Hans Pedersen, Megan Altman

Seeing The Self Heidegger On Subjectivity:

Seeing the Self Einar Øverenget, 2012-02-24 The aim of Twentieth century phenomenology is to provide a non psychologistic interpretation of subjectivity Husserl agrees with Frege to adopt psychologism is to give up truth But this should not prevent us from investigating the subjective perspective On the contrary Husserl thinks that an appropriate rejection of psychologism must be able to show how propositions are correlated to and grounded in subjective intuitions without thereby reducing them to psychological phenomena Obviously this calls for an interpretation of subjectivity that makes a sharp distinction between the subjective perspective and the psychological realm Phenomenology is devoted to the development of a notion of subjectivity that is in accordance with our experience of the world A fundamental tenet of phenomenology is that philosophy should not dispute this experience but rather account for it Hence phenomenology must avoid a notion of subjectivity in which it becomes a problem to account for how a subject can ever hook up with the world In other words a phenomenological interpretation of subjectivity must radically disassociate itself from what is often referred to as a worldless Cartesian subject a *res cogitans* But neither can an interpretation of Subjectivity consistently advocate a position according to which the human order is described only in the categories appropriate to the physical order Such an interpretation is obviously not compatible with the phenomenal basis for undertaking this very interpretation that is our experience of the world

Heidegger's Being and Time Richard Polt, 2005-09-15 Heidegger's *Being and Time* Critical Essays provides a variety of recent studies of Heidegger's most important work Twelve prominent scholars representing diverse nationalities generations and interpretive approaches deal with general methodological and ontological questions particular issues in Heidegger's text and the relation between *Being and Time* and Heidegger's later thought All of the essays presented in this volume were never before available in an English language anthology Two of the essays have never before been published in any language Dreyfus and Guignon three of the essays have never been published in English before Grondin Kisiel and Thom and two of the essays provide previews of works in progress by major scholars Dreyfus and Kisiel

Self and Subjectivity Kim Atkins, 2008-04-15 *Self and Subjectivity* is a collection of seminal essays with commentary that traces the development of conceptions of self and subjectivity in European and Anglo American philosophical traditions including feminist scholarship from Descartes to the present

Kierkegaard and the Philosophy of Love Michael Strawser, 2015-10-08 Ironically the philosophy of love has long been neglected by philosophers so called lovers of wisdom who would seemingly need to understand how one best becomes a lover In *Kierkegaard and the Philosophy of Love* Michael Strawser shows that the philosophy of love lies at the heart of Kierkegaard's writings as he argues that the central issue of Kierkegaard's authorship can and should be understood more broadly as the task of becoming a lover Strawser starts by identifying the questions How should I love the other Is self love possible How can I love God and themes love's immediacy intentionality unity and eternity that are central to the philosophy of love and he

develops a rich context that includes analyses of the conceptions of love found in Plato Spinoza and Hegel as well as prominent contemporary thinkers Strawser provides an original and wide ranging analysis of Kierkegaard s writings from the early *The Concept of Irony* and *Edifying Discourses* to the late *The Moment* while maintaining the prominence of *Works of Love* to demonstrate how Kierkegaard s writings on love are relevant to the emerging study of the philosophy of love today The most unique perspective of this work however is Strawser s argument that Kierkegaard s writings on love are most fruitfully understood within the context of a phenomenology of love In interpreting Kierkegaard as a phenomenologist of love Strawser claims that it is not Husserl and Heidegger that we should look to for a connection in the first instance but rather Max Scheler Dietrich von Hildebrand Emmanuel Levinas and most importantly Jean Luc Marion who for the most part center their thinking on the phenomenological nature of love Based on an analysis of the works of these thinkers together with Kierkegaard s writings Strawser argues that Kierkegaard presents readers with a first phenomenology of love a point of view that serves as a unifying perspective throughout this work while also pointing to areas for future scholarship Overall this work brings seemingly divergent perspectives into a unity brought about through a focus on love which is after all a unifying force

