Koster Washburn,2013-06-01 The decorated sandals worn by prehistoric southwesterners with their complex fiber structures and designs have been dissected described and interpreted for a century Nevertheless these artifacts remain mysterious in many respects Teague and Washburn examine these sandals as sources of information on the history of the people known as the Basketmakers The unique sandals of early southwestern farmers appear in Basketmaker II and reach their greatest elaboration with the complex fabric structures and colorbanded designs of Basketmaker III The appearance of this footwear coincides with the transition to fully sedentary maize agriculture The authors address the origins of these sandals and what they may reveal about population movements onto and around the Colorado Plateau and about the cosmology of early farmers **Expanding Fields of Architectural Discourse and Practice** Matthew Butcher,Megan O'Shea,2020-11-27

Expanding Fields of Architectural Discourse and Practice presents a selection of essays architectural experiments and works that explore the diversity within the fields of contemporary architectural practice and discourse Specific in this selection is the question of how and why architecture can and should manifest in a critical and reflective capacity as well as to examine how the discipline currently resonates with contemporary art practice It does so by reflecting on the first 10 years of the

architectural journal P E A R 2009 to 2019 The volume argues that the initial aims of the journal to explore and celebrate the myriad forms through which architecture can exist are now more relevant than ever to contemporary architectural discourse and practice Included in the volume are architectural practitioners design researchers artists architectural theorists historians journalists curators and a paleobiologist all of whom contributed to the first seven issues of the journal Here they provide a unique presentation of architectural discourse and practice that seeks to test new ground while forming distinct relationships to recent and more longstanding historical legacies Praise for Expanding Fields of Architectural Discourse and Practice The story told by the authors of this work can thus be considered as the central tool of an architectural
