historian Peter Vronsky examines our understanding of serial killing from its prehistoric anthropological evolutionary dimensions in the pre civilization era c 15 000 BC to today Delving further back into human history and deeper into the human psyche than Serial Killers Vronsky s 2004 book which has been called the definitive history of serial murder he focuses strictly on sexual serial killers thrill killers who engage in murder rape torture cannibalism and necrophilia as opposed to for profit serial killers including hit men or political serial killers like terrorists or genocidal murderers These sexual serial killers differ from all other serial killers in their motives and their foundations They are uniquely human and as popular culture has demonstrated uniquely fascinating