Existential Hermeneutics Andrzej Wiercinski, 2020-03-10 Existential hermeneutics is phronetic existence with the aim of cultivating practical wisdom in human life It comes from life influences life and transforms life Understanding what is happening in life requires reaching the hermeneutic truth which is the truth of understanding The experience of hermeneutic truth calls for personal commitment and existential response and thus expresses the hermeneutic moral imperative Referring to Heidegger s phenomenological analytics of Dasein Gadamer emphasizes that understanding is not only one of the human capabilities but a way of Dasein s being in the world

Subjectivity and Intersubjectivity in Modern Philosophy and Psychoanalysis Roger Frie, 1997-04-10 In this wide ranging study of subjectivity and intersubjectivity Roger Frie develops a critical account of recent conceptions of the subject in philosophy and psychoanalytic theory Using a line of analysis strongly grounded in the European tradition Frie examines the complex relationship between the theories of subjectivity intersubjectivity language and love in the work of a diverse body of philosophers and psychoanalysts He provides lucid interpretations of the work of Sartre Binswanger Lacan Habermas Heidegger Freud and others Because it integrates perspectives from continental philosophy analytical philosophy and psychoanalytic theory this book will appeal to a wide audience in the areas of philosophy history of philosophy psychoanalysis and social theory

The New Yearbook for Phenomenology and Phenomenological Philosophy Burt Hopkins, Steven Crowell, 2015-03-24 The New Yearbook for Phenomenology and Phenomenological Philosophy provides an annual international forum for phenomenological research in the spirit of Husserl s groundbreaking work and the extension of this work by such figures as Scheler Heidegger Sartre Levinas Merleau Ponty and Gadamer

The Subject of Coexistence Louiza Odysseos, Odysseos traces the institutional neglect of coexistence to the ontological commitments of international relations as a modern social science predicated on

conceptions of modern subjectivity *Ethics Embodied* Erin McCarthy, 2010-07-17 While the body has been largely neglected in much of traditional Western philosophy there is a rich tradition of Japanese philosophy in which this is not the case *Ethics Embodied* explains how Japanese philosophy includes the body as an integral part of selfhood and ethics and shows how it provides an alternative and challenge to the traditional Western philosophical view of self and ethics Through a comparative feminist approach the book articulates the striking similarities that exist between certain strands of Japanese philosophy and feminist philosophy concerning selfhood ethics and the body Despite the similarities McCarthy argues that there are significant differences between these philosophies and that each reveals important limitations of the other Thus the book urges a view of ethical embodied selfhood that goes beyond where each of these views leaves us when considered in isolation With keen analysis and constructive comparison this book will be accessible for students and scholars familiar with the Western philosophical tradition while still adding a more global perspective **Hegel, Heidegger, and the Quest for the "I"** Paolo Diego Bubbio, 2024-06-14 This thought provoking study explores the philosophical resources provided by Hegel and Heidegger to grasp the nature of the I and combines those resources in a theoretical analysis of I hood in its connection with nature and history experience and myth The I has a fleeting almost elusive character in the philosophies of Hegel and Heidegger Yet both philosophers strive to make sense of what it means to be an I Their respective theories though seemingly divergent offer remarkable insights into the nature of the I and its relationship to the world Through meticulous examination this book explores the parallel journeys of Hegel and Heidegger tracing their respective paths towards a comprehensive conception of identity beyond the subject object dichotomy Moreover this study goes beyond being an exploration of Hegel s and Heidegger s conceptions of the self by actively employing their insights to chart a path towards a novel understanding of I hood Hegel Heidegger and the Quest for the I will be of interest to scholars and advanced students working on Hegel Heidegger history of European philosophy and contemporary theories of subjectivity and personal identity Offering a fresh perspective on the work of these two seminal thinkers the book contributes to the ongoing dialogue on the nature of the self and its place in the world **Subjectivity Transformed** Thomas Vesting, 2023-11-28 This book provides a historically informed reconstruction of the social practices that have shaped the formation of the modern subject from the early modern period to the present The formal legal protections accorded to subjects are and always have been latent in social practices norms and language before they are articulated in formal legal orders Vesting argues that in Western societies legal personhood is closely tied to three ideal types of social personhood what he calls the gentleman the manager and Homo digitalis By examining these three ideal types and their emergence in society we can see that Western formal law does not bring these ideal types into being but on the contrary they arise from the social and cultural conditions that they generate and reflect Correspondingly Western legal personhood or legal subjectivity arises from the history and culture of Western nations not the other way around Therefore signature features of Western formal law particularly its valorization of the rights

