic groups Drawing on both Russian and Western sources Tsygankov shows how Moscow s policies have shifted under different leaders visions of Russia s national interests He gives an overview of the ideas and pressures that motivated Russian foreign policy in six different periods the Gorbachev era of the late 1980s the liberal Westernizers era under Kozyrev in the early 1990s the relatively hardline statist policy under Primakov the more pragmatic course of limited cooperation under Putin and then Medvedev and the assertive policy Putin has implemented since his return to power Evaluating the successes and failures of Russia s foreign policies Tsygankov explains its many turns as Russia s identity and interaction with the West have evolved The book concludes with reflections on the emergence of the post Western world and the challenges it presents to Russia s enduring quest for great power status Russia and its Near Neighbours M. Freire,R. Kanet,2012-05-15 Russia has recently re

emerged as the dominant political economic and military actor in former Soviet nations Kanet and Freire bring together a stellar cast of contributors to consider Russia's recent return as a major regional and international actor and its likely future policy toward its neighbours

**A revised correlation of Tertiary rocks in the British Isles and adjacent areas of NW Europe** C. King, 2016-01-05 This Special Report comprehensively describes the stratigraphy and correlation of the Tertiary Paleogene Neogene rocks of NW Europe and the adjacent Atlantic Ocean and is the summation of fifty years of research on Tertiary sediments by Chris King His book is essential reading for all geologists who deal with Tertiary rocks across NW Europe including those in the petroleum industry and geotechnical services as well as academic stratigraphers and palaeontologists Introductory sections on chronostratigraphy biostratigraphy and other methods of dating and correlation are followed by a regional summary of Tertiary sedimentary basins and their framework and an introduction to Tertiary igneous rocks The third and largest segment comprises the regional stratigraphic summaries Regions covered are the North Sea Basin onshore areas of southern England and the eastern English Channel area the North Atlantic margins including non marine basins in the Irish Sea and elsewhere and the Paleogene igneous rocks of Scotland

*Soil and Climate* Rattan Lal, B. A. Stewart, 2018-09-03 Climate is a soil forming factor and soil can mitigate climate change through a reduction in the emissions of greenhouse gases and sequestration of atmospheric CO<sub>2</sub> Thus there is a growing interest in soil management practices capable of mitigating climate change and enhancing environmental quality Soil and Climate addresses global issues through soil management and outlines strategies for advancing Sustainable Development Goals SDGs This volume in the Advances in Soil Science series is specifically devoted to describe state of the knowledge regarding the climate soil nexus in relation to Soil Processes weathering decomposition of organic matter erosion leaching salinization biochemical transformations gaseous flux and elemental cycling Soil Properties physical chemical biological and ecological Atmospheric Chemistry gaseous concentrations of CO<sub>2</sub> CH<sub>4</sub> N<sub>2</sub>O water vapors soot dust and particulate matter Mitigation and Adaptation source and sink of GHGs CO<sub>2</sub> CH<sub>4</sub> N<sub>2</sub>O land use and soil management soil C sink capacity permafrost Soil Management sequestration of organic and inorganic C nutrient requirements water demands coupled cycling of H<sub>2</sub>O N P S and Policy and Outreach carbon farming payments for ecosystem services COP21 SDGs land degradation neutrality Special topics on soil as a source or sink of CO<sub>2</sub> silicate weathering and carbon sequestration nutrients required for carbon sequestration physical protection and the mean resident time and predicting soil carbon stocks are discussed in detail throughout the book

As recognized, adventure as without difficulty as experience virtually lesson, amusement, as skillfully as covenant can be gotten by just checking out a book **Russia 2010 And What It Means For The West** furthermore it is not directly done, you could agree to even more in this area this life, approximately the world.

We find the money for you this proper as with ease as simple artifice to acquire those all.
