Exploring the Spirituality of the Gospels Patrick J. Hartin, 2011-05-01 Within each of the four gospels there is a foundational spirit a spirituality of the gospels That is to say each gospel contains rich images and values central to the Vision of the person of Jesus and to the path toward spiritual transformation in his image In this volume Patrick Hartin first looks at each gospel and asks such questions as Who is Jesus and What transformation does this encounter with Jesus invite Hartin then follows with examples of people who have appropriated the transformative power of these particular spiritualities from Saint Antony and Dorothy Day to Saint Augustine and Archbishop Romero Hartin s twofold approach gives us a deeper appreciation for the spiritual dimension of the gospels and helps us to be transformed in Christ by their message and Vision

Subversive Spirituality L. Paul Jensen, 2009-08-01 Subversive Spirituality links the practice and study of Christian spirituality with Christian mission It develops a twofold thesis grace spiritual disciplines and mission practices are inseparably linked in the mission of Jesus of the early church and of several historical renewal movements as well as in a contemporary field research sample and amidst the collapse of space and time evidenced by our culture s increasingly hurried pace of life more time and space are needed for regular solitary and communal spiritual practices in church mission and leadership structures if Christian mission is to transform people and culture in our time This requires a subversion of the collapsed spatial and temporal codes that have infected our Christian institutions Jensen employs methods and approaches from a variety of academic disciplines to explore both spirituality in terms of space and time and mission in terms of deed and word Specifically Jensen examines the spirituality and mission of Jesus the early church the apostolic fathers Origen the Devotio Moderna the early Jesuits David Brainerd and several women in 19th century Protestant missions He considers the spirituality and mission that have arisen within the postmodern generations born after 1960 Based on the theological historical cultural and field analyses of this study a model for spirituality and mission is proposed The model addresses the contemporary collapse of space and time and appears to have widespread applicability to diverse cultures and eras Jensen s model is applied to the pluralistic and postmodern milieu of North America with recommendations for spirituality and mission in church mission and educational structures A derivative model for teaching and practicing spirituality and mission in the academy which also has application for non formal leadership development structures is also proposed

John's Gospel Gabriel-Mary Fiore, 2023-11-30 The Fourth Gospel has been known as the spiritual gospel since the second century but only recently have biblical scholars attempted to express the unique spirituality found in that sacred text. Surprisingly no consensus has emerged even after a century of research. Thus while John's Gospel is widely admired as a vibrant source of Christian piety the distinct features of its spirituality remain unclear. Fr Fiore addresses this problem from the fresh perspective of spiritual theology. Capitalizing on a century of Johannine biblical scholarship he uses the interdisciplinary methods of spiritual theology to bring new data to the study of the Gospel and solutions to many lingering questions. How did ancient readers understand what scholars now refer to as the Gospel's spirituality? How does that ecclesial reading compare to the analysis of modern critical exegesis? What makes Johannine spirituality special among other forms of Christian piety? How does the question of the Gospel's authorship impact our understanding of its spirituality? Does the Gospel contain what we now call mysticism? In what ways is John's spirituality still relevant for Christians today? Students of Christian spirituality and Johannine exegesis alike will find here stimulating historical and theological analysis of the Gospel's spirituality.

Mark Leonard Doohan, 2016-08-31 Mark is one of the most daring figures of the early church but at the same time he is not easily labeled. He is the first to assemble the oral traditions about Jesus thereby showing his fidelity and devotion to the past. But he is equally forceful in challenging his own church's accumulated traditions especially those he does not see as authentically representative of the events of Jesus's life and ministry. He respectfully documents the authority of church leaders and still feels free to challenge them. At times it is difficult to know what to make of Mark. One point is clear: no Christian of any time can read this gospel without being challenged by it.

The Gagging of God D. A. Carson, 2009-09-01 The Gold Medallion Award winning book that presents a persuasive case for Christ as the only way to God in light of contemporary religious pluralism. A great majority of social commentators attempting to define modern Western culture land on a common characteristic: pluralism. This isn't unique to secular culture. Many modern approaches to Christian hermeneutics or biblical interpretation have given credence to contemporary pluralism. What began as a refreshing restraint and humility in modern theology has fallen more and more into irresoluteness. It's no secret that the contemporary challenges to Christianity are complex and serious. Yet far from simple fear mongering or cultural warmongering *The Gagging of God* takes a hard look at the background and intricacy of pluralism, postmodernity and hermeneutics and equips thoughtful Christians to have intelligent, culturally sensitive and passionate fidelity to the gospel of Jesus Christ. In his contemplative, even handed approach Carson provides a structure of Christian thought capable of facing the philosophies of today and piercing their surface. It invites Christians to grapple responsibly with urgent questions of biblically grounded theology, spirituality and the defining lines of Christianity along with its range of challenges from without and within. *The Gagging of God* offers an in depth look at the big picture, shows how the many ramifications of pluralism are all parts of a whole and provides a systematic Christian response.
