Russia And The Mediterranean 1797 1807

Simon Burrows

Russia And The Mediterranean 1797 1807:

Russia and the Mediterranean, 1797-1807 Norman E. Saul, 1970-01-01 **The Modernisation of Russia, 1676-1825** Simon Dixon, 1999-07-29 This is the first book to place Russia's long eighteenth century squarely in its European context. The conceptual framework is set out in an opening critique of modernisation which while rejecting its linear implications maintains its focus on the relationship between government, economy and society. Following a chronological introduction, a series of thematic chapters covering topics such as finance and taxation, society, government and politics, culture, ideology and economy emphasise the ways in which Russia's international ambitions as an emerging great power provoked administrative and fiscal reforms with wide-ranging and often unanticipated social consequences. This thematic analysis allows Simon Dixon to demonstrate that the more the tsars tried to modernise their state, the more backward their empire became. A chronology and critical bibliography are also provided to allow students to discover more about this colourful period of Russian history.

Russia and the Mediterranean, 1797-1807 Norman Eugene Saul, 1977 **Russia and Iran, 1780-1828** Muriel Atkin, 1980-05-01 *Russia and Iran 1780-1828* was first published in 1980. Minnesota Archive Editions uses digital technology to make long-unavailable books once again accessible and are published unaltered from the original University of Minnesota Press editions. Modern Russo-Iranian relations date from the late eighteenth century when, after several centuries of commercial and diplomatic contact, the two nations entered a period of extended warfare for possession of the Caucasian borderlands, disputed territory that eventually fell to Russia. In her history of that struggle, Muriel Atkin reassesses the motives of major figures on both sides and views the Iranians with more sympathy than Western and Russian historians have usually accorded them. Russia embarked on her course in the Caucasus for reasons connected with defense or trade and with a long-term imperial goal based on uncritical acceptance of prevailing European doctrines of empire. The new dynasty in Iran, on the other hand, had to fend off Russian attack and secure the borderlands in order to justify its basic claim to power. In the end, the wars brought major disruption to the already unstable borderlands and left Iran with a discredited government and a controversy over reforms and relations with the West that would continue to cause turmoil in subsequent generations.

Russia and the Making of Modern Greek Identity, 1821-1844 Lucien J. Frary, 2015-06-11 The birth of the Greek nation in 1830 was a pivotal event in modern European history and in the history of nation building in general. As the first internationally recognized state to appear on the map of Europe since the French Revolution, independent Greece provided a model for other national movements to emulate. Throughout the process of nation formation in Greece, the Russian Empire played a critical part. Drawing upon a mass of previously fallow archival material, most notably from Russian embassies and consulates, this volume explores the role of Russia and the potent interaction of religion and politics in the making of modern Greek identity. It deals particularly with the role of Eastern Orthodoxy in the transformation of the collective identity of the Greeks from the Ottoman Orthodox millet into the new Hellenic Christian

imagined community Lucien J Frary provides the first comprehensive examination of Russian reactions to the establishment of the autocephalous Greek Church the earliest of its kind in the Orthodox Balkans and elucidates Russia's anger and disappointment during the Greek Constitutional Revolution of 1843 the leaders of which were Russophiles Employing Russian newspapers and thick journals of the era Frary probes responses within Russian reading circles to the reforms and revolutions taking place in the Greek kingdom More broadly the volume explores the making of Russian foreign policy during the reign of Nicholas I 1825-55 and provides a distinctively transnational perspective on the formation of modern identity

Britain, Portugal and South America in the Napoleonic Wars Martin Robson, 2010-12-14 In the maelstrom of Napoleonic Europe Britain remained defiant resisting French imperial ambitions This Anglo-French rivalry was essentially a politico-economic conflict for pre-eminence fought on a global scale and it reached a zenith in 1806-1808 with France's apparent dominance of Continental Europe Britain reacted swiftly and decisively to implement maritime-based strategies to limit French military and commercial gains in Europe while protecting British overseas interests The policy is particularly evident in relations with Britain's Ancient Ally Portugal That country and by association her South American empire became the front line in the battle between Napoleon's ambitions and British maritime security Shedding new light on British war aims and maritime strategy this is an essential work for scholars of the Napoleonic Wars and British political diplomatic economic and maritime military history

