Critical and historical discussions of the life and work of Federico García Lorca Spain's foremost poet and playwright of the twentieth century often obscure the author's more avant garde dramatic works In *Lorca's Experimental Theater* Andrew A. Anderson focuses on four of Lorca's most challenging plays *Amor de don Perlimplín con Belisa en su jardín* *El público* *As que pasen cinco años* and *El sueño de la vida* previously known as *Comedia sin título* and on the surrounding context in which they came to be written and in only one case performed during his lifetime While none of Lorca's plays can be considered conventional these four works stand out in his corpus for challenging theatrical conventions most forcefully both thematically and technically With discussions of stagecraft artistic modernism and the historical avant garde *Lorca's Experimental Theater* provides detailed interpretive readings of the four plays surveys their textual and performative history and examines the most important contemporary influences on Lorca's creation of these expressive innovative works **The Continuum Companion to Twentieth Century Theatre** Colin Chambers, 2006-05-14

García Lorca at the Edge of Surrealism David F. Richter, 2014-10-15 *García Lorca at the Edge of Surrealism* The Aesthetics of Anguish examines the variations of surrealism and surrealist theories in the Spanish context studied through the poetry drama and drawings of Federico García Lorca 1898-1936 In contrast to the idealist and subconscious tenets espoused by surrealist leader André Breton which focus on the marvelous automatic creative processes and sublimated depictions of reality Lorca's surrealist impulse follows a trajectory more in line with the theories of French intellectuals such as Georges Bataille 1897-1962 who was expelled from Breton's authoritative group Bataille critiques the lofty goals and ideals of Bretonian surrealism in the pages of the cultural and anthropological review *Documents* 1929-1930 in terms of a dissident surrealist ethno-poetics This brand of the surreal underscores the prevalence of the bleak or darker aspects of reality crisis primitive sacrifice the death drive and the violent representation of existence portrayed through formless base matter such as blood excrement and fragmented bodies The present study demonstrates that Bataille's theoretical and poetic expositions including those dealing with the formless and the somber emptiness of the void engage the trauma and anxiety of surrealist expression in Spain particularly with reference to the anguish desire and death that figure so prominently in Spanish texts of the 1920s and 1930s often qualified as surrealist Drawing extensively on the theoretical cultural and poetic texts of the period *García Lorca at the Edge of Surrealism* offers the first book-length consideration of Bataille's thinking within the Spanish context examined through the work of Lorca a singular proponent of what is here referred to as a dissident Spanish surrealism By reading Lorca's surrealist texts including *Poeta en Nueva York* *Viaje a la luna* and *El público* through the Bataillean lens this volume both amplifies our understanding of the poetry and drama of one of the most important Spanish writers of the twentieth century and expands our perspective of what surrealism in Spain means

Spanish Theatre 1920-1995 Maria M. Delgado, 1998 Beginning with a reassessment of the 1920s and 30s this text looks beyond a consideration of just the most successful Spanish playwrights of the time and discusses also the work of directors theorists actors and designers

Lorca, Buñuel, Dalí Gwynne Edwards, 2009-06-17 Lorca Buñuel and Dalí were in their respective fields of poetry and theatre cinema and painting three of the most imaginative creative artists of the twentieth century their impact was felt far beyond the boundaries of their native Spain But if individually they have been examined by many their

connected lives have rarely been considered. It is these the ties that bind them that constitute the subject of this illuminating book. They were born within six years of each other and as Gwynne Edwards reveals their childhood circumstances were very similar. Each was affected by a narrow minded society and an intolerant religious background which equated sex with sin and led all three to experience sexual problems of different kinds. Lorca the guilt and anguish associated with his homosexuality. Bunuel feelings of sexual inhibition and Dali virtual impotence. Having met during the 1920s at the Residencia de Estudiantes in Madrid they developed intense personal relationships and channelled their respective obsessions into the cultural forms then prevalent in Europe. In particular Surrealism. Rooted in emotional turmoil their work from Lorca's dramatic characters in search of sexual fulfilment to Bunuel's frustrated men and women and Dali's potent images of shame and guilt is highly autobiographical. Their left wing outrage directed at bourgeois values and the Catholic Church was strongly felt and in the case of Lorca in particular was sharpened by the catastrophic Civil War of 1936-9 during the first months of which he was murdered by Franco's fascists. The war hastened Bunuel's departure to France and Mexico and Dali's to New York. Edwards describes how for the rest of his life Bunuel clung to his left wing ideals and made outstanding films while the increasingly eccentric and money obsessed Dali embraced Fascism and the Catholic Church and saw his art go into rapid decline.

