Principles of Marketing Ayantunji Gbadamosi, Ian Bathgate, Sonny Nwankwo, 2013-11-19 This user friendly textbook offers students an overview of each aspect of the marketing process explored uniquely from the value perspective Delivering value to customers is an integral part of contemporary marketing For a firm to deliver value it must consider its total market offering including the reputation of the organization staff representation product benefits and technological characteristics and benchmark this against competitors market offerings and prices Principles of Marketing takes this thoroughly into account and ensures that students develop a strong understanding of these essential values The book also looks in detail at the impact of social media upon marketing practices and customer relationships and the dramatic impact that new technologies have had on the marketing environment Written by a team of experienced instructors Principles of Marketing is an ideal companion for all undergraduate students taking an introductory course in marketing

Indian Business Case Studies Volume II V P Pawar, Bhagyashree Kunte, Srinivas Tumuluri, 2022-06-13 It has been decades since many business schools outside India adopted the case study methodology for teaching almost all branches of management studies This trend has been seen in India too where top management institutes have implemented the case study based methodology as an important pedagogical tool in business education The major issue in India however is a severe shortage of Indian case studies through which business schools can provide industry insights to students This volume fills that gap It has twenty Indian cases related to different aspects of business management The cases cover some of the prominent disciplines of management like marketing finance human resource management strategy management operations management accounting and mergers and acquisitions These cases best serve the purpose of adoption of case methodology in classroom teaching or online lecture sessions for the faculty and students of business management

Developing Business Strategies and Identifying Risk Factors in Modern Organizations Tavana, Madjid, 2013-12-31 As there is a vast amount of information to consider when offering quality services organizations have developed techniques for identifying risk factors to be taken into consideration when constructing effective business strategies Developing Business Strategies and Identifying Risk Factors in Modern Organizations presents new methodologies currently being utilized to formulate and solve strategic issues in order to escape the jeopardy of possible business risks By highlighting a multitude of sciences and their influences on modern organizations this book is an essential reference for decision makers and researchers in business industry government and academia

Why Change Organisations? Bill Synnot, 2014-10-17 Why Change Organisations Organisation out of step with changing environment eg stakeholders markets etc Emerging opportunities to enhance organisation s strategic intent eg takeover merger alliance acquisition etc Desire to strengthen core competencies ie what the organisation does best Opportunities to expand core competencies ie diversify etc Need to handle next organisational phase eg life cycle approach S curve sigmoid curve second curve or curvilinear logic Of the above reasons the handling of the next organisational phase life cycle

approach is the least understood

Product Strategy and Corporate Success C B Rao, 2019-10-17 Product strategy is the key driver of business strategy and corporate success This book brings out several important aspects of product strategy drawing upon examples from the Indian automobile industry which is verily the bellwether of the Indian economy The automobile industry is not only a strategic industry economically but also an instructive industry intellectually The industry is the cradle of modern management and is a synthesis of various functional strategies The growth of the automobile industry or for that matter any consumer facing industry lies in its ability to maintain a continuous pipeline of new and innovative products substantive in functionality and stylistic in appearance The automobile industry provides the perfect backdrop for discussing products as the core of the corporate business strategy The global automobile industry including the Indian automobile industry is at an inflection point with portends of an unprecedented transformation The drivers of this transformation are already seen in terms of connected vehicles autonomous mobility electric vehicles and digital technologies The book through its eighty chapters demonstrates the synergistic interplay between technology and business strategy and execution innovation and inventiveness enterprise and regulation indigenization and globalization structure and process resourcing and spend and leadership and management This interplay would determine India's ability to become a major player in this transformation This book will be of interest to industry professionals policy makers the academic community and the general public