of persons whether natural or nonnatural come from the particular sociohistorical cultural developments that had already generated the strong ideas of social personhood inherent in the ideal types of the gentleman the manager and Homo digitalis Subjectivity Transformed is a major contribution to legal and social theory and with its original analysis of the formation of modern subjectivity it will be of interest to students and scholars throughout the social sciences and humanities

Transcendence and Self-Transcendence Merold Westphal, 2004-07-16 The question of the transcendence of God has traditionally been thought in terms of the difference between pantheism which affirms that God is wholly within the world and theism which affirms that God is both within and outside the world both immanent and transcendent Against Heidegger's critique of onto theology and the general postmodern concern for respecting and preserving the difference of the other Merold Westphal seeks to rethink divine transcendence in relation to modes of human self transcendence Touching upon Spinoza Hegel Augustine Pseudo Dionysius Aquinas Barth Kierkegaard Levinas Derrida and Marion Westphal's work centers around a critique of onto theology the importance of alterity the decentered self and the autonomous transcendental ego Westphal's phenomenology of faith sets this book into the main currents of Continental philosophy of religion today

Ethics, Politics, and Difference in Julia Kristeva's Writing Kelly Oliver, 2013-10-28 A valuable intervention in Kristevan scholarship and a significant and exciting contribution in its own right to post structuralist discussions of ethical and political agency and practice Contributors Judith Butler Tina Chanter Marilyn Edelstein Jean Graybeal Suzanne Guerlac Alice Jardine Lisa Lowe Noelle McAfee Norma Claire Moruzzi Kelly Oliver Tilo Tuma Rajan Jacqueline Rose Allison Weir Mary Bittner Wiseman Ewa Ziarek

Analytic Existentialism Berislav Marušić, Mark Schroeder, 2024-09-11 Existentialist philosophy has at times been exceptionally popular This is because of its promise of possibility both in doctrine and in style Its doctrine promises that we can break free from the shackles of cognitive or social structures we are thrown into and we can overcome our marred personal or collective history Its style promises that philosophy can be exciting moving exhilarating and funny Analytic Existentialism brings together ten essays in which analytic philosophers engage with existentialism The essays take up central existentialist themes such as freedom consciousness and bad faith Some bring existentialist ideas to bear on issues in contemporary analytic philosophy some engage analytically with existentialist concerns some employ the methods of analytic philosophy to interpret existentialist texts and some articulate how existentialist insights speak to ongoing matters of concern outside of philosophy All essays taken together make good on the existentialist promise for analytic philosophy Even as analytic philosophers we can embrace the thought that freedom is at the heart of our being And even as analytic philosophers we can write philosophical texts that capture the imagination We trust that these essays can rekindle the excitement of philosophical thought

Heidegger's Social Ontology Nicolai Knudsen, 2022-11-24 This book reconstructs Heidegger's social ontology emphasizing his unique contributions to debates on social cognition collective intentionality and social normativity

The Practices of the Self Charles E. Larmore, 2010-12-15

Charles Larmore develops a theory of the self that challenges the widespread view that we always know our own thoughts