Russia in the Age of Reaction and Reform 1801-1881 David Saunders, 2014-07-30 This eagerly awaited study of Russia under Alexander I Nicholas I and Alexander II the Russia of War and Peace and Anna Karenina brings the series near to completion David Saunders examines Russia's failure to adapt to the era of reform and democracy ushered into the rest of Europe by the French Revolution Why despite so much effort did it fail This is a superb book both as a portrait of an age and as a piece of sustained historical analysis

The Cambridge History of Egypt M. W. Daly, Carl F. Petry, 1998-12-10 The Cambridge History of Egypt offers the first comprehensive English language treatment of Egyptian history through thirteen centuries from the Arab conquest to the present day The two-volume survey considers the political socio-economic and cultural history of the world's oldest state summarizing the debates and providing insight into current controversies As today's Egypt reclaims a leading role in the Islamic Arab and Afro-Asian worlds the project stands as testimony to its complex and vibrant past Volume 2 traces Egypt's modern history from the Ottoman conquest to the end of the twentieth century A wide range of scholars from the humanities and social sciences have been brought together to explore the history of the period Their conclusions reflect the work of traditional scholarship and also indicate present trends and future directions in historical writing in Egypt

Napoleon's Greatest Triumph Gregory Fremont-Barnes, 2013-10-01

IN AUGUST 1805 Napoleon abandoned his plans for the invasion of Britain and diverted his army to the Danube Valley to confront Austrian and Russian forces in a bid for control of central Europe The campaign culminated with the Battle of Austerlitz regarded by many as Napoleon's greatest triumph whose far-reaching effects paved the way for French hegemony

on the Continent for the next decade In this concise volume acclaimed military historian Gregory Fremont Barnes uses detailed profiles to explore the leaders tactics and weaponry of the clashing French Austrian and Russian forces Packed with fact boxes maps and more Napoleon s Greatest Triumph is the perfect way to explore this important battle and the rise of Napoleon s reputation as a supreme military leader

The Military History of the Russian Empire from Peter the Great until Nicholas II John W. Steinberg,2024-01-11 This book examines the rise and the fall of the Russian Empire through the lens of its military history While much of the literature on this history tends to focus on epochs The Russian Military and the Creation of Empire uses a variety of archival sources to capture this aspect of modern Russia from Peter the Great right up to the present day John W Steinberg analyzes the social dynamic between Russian society and its military over time Through a focus on civil military relations he demonstrates that both the Tsarist and Soviet regimes were built on and ultimately dependent upon the support of the military Case studies of significant battles are also used throughout the volume to reveal insights into the roles missions and capabilities of the Russian military since 1689 The Russian Military and the Creation of Empire is a vital study for all students of modern Russia and the history of modern warfare

Russian Warships in the Age of Sail 1696-1860 Eduard Sozaev,John Tredrea,2010-06-23 Peter the Great created a navy from nothing but it challenged and soon surpassed Sweden as the Baltic naval power while in the Black Sea it became an essential tool in driving back the Ottoman Turks from the heartland of Europe In battle it was surprisingly successful and at times in the eighteenth century was the third largest navy in the world yet its history and especially its ships are virtually unrecorded in the West This major new reference work handsomely fills this gap with a complete and comprehensive list of the fleet with technical detail and career highlights for every ship down to small craft However because the subject is so little recorded in English the book also provides substantial background material on the organisation and administration of the navy its weapons personnel and shipbuilding facilities as well as an outline of Russias naval campaigns down to the clash with Britain and France known as the Crimean War Illustrated with plans paintings and prints rarely seen outside Russia it is authoritative reliable and comprehensive the culmination of a long collaboration between a Russian naval historian and an American ship enthusiast EDUARD SOZAEV is an established Russian naval historian with a number of books to his credit JOHN TREDREA his translator editor and long term collaborator is an American ship enthusiast with a life long interest in the Russian navy

