Maasir I Alamgiri A History Of The Emper:

Maasir-i-Alamgiri: a history of The Emperor Aurangzib Muḥammad Sāqī Musta'idd Khān, Sir Jadunath Sarkar,

Maasir-i-'Alamgiri Saqi Musta'idd Khan, 1947 **Maasir-I-Alamgiri** Jadunath Sarkar, 2025-01-30 This is an English translation of the original Persian text authored by Saqi Must ad Khan It begins with Aurangzeb s emergence and his succession to the Mughal throne In this volume the events are recorded chronologically with details of the names of persons and places The text is based on the official reports stored in the Royal Asiatic Society of Bengal under the Bibliotheca Indica series The important facts and major events of the period have been narrated as per the records and happenings on a daily basis For this reason the work is one of the primary sources for the history of Aurangzeb s period The translation is accurate fluent communicative yet faithful to the original text The work is a valuable addition to the sources to understand Mughal political history *Urban Histories of Rajasthan* Elizabeth M. Thelen, 2022-06-20 An exploration of religious conflicts in premodern urban India Diverse peoples intermingled in the streets and markets of premodern Indian cities This book considers how these diverse residents lived together and negotiated their differences Which differences mattered when and to whom How did state actions and policies affect urban society and the lives of various communities How and why did conflict occur in urban spaces Through these questions this book explores the histories of urban communities in the three cities of Ajmer Nagaur and Pushkar in Rajasthan between the sixteenth and eighteenth centuries The focus of this study is on everyday life contextualizing religious practices and conflicts by considering patterns of patronage and broader conflict patterns within society The book examines various archival documents from family and institutional records to state registers and uses these documents to demonstrate the complex and sometimes contradictory ways religion intersected with politics economics and society The author shows how many patronage patterns and processes persisted in altered forms and how the robustness of these structures contributed to the resilience of urban spaces and society in precolonial Rajasthan **The Encyclopedia of Diplomacy, 4 Volume Set** Gordon Martel, 2018-04-30 The Encyclopedia of Diplomacy is a complete and authoritative 4 volume compendium of the most important events people and terms associated with diplomacy and international relations from ancient times to the present from a global perspective An invaluable resource for anyone interested in diplomacy its history and the relations between states Includes newer areas of scholarship such as the role of non state organizations including the UN and M decins Sans Fronti res and the exercise of soft power as well as issues of globalization and climate change Provides clear concise information on the most important events people and terms associated with diplomacy and international relations in an A Z format All entries are rigorously peer reviewed to ensure the highest quality of scholarship Provides a platform to introduce unfamiliar terms and concepts to students engaging with the literature of the field for the first time **Maasir-i-alamgiri** Muḥammad Sāqī Musta'idd Khān, 1986 *The Architecture of a Deccan Sultanate* Pushkar Sohoni, 2018-08-30 The Deccan sultans left a grand architectural and artistic legacy They

commissioned palaces mosques gardens and tombs as well as decorative paintings and coins Of these sultanates the Nizam Shahs r 1490 1636 were particularly significant being one of the first to emerge from the crumbling edifice of the Bahmani Empire c 1347 1527 Yet their rich material record remains largely unstudied in the scholarly literature obscuring their cultural and historical importance This book provides the first analysis of the architecture of the Nizam Shahs Pushkar Sohoni examines the critical relationship between architectural production courtly practice and royal authority in a period when the aspirations and politics of the kingdom were articulated through architectural expression Based on new primary research from key sites including the urban settlements of Ahmadnagar Daulatabad Aurangabad Junnar and the port city of Chaul Sohoni sheds light on broader Islamicate ideas of kingship and shows how this was embodied by material artefacts such as buildings and sites paintings gardens guns and coins As well as offering a vivid depiction of sixteenth century South Asia this book revises understanding of the cultural importance of the Nizam Shahs and their place in the Indian Ocean world It will be a vital primary resource for scholars researching the history of the medieval and early modern Deccan and relevant for those working in Art History Islamic Studies South Asian Studies and Archaeology *The Emperor Who Never Was* Supriya Gandhi, 2020-01-07 Dara Shukoh was the heir apparent to the Mughal throne in 1659 when he was executed by his brother Aurangzeb Today Dara is lionized in South Asia while Aurangzeb who presided over the beginnings of imperial disintegration is scorned Supriya Gandhi's nuanced biography asks whether the story really would have been different with Dara in power *Aurangzeb as he is known from the Masir I Alamgiri and his Anecdotes and Letters* Dr. Hemantraje Gaikwad, 2025-01-28 While studying Aurangzeb the three books that intrigued me were the Masir I Alamgiri Letters of Aurangzeb and Anecdotes of Aurangzeb The Masir i Alamgiri is a chronicle written by Saki Mustad Khan that records births marriages deaths postings promotions demotions felicitations victories and defeats of war during the reign of Aurangzeb All three books have instructive passages from well known Persian poets and Koranic verses Aurangzeb even quotes Plato and Aristotle The language and style of his comments is polite sweet simple and figurative Again a larger meaning is conveyed by a short sentence At times there is a play of words showing Aurangzeb's mastery over Arabic literature The Anecdotes of Aurangzeb tell us that he believed A king must work hard to reign and it is ingratitude towards God injustice and tyranny towards man to wish to reign without hard work **The Ashgate Research Companion to Modern Imperial Histories** John Marriott, 2016-03-23 Written by leading scholars this collection provides a comprehensive and authoritative overview of modern empires Spanning the era of modern imperial history from the early sixteenth century to the present it challenges both the rather insular focuses on specific experiences and gives due attention to imperial formations outside the West including the Russian Japanese Mughal Ottoman and Chinese The companion is divided into three broad sections Part I Times surveys the three main eras of modern imperialism The first was that dominated by the settlement impulse with migrants many voluntarily and many more by force making new lives in the colonies This impulse gave way most especially in

the nineteenth century to a period of busy and rapid expansion which was less likely to promote new settlement and in which colonists more frequently saw their sojourn in colonial lands as temporary and related to the business mostly of governance and trade. Lastly in the twentieth century in particular empires began to fail and to fall. Part II *Spaces* studies the principal imperial formations of the modern world. Each chapter charts the experience of a specific empire while at the same time placing it within the complex patterns of wider imperial constellations. The individual chapters thus survey the broad dynamics of change within the empires themselves and their relationships with other imperial formations and reflect critically on the ways in which these topics have been approached in the literature. In Part III *Themes* scholars think critically about some of the key features of imperial expansion and decline. These chapters are brief and many are provocative. They reflect the current state of the field and suggest new lines of inquiry which may follow from more comparative perspectives on empire. The broad range of themes captures the vitality and diversity of contemporary scholarship on questions of empire and colonialism encompassing political, economic and cultural processes central to the formation and maintenance of empires as well as institutions, ideologies and social categories that shaped the lives both of those implementing and those experiencing the force of empire. In these pages the reader will find the slave and the criminal, the merchant and the maid, the scientist and the artist alongside the structures which sustained their lives and their livelihoods. Overall the companion emphasises the diversity of imperial experience and process. Comprehensive in its scope it draws attention to the particularities of individual empires rather than over-generalising as if all empires at all times and in all places behaved in a similar manner. It is this contingent and historical specificity that enables us to explore in expansive ways precisely what constituted the modern empire.