Meaning Takes Time to Unfold: Towards a Heideggerian Ontology of Temporal Differentiation Renxiang Liu, 2025-03-29 This book proposes a reconsideration of the intertwinement of time meaning and the piecemeal unfolding of things It gives a phenomenological ontological account of the time horizon at work in each being's manifestation explores the notion of time as a productive resistance in this manifestation and redefines human finitude and subjectivity accordingly to enable an attentive mode of waiting for meaning The discussion is significantly informed by but not limited to the works of Martin Heidegger and thus responds to the question of the turn in Heidegger's career by suggesting a systematic framework centered upon a generalized finitude of Being as such which may have consistently underlain Heidegger's thinking before and after the turn As subjectivity receives a qualified affirmation in the book in contrast to both subjectivist voluntarism and impersonalism this text also opens up the possibility to think of the plurality of human beings as essential to being human While the book is a continuation of a few traditions in continental philosophy which takes time philosophically seriously it is distinctive in not considering time abstractly but always situating its conceptualization in the context of what it means for a thing or an event to be Instead of a mere measure of change an itself invariant structure of happening or a new metaphysical absolute time is interpreted here as the way beings are The interpretation comes from and seeks to do justice to the basic experience of time bringing about wonder fulfillment or disappointment The book appeals to students and researchers working on Heidegger scholarship phenomenology and more generally the philosophy of time and subjectivity It inspires a patience for meaning in mortal transience to find dignity and beauty in what will eventually expire that is in life as such

Rethinking God as Gift Robyn Horner, 2001 At once rigorous insightful and accessible the most thorough study yet available on the phenomenological treatment of God as gift in Marion and Derrida Invaluable reading for those concerned with the theological promise of contemporary Continental philosophy Thomas A Carlson University of California Santa Barbara

Heidegger's Alternative History of Time Emily Hughes, Marilyn Stendera, 2024-04-02 This book reconstructs Heidegger's philosophy of time by reading his work with and against a series of key interlocutors that he nominates as being central to his own critical history of time In doing so it explains what makes time of such significance for Heidegger and argues that Heidegger can contribute to contemporary debates in the philosophy of time Time is a central concern for Heidegger yet his thinking on the subject is fragmented making it difficult to grasp its depth complexity and promise Heidegger traces out a history that focuses on the conceptualisations of time put forward by Aristotle Plotinus Augustine Kant Hegel Bergson and Husserl an alternative history of time that challenges how time has been defined and studied within both philosophy and the sciences This book explores what happens when we take seriously Heidegger's claim that these seven figures are essential to any understanding of time setting out what this can tell us about existence possibility and philosophy as a historical discipline Heidegger's Alternative History of Time will appeal to scholars and advanced students

working on Heidegger phenomenology the philosophy of time and the history of philosophy **Horizons of Authenticity in Phenomenology, Existentialism, and Moral Psychology** Hans Pedersen, Megan Altman, 2014-11-10 This volume centers on the exploration of the ways in which the canonical texts and thinkers of the phenomenological and existential tradition can be utilized to address contemporary concrete philosophical issues In particular the included essays address the key facets of the work of Charles Guignon and as such honor and extend his thought and approach to philosophy To this end the four main sections of the volume deal with the question of authenticity i e what it means to be an authentic person the ways in which the phenomenological and existential traditions can impact the sciences how best to understand the fact of human mortality and finally the ways philosophical reflection can help address current questions of value The volume is designed primarily to serve as a secondary resource for students and specialists interested in rediscovering the practical application of existential and phenomenological thought The collection of scholarly essays then could be used in conjunction with some of the more recent scholarship concerning the practical value of philosophy Along with contributing to previous scholarship the essays in this proposed volume attempt to update and expand the scope of phenomenological and existential inquiry

Reviewing **Seeing The Self Heidegger On Subjectivity**: Unlocking the Spellbinding Force of Linguistics

In a fast-paced world fueled by information and interconnectivity, the spellbinding force of linguistics has acquired newfound prominence. Its capacity to evoke emotions, stimulate contemplation, and stimulate metamorphosis is actually astonishing. Within the pages of "**Seeing The Self Heidegger On Subjectivity**," an enthralling opus penned by a highly acclaimed wordsmith, readers embark on an immersive expedition to unravel the intricate significance of language and its indelible imprint on our lives. Throughout this assessment, we shall delve into the book's central motifs, appraise its distinctive narrative style, and gauge its overarching influence on the minds of its readers.
