Elsässer,2022-03-22 Following Einstein's sentence Everything should be made as simple as possible but not simpler If you can't explain it simply you don't understand it well enough this book puts a spotlight on the complex marketing ecosystem from a physicist's point of view Today's marketing world is overcomplex CMOs face the challenge to transform their current target operating models towards a 100% customer centric and data driven way of working A journey from good old mad men toward math men marketing This book consists of three parts The first part strips down the complexity of the marketing universe to the leanest frame of reference and then brings back the complexity step by step in single dimensions Part two and three just follow these thoughts and provide a detailed description of 56 small atoms that can be used in a maturity assessment of your marketing How to use them in a broader transformation concludes the book In summary An end 2 end guideline how to pursue and master the transformation from mad men towards a math men marketing operating model
