An Account of Russia as it was in the Year 1710 Charles Whitworth Baron Whitworth,1758      Russia as a Great Power

Jakob Hedenskog,Vilhelm Konnander,Bertil Nygren,Ingmar Oldberg,Christer Pursiainen,2013-07-04 After a period of relative weakness and isolation during most of the 1990s Russia is again appearing as a major security player in world politics This book provides a comprehensive assessment of Russia s current security situation addressing such questions as What kind of player is Russia in the field of security What is the essence of its security policy What are the sources capabilities and priorities of its security policy What are the prospects for the future One important conclusion to emerge is that while Russian foreign policy under Putin has become more pragmatic and responsive to both problems and opportunities the growing lack of checks and balances in domestic politics makes political integration with the West difficult and gives the president great freedom in applying Russia s growing power abroad      **Contemporary Russia as a Feudal Society** V.

Shlapentokh,Joshau Woods,2007-11-26 The book offers a theoretical discussion of the feudal model and a preliminary application of the model to post Soviet Russia In addition to a review of the feudal model as an ideal type the author explains the analytical benefits of drawing comparisons between countries and across historical contexts Specifically contemporary Russia is compared to Western European countries during the Middle Ages and to the Soviet period in Russian history The book is devoted to illuminating the most important political social and economic characteristics of contemporary Russian society      *The History of Russia* Charles E. Ziegler,2009-10-13 An updated edition of the acclaimed history of Russia this new volume includes a wealth of material on events of the last decade When first published Charles Ziegler s *The History of Russia* was acclaimed as a source of information not easily found elsewhere and as clear balanced and insightful by Rajan Menon of Lehigh University Now Ziegler s remarkable volume returns fully updated to be the work of choice for readers looking for an introduction to the history of the world s largest country *The History of Russia* Second Edition moves from the 10th century founding of Kievan Rus to the czars to the Communist Era to the present with particular emphasis on the fall of the Soviet Union and the leadership of Mikhail Gorbachev Boris Yeltsin and Vladimir Putin In addition to a new chapter on the tumultuous last decade this edition features an updated introduction and an expanded chapter on the Yeltsin Era

Marlene Laruelle,2021-03-15 In *Is Russia Fascist* Marlene Laruelle argues that the

charge of fascism has become a strategic narrative of the current world order Vladimir Putin's regime has increasingly been accused of embracing fascism supposedly evidenced by Russia's annexation of Crimea its historical revisionism attacks on liberal democratic values and its support for far right movements in Europe But at the same time Russia has branded itself as the world's preeminent antifascist power because of its sacrifices during the Second World War while it has also emphasized how opponents to the Soviet Union in Central and Eastern Europe collaborated with Nazi Germany Laruelle closely analyzes accusations of fascism toward Russia soberly assessing both their origins and their accuracy By labeling ideological opponents as fascist regardless of their actual values or actions geopolitical rivals are able to frame their own vision of the world and claim the moral high ground Through a detailed examination of the Russian domestic scene and the Kremlin's foreign policy rationales Laruelle disentangles the foundation for meaning and validity of accusations of fascism in and around Russia *Is Russia Fascist* shows that the efforts to label opponents as fascist is ultimately an attempt to determine the role of Russia in Europe's future *Rich Russians* Elisabeth Schimpfössl, 2018 By looking at the top 0.1 percent of Russian society this book captures the stories of multimillionaires and billionaires their spouses and their children It traces how rich Russians moved from conspicuously spending cash into a conscious social class legitimizing their wealth through philanthropy and more bourgeois manners As the first book to examine the transformation of Russia's former robber barons into a new social class *Rich Russians* provides insight into how the Russian's status quo and post Putin world will develop

Tsygankov, 2025-06-26 This clear and comprehensive text explores the past thirty years of Soviet Russian international relations comparing foreign policy formation under Gorbachev Yeltsin Medvedev and Putin Challenging conventional views of Moscow's foreign policy Andrei Tsygankov shows that definitions of national interest depend on visions of national identity and is rooted both in history and domestic politics Yet the author also highlights the role of the external
