

A portrait of Martin Luther, a German monk, theologian, and reformer. He is depicted from the chest up, wearing a black cap and a dark, high-collared robe. He holds an open book in his left hand and a quill pen in his right hand. The background is a textured, brownish-grey. In the top right corner, there is a small, ornate metal object, possibly a lock or a decorative element.

Luther Selected Political Writings:

Luther Martin Luther, 1987-10-05 **Luther** Martin Luther, *Realist Ethics* Valerie Morkevičius, 2018-02 Appealing to just war thinkers international relations scholars policymakers and the public this book claims that the historical Christian Islamic and Hindu just war traditions reflect political concerns with domestic and international order This underlying realism serves to counterbalance the overly optimistic approach of contemporary liberal just war approaches *On Politics: A History of Political Thought: From Herodotus to the Present* Alan Ryan, 2012-10-22 Finally in a one volume paperback edition On Politics is one of the most ambitious and hugely readable histories of political philosophy in nearly a century Praised widely upon hardcover publication Alan Ryan's masterpiece David Ulin Los Angeles Times blends history and philosophy to examine three thousand years of political thought Drawing on three decades of research Ryan insightfully traces the origins of political philosophy from the ancient Greeks to the present and evokes the lives and minds of our greatest thinkers in a way that makes reading about them a remarkable experience Jeremy Waldron New York Review of Books Whether writing about Plato or Augustine Tocqueville or Jefferson Ryan illuminates John Dewey's dictum that the role of philosophy is less to see truth than to enhance life With this epic John Keane Financial Times tour de force Ryan affirms his place as one of the most influential political philosophers of our time *Just War Thinkers Revisited* Daniel R. Brunstetter, Cian O'Driscoll, 2024-11-25 This book comprises essays that focus on a range of thinkers who challenge the boundaries of the just war tradition The ethics of war scholarship has become a rigid and highly disciplined activity closely associated with a very particular canon of thinkers This volume moves beyond this by presenting thinkers not typically regarded as part of that canon but who have interesting and potentially important things to say about the ethics of war The book presents 20 profile essays on an eclectic cast of heretics humanists and radicals from ancient Greece to the twenty first century who lived through and theorized about violence The book asks how ethics of war scholars might benefit from engaging with them Some of these thinkers engage directly with to augment or criticize the just war tradition while others contribute to military thinking across the ages pushing the boundaries of what was acceptable in war Many proffer alternative moral frameworks regarding the legitimacy of political violence The present volume thus invites scholars to reconsider the ethics of war in a way that challenges the standard delineation between just war theory realism and pacifism and to reflect on how those positions might inform our own approach to these matters This book will be of much interest to students of just war theory ethics of war war studies and International Relations Religion, War, and Ethics Gregory M. Reichberg, Henrik Syse, 2014-05-26 Religion War and Ethics is a collection of primary sources from the world's major religions on the ethics of war Each chapter brings together annotated texts scriptural theological ethical and legal from a variety of historical periods that reflect each tradition's response to perennial questions about the nature of war when if ever is recourse to arms morally justifiable What moral constraints should apply to military conduct Can a lasting earthly peace be achieved Are there sacred

reasons for waging war and special rewards for those who do the fighting The religions covered include Sunni and Shiite Islam Judaism Roman Catholic Eastern Orthodox and Protestant Christianity Theravada Buddhism East Asian religious traditions Confucianism Shinto Japanese and Korean Buddhism Hinduism and Sikhism Each section is compiled by a specialist recognized within his or her respective religious tradition who has also written a commentary on the historical and textual context of the passages selected

Transfiguring Luther Vitor Westhelle, 2017-02-23 Luther's theology has inspired many since 1517 when he nailed his ninety five theses to the door of the Castle Church It was the trigger for the Reformation a change in the very fabric of Christianity that is still studied extensively to this day Much of this work however has been conducted from either a European or North American perspective With Lutheranism becoming more and more common in the southern hemisphere new interpretations of Luther's theology are needed for these emergent and different contexts In *Transfiguring Luther* Vitor Westhelle offers a reading of Luther and his legacy that goes beyond the traditional geopolitics of Luther research exploring realities where the Reformer's reception and the latent promise of his theology receive unsuspected appraisal Westhelle provides both a revisitation of the past and an invitation to a new orientation By establishing a texture rather than a rigid actuality Westhelle allows the reader to reach their own conclusions about these seldom examined aspects of Luther's theology

Christianity and Constitutionalism Nicholas Aroney, Ian Leigh, 2022 The first volume of its kind *Christianity and Constitutionalism* explores the contribution of Christianity to constitutional law and constitutionalism as viewed from the perspectives of history law and theology The authors examine a wide range of key figures including Augustine Thomas Aquinas Moses Martin Luther and Roger Williams offering innovative and thoughtful analyses of the relationship between religious thought and constitutional law Part I features contributions from historians and is focused on the historical influence of Christianity on constitutionalism recounting how the relationship between the Christian faith and fundamental ideas about law justice and government has evolved from era to era Part II offers the analyses of constitutional lawyers focusing on the normative implications of Christianity for particular themes or topics in constitutional law The chapters in this section orbit around several central doctrines and principles of this field including sovereignty the rule of law democracy the separation of powers human rights conscience and federalism evaluating them from a range of Christian perspectives Part III rounds out the study with theologians focused on particular Christian doctrines exploring their constructive and sometimes critical implications for constitutionalism As a whole *Christianity and Constitutionalism* breaks new ground by offering wide ranging interdisciplinary contributions to the study of the relationship between the Christian religion and constitutional law

Uncivil Disobedience David M. Gides, 2022-12-13 This book addresses the need for theological reflection on uncivil disobedience Existing scholarship in theology and politics mostly treats church state relations theoretically with studies in non violent resistance or civil disobedience or in other ways largely assuming traditional forms of governance and means of protest all while paying little to no attention to post modern political

philosophies Recent eruptions of uncivil disobedience oftentimes involving violence like we have seen with Antifa Black Lives Matter protests the storming of the U S Capitol Building and in the actions of other right wing leftist and religious groups assume new ways of protesting and new forms of organizing or mobilizing Additionally these groups and their activities are often informed by post modern philosophies These new political dynamics present an opportunity for theologians to produce scholarship in response After establishing philosophical underpinnings related to uncivilly disobedient action the contributors cover traditional historical and theological responses to political unrest as a foundation for considering or evaluating attempts to address theologically present day manifestations of uncivil disobedience

Pulpit and Politics Corwin E. Smidt, 2004 Pulpit and Politics presents the most current and comprehensive examination of the religious beliefs and political behavior of American clergy at the advent of the new millennium Based on data gathered during the 2000 Presidential election this study examines the relationship between belief and behavior theology and politics religious commitments and social activism from African American Baptist Jewish Mainline Protestant Roman Catholic and other religious groups Pulpit and Politics is a treasure trove of historical comparative and statistical information about the political behavior of America s clergy