Paul I Hugh Ragsdale,2020-03-16 This book offers the first book length English language biography of Russian emperor Paul I 1754 1801 since a 1913 translation Most of the essays have been written expressly for this volume They examine Paul s education his mental pathology his administrative aims curious relations with the knights of Malta and with Bonaparte and his struggles with the threatening ideas emanating from the French Revolution There is also a provocative new view of the conspiracy that took Paul s life

European Warfare, 1660-1815 Professor Jeremy Black,Jeremy Black,2023-05-26 This is a history of warfare wars and the armed forces of Europe from the military revolution

of the mid 17th century to the Napoleonic wars This book is intended for broad based undergrad courses on 18th century Europe Britain and the Ancien Regime 2nd and 3rd year thematic courses on warfare in the modern period and students of war studies

French Exile Journalism and European Politics, 1792-1814 Simon Burrows,2000 This first study of the post Revolutionary French migr press in London discusses the exiles ideologies and activities and their effect on British and French foreign policy

Bibliography of European Economic and Social History Derek Howard Aldcroft,Richard Rodger,1993 This bibliographical guide contains 10 000 references to the economic and social history of 30 European countries during the period 1700 1939 More than 3000 periodicals have been consulted to obtain references as well as books edited collections and conference proceedings The information is listed in categories such as industry agriculture finance migration labour conditions urban communities and organizations Full publication details are included so that references may be located easily

The Course of Russian History, 5th Edition Melvin C. Wren,Taylor Stults,2009-01-08 Now in its fifth edition this definitive history of the Russian land and people builds on its success as a fascinating survey of two thousand years of struggle to harness vast resources and talents into a powerful and cohesive nation From its beginning as a savage and exotic land Russia underwent a complex evolution of political social and religious forces the barbarism of its internal conflicts in seeming contradiction with its goals to advance in the realms of technology art education and high culture From the conflicts of the fantastically wealthy ruling class to the poor and oppressed masses emerged the Communist party and the enigmatic figures whose charismatic manipulation of political power reflected the myriad rulers before them Finally as the modern world watched this great entity collapsed in a devastatingly brief time millennia of precarious conflict proving too much for the tenuous coalescence of twentieth century politics Written in an engaging and accessible style this text presents students with a comprehensive look at the momentous events and legendary figures which helped shape Russia s turbulent history

The 17th and 18th Centuries Frank N. Magill,2013-09-13 Each volume of the Dictionary of World Biography contains 250 entries on the lives of the individuals who shaped their times and left their mark on world history This is not a who s who Instead each entry provides an in depth essay on the life and career of the individual concerned Essays commence with a quick reference section that provides basic facts on the individual s life and achievements The extended biography places the life and works of the individual within an historical context and the summary at the end of each essay provides a synopsis of the individual s place in history All entries conclude with a fully annotated bibliography

The British Empire as a World Power Edward Ingram,2018-10-24 These ten studies analyse the steps of the formation dance the British danced in the Middle Eastern international system from the late 18th Century to the outbreak of the Cold War

Imperial Policies and Perspectives towards Georgia, 1760-1819 N. Gvosdev,2000-04-07 This book examines how the Russian Empire expanded across the barrier of the Caucasus mountains to take control of the Georgian lands at the close of the eighteenth century With no organized plan for conquest Imperial policy fluctuated based both on personnel

changes in the Imperial government and strategic re evaluations of Imperial interests Particular attention is paid to the role of two significant individuals Princes Potemkin and Tsitsianov in pushing the Empire toward total incorporation