Blood Wedding Federico Garcia Lorca, Gwynne Edwards, 2020-02-27. Blood Wedding is set in a village community in Lorca's Andalusia and tells the story of a couple drawn irresistibly together in the face of an arranged marriage. This tragic and poetic play is the work on which his international reputation was founded. Like many of Lorca's passionate and intensely lyrical plays that focus on peasant life and the forces of nature, Blood Wedding combines innovative dramatic technique with Spanish popular tradition. Methuen Drama Student Editions are expertly annotated texts of a wide range of plays from the modern and classic repertoires. As well as the complete text of the play itself the volume contains a chronology of the playwright's life and work, an introduction giving the background to the play, a discussion of the various interpretations, notes on individual words and phrases in the text and questions for further study. Lorca: Yerma J. Minetti, John E.

Lyon, 1987-01-01. One of Lorca's best known plays tells the story of a young peasant wife in rural Spain whose sole conscious desire is to embody what she regards as the natural moral and social laws governing her life as a woman in motherhood.

The House Of Bernarda Alba Federico García Lorca, 2019-11-14 Bernarda Alba is a widow and her five daughters are incarcerated in mourning along with her One by one they make a bid for freedom with tragic consequences Lorca's tale depicts the repression of women within Catholic Spain in the years before the war The House of Bernarda Alba is Lorca's last and possibly finest play completed shortly before he was murdered by Nationalist sympathisers at the outbreak of the Spanish Civil War Inspired by real characters and described by the author as a true record of village life it is a tragic tale of frustration and explosive passions in a household of women ruled by a tyrannical mother Edited with invaluable student notes a must for students of Spanish drama

Marvelous Encounters Willard Bohn, 2005 The concept of poesis critique poetry that possesses both a poetic and a critical function has an extensive history in modern literature Written in response to another work of art be it a painting a film a poem or a piece of music the critical poem comments on the latter in various ways but refuses to abandon its poetic mission Marvelous Encounters examines surrealist poets writing in French Spanish and Catalan who experimented with this intriguing genre The first three chapters are concerned with the French surrealists who began to cultivate critical poetry toward the end of World War I Chapter 2 considers how Louis Aragon and Philippe Soupault appropriated the critical poem as they reviewed books of poetry and films starring Charlie Chaplin Chapter 3 which examines how Benjamin Peret and Paul Eluard conceived of critical poetry analyzes their response to poems by Tristan Tzara and paintings by Giorgio de Chirico and Joan Miro Chapter 4 is devoted entirely to Andre Breton

Love, Desire and Identity in the Theatre of Federico García Lorca Paul McDermid, 2007 Physical desire and metaphysical love in the theatre of Federico García Lorca A dialectical tension between physical desire and metaphysical love lies at the heart of the theatre works of Federico García Lorca and the deployment of queer theory's critique of gender and identity is surprisingly effective in this discussion of love versus desire Seldom is enough attention paid to the poet's early works and so this book offers a timely review of the religious tragedy *Cristo* as well as Mariana Pineda uncovering in these early offerings an explicit proposal of the supremacy of love over desire A meditation on the fragmentary and challenging *El pánico* yields a vivid panorama of identity in crisis and a paradigmatic Lorcan sacrifice of self for love The ostensibly more conventional tragedies of *Amor de Don Perlimplín con Belisa en su jardín* and *Yerma* are also reassessed in terms of self sacrifice and self love The study concludes with an argument for a practical re-reading of *La casa de Bernarda Alba* which emphasises how the play might be saved from puffed realism with music humour and drag performance

Federico García Lorca Maria M. Delgado, 2008-03-03 Immortalized in death by The Clash Pablo Neruda Salvador Dalí Dmitri Shostakovich and Lindsay Kemp Federico García Lorca's spectre haunts both contemporary Spain and the cultural landscape beyond This study offers a fresh examination of one of the Spanish language's most

resonant voices exploring how the very factors which led to his emergence as a cultural icon also shaped his dramatic output. The works themselves are also awarded the space that they deserve combining performance histories with incisive textual analysis to restate Lorca's presence as a playwright of extraordinary vision in works such as *Blood Wedding*, *The Public*, *The House of Bernarda Alba*. Yerma. Federico García Lorca is an invaluable new resource for those seeking to understand this complex and multifaceted figure: artist, playwright, director, poet, martyr, and in the eyes of many, Spain's national dramatist.

Yarrow, 2014-10-14 European theatre has been the site of enormous change and struggle since 1960. There have been radical shifts in the nature and understanding of performance fuelled by increasing cross-cultural and international influence. Theatre has had to fight for its very existence, adapting its methods of operation to survive. *European Theatre 1960-1990*, first published in 1992, tells that story. The contributors, who in many cases have been theatre practitioners as well as critics, provide a wealth of fascinating information covering Germany, France, Poland, Italy, Spain, and Sweden, as well as Britain. The book offers an historical and descriptive overview of developments across national boundaries, enabling the reader to compare and contrast acting and directing styles, administrative strategies, and the relationship between ideology and achievement. Chapters trace the evolution of theatre in all its aspects, including such elements as the end of censorship in many countries, the upsurge in political and personal awareness of the 1960s, shifting patterns of state artistic policy, and the effects on companies, directors, performers, and audiences. This book should be of interest to undergraduates, postgraduates, and academics of theatre studies.
