Moving Forward, Looking Back Malte Hagener,2007 This book the first full critical overview of the film avant garde ushers in a new approach and in the process creates its own subject While many books have studied particular aspects of the European film avant garde of the 1920s and 1930s Moving Forward Looking Back provides a much needed summary of the theory and practice of the movement while also emphasizing aspects of the period that have been overlooked Arguing that a European perspective is the only way to understand the transnational movement the book also pioneers a new approach to the alternative cinema network that sustained the avant garde paying particular attention to the emergence of film culture as visible in screening clubs film festivals and archives It will be essential to anyone interested in the influential movement and the film culture it created

Moving Forward, Looking Back Sarah M. Misemer,2010 Many critical shifts in concepts of time and society s consciousness of modernity were derived from the railway and World Standard Time in the nineteenth century These innovations restructred the way people viewed the world and dealt with public and private time The forward projectile motion along a linear track mimicked the passage of public chronological time Conversely the train also invoked a private nostalgic view of tim as the traveler was yanked from his her traditional view of the space time continuum via the train s velocity Travelers observed the landscape disappear in their backward glance from the window although the landscape and interior compartment s space remained stagnant This optical illusion caused passengers to perceive the world in new ways Thus the train unveils a conflictive blend of nostalgia and progress in the River Plate as these countries move forward but look back

Looking Back, Moving Forward Girish Daswani,2015-02-26 How do Ghanaian Pentecostals resolve the contradictions of their own faith while remaining faithful to their religious identity Bringing together the anthropology of Christianity and the anthropology of ethics Girish Daswani s Looking Back Moving Forward investigates the compromises with the past that members of Ghana s Church of Pentecost make in order to remain committed Christians Even as church members embrace the break with the past that comes from being born again many are less concerned with the boundaries of Christian practice than with interpersonal questions the continuity of suffering after conversion the causes of unhealthy relationships the changes brought about by migration and how to deal with them By paying ethnographic attention to the embodied practices interpersonal relationships and moments of self reflection in the lives of members of the Church of Pentecost in Ghana and amongst the Ghanaian diaspora in London Looking Back Moving Forward explores ethical

practice as it emerges out of the questions that church members and other Ghanaian Pentecostals ask themselves
