Lyndon B Johnsons Vietnam Papers A Documentary Collection:

Lyndon B. Johnson's Vietnam Papers Lyndon Baines Johnson, 1997 The recent declassification of top secret Vietnam War papers of the Johnson administration provides an unusually intimate portrait of presidential decision making and fills an important gap in the literature on presidents and on the Vietnam War For years the Pentagon Papers served as the most influential published collection of Vietnam era policy making documents However as Vietnam scholar George McT Kahin has written the Pentagon Papers are generally very sketchy and inadequate with respect to the political dimension and for the critical years 1964 1968 the gaps are particularly extensive Drawing upon the newly declassified documents and many other Vietnam papers David Barrett s *Lyndon Johnson s Vietnam Papers* fills the need for a one volume collection detailing interaction and confrontations concerning the dilemmas of Vietnam policy He chronologically presents notes of meetings and phone calls between President Johnson and advisers as well as meetings with some war critics memoranda to and from the president and notes and letters written by friends and associates of Johnson describing his thinking and concerns about the war This volume offers a first hand documentation of how and why the United States fought in Indochina in the 1960s an introduction to the archival holdings for future researchers and documentary evidence of the major players and their roles in making policy *Vietnam, January 1969-July 1970* United States. Department of State, 2006 State Department Publication 11152 General Editor Edward C Keefer David C Geyer et al editors Documents United States national security policy during the Johnson administration Focuses on the issues that primarily engaged high level United States policymakers Features eleven bilateral and two regional compilations demonstrating the breadth of the United States Government s relations with the countries of South and Central America **The Tet Effect** Jake Blood, 2005 This book examines intelligence s role in shaping America s perception of the Vietnam war and looks closely at the intelligence leadership and decision process in Vietnam **RAND in Southeast Asia** Mai Elliott, 2010-02-08 This volume chronicles RAND s involvement in researching insurgency and counterinsurgency in Vietnam Laos and Thailand during the Vietnam War era and assesses the effect that this research had on U S officials and policies Elliott draws on interviews with former RAND staff and the many studies that RAND produced on these topics to provide a narrative that captures the tenor of the times and conveys the attitudes and thinking of those involved **The Presidency of Richard Nixon** Melvin Small, 1999 A lively anecdotal account features every facet of Nixon s controversial administration just in time for the 25th anniversary of his history making resignation from the presidency 23 photos **When Presidents Lie** Eric Alterman, 2005-10 Assesses the impact of governmental and presidential lies on American culture revealing how such lies become ever more complex and how such deception creates problems far more serious than those lied about in the beginning *Debating Vietnam* Joseph A. Fry, 2006 In the midst of the Vietnam War two titans of the Senate J William Fulbright and John C Stennis held public hearings to debate the conflict s future In this intriguing new work historian Joseph A Fry provides the first comparative analysis of these inquiries and the

senior southern Senators who led them The Senators shared aim was to alter the Johnson administration's strategy and bring an end to the war but from dramatically different perspectives Fulbright hoped to pressure Johnson to halt escalation and seek a negotiated settlement while Stennis wanted to prompt the President to bomb North Vietnam more aggressively and secure a victorious end to the war Publicized and televised these hearings added fuel to the fire of national debate over Vietnam policy and captured the many arguments of both hawks and doves Fry details the dramatic confrontations between the Senate committees and the administration spokesmen Dean Rusk and Robert McNamara and he probes the success of congressional efforts to influence Vietnam policy Ultimately Fry shows how the Fulbright and Stennis hearings provide vivid insight into the debate over why the United States was involved in Vietnam and how the war should be conducted A Memoir of Creativity Piri Halasz, 2009 A Memoir of Creativity chronicles one woman's life journey as she derives a theory revealing meaning in abstract painting from varied personal and professional experiences and tells how she locates this theory within a broader social context In 1966 Piri Halasz became the first woman within living memory to write a cover story for Time and not just any cover story either the notorious one on Swinging London With wit and wisdom she provides a glimpse into her red diaper childhood as well as reporting on her climb at Time from research to the writing staff Vividly she describes her controversial career as a female journalist during the sixties offering an inside view of newsweekly rivalries during that tempestuous decade Halasz then moves on to her initiation into the art world her lively interaction with some of its most distinguished denizens and her immersion in graduate school She concludes with what she has learned about art history and history itself since the early eighties applying that knowledge to better understand the twenty first century Through sharing her life story Halasz encourages others to remain open to new experiences to try different ways of seeing and to use creativity to tackle hurdles *Vietnam and the American Political Tradition* Randall B. Woods, 2003-02-24 This volume is intended to demonstrate how opposition to the war in Vietnam the military industrial complex and the national security state crystallized in a variety of different and often divergent political traditions Indeed for many of the figures discussed dissent was a decidedly conservative act in that they felt that the war threatened traditional values mores and institutions even though their definitions of what was sacred differed profoundly To an extent many of the dissenters treated in this volume were at one time Cold War liberals During the course of the Vietnam War they came to see the foreign policy which they were supporting with its willingness to invoke the democratic ideal and at the same time tolerate dictatorships in the cause of anticommunism as morally and politically corrupt Most dissenters increasingly came to perceive cold war liberalism as a radical departure that threatened the fundamental ideals of the republic The War Council Andrew Preston, 2010-04-10 Was the Vietnam War unavoidable By examining the role of McGeorge Bundy and the National Security Council this title demonstrates that policymakers escalated the conflict in Vietnam in the face of internal opposition external pressures and a continually failing strategy
