Machiavelli And Us

Paul A. Rahe

Machiavelli And Us:

Machiavelli and Us Louis Althusser, 1999 Though only appearing as an occasional reference in the Marxist philosopher's oeuvre Machiavelli was an unseen constant presence For together with Spinoza and Marx Machiavelli was a veritable Althusserian passion Machiavelli and Us reveals why and will be welcomed for the light it sheds on the richly complex thought of its author

Machiavelli in America Thomas Block, 2014-03-01 Machiavelli advised us that people are so mean small and selfish that they will only act under necessity so the successful prince must force the population through whatever means necessary to follow his dictates This book traces the influence of the Florentine thinker on American politics from the Founders c 1770s through today's rough and tumble political panorama Machiavelli's ideas have been reinterpreted internationally as real politik He proposed that the ends justify the means and that any manner of fraud violence or corruption must be utilized in attaining and retaining power He maintained that the most powerful form of fraud was the appearance of religiosity and said that the successful prince must hold no art higher than that of war In this disturbing erudite and highly readable book America is shown to be a surprising example of Machiavellian politics utilizing all of the post modern methods of information distribution and legal fraud and corruption Lee Atwater Karl Rove George W Bush the Supreme Court's Citizens United v the Federal Election Commission 2010 and the Super PACs it spawned the massive amounts of money power's master key the intermingling of the language of religion and war and the 90% negative advertising of the 2012 Presidential campaign channeling Machiavelli's dictum that the adversary must be assassinated though in contemporary America by character assassination and even Barack Obama's Machiavellian machinations are looked at in light of the Renaissance political philosopher's ideas The last section of the book offers a response to this with a specific implementable program that will begin to devolve the power of American democracy back to the people

Masters and Slaves Michael Palmer, 2001-01-01 This collection of essays sheds light on the writings of leading figures in the history of political philosophy by exploring a nexus of questions concerning mastery and slavery in the human soul To this end Masters and Slaves elucidates archetypal human alternatives in their import for political life the philosopher and king the lover of wisdom and the lover of glory the king and the tyrant and finally the master and the slave Palmer re-examines these ideas as a framework for achieving a deeper understanding of the work of famous thinkers from the ancient to modern times including Thucydides Plato Aristotle Machiavelli Hobbes and Rousseau As well the book addresses distinctions between the ancients and the moderns and touches on the work of contemporary theorists such as Leo Strauss George Parkin Grant and Allan Bloom

American Machiavelli John Lamberton Harper, 2004-03-08 Alexander Hamilton rose from his humble beginnings as an illegitimate West Indian orphan and emigrant to become the premier statebuilder and strategic thinker of the American Founding generation

Machiavelli's Platonic Problems Guillaume Bogiaris, 2021-01-28 Machiavelli is traditionally understood as a thinker who rejected Platonism in bulk This book argues that even if it is correct to describe

him as unsympathetic to Platonic thought his philosophy addresses it in a deep and nuanced manner In order to see this one must first disentangle Machiavelli's conversation with Plato from his criticism of Christian Florentine Neoplatonism Once this is done Machiavelli's work reveals itself to engage key Platonic themes such as love the place of philosophical education in politics and the relationship between policymaking and mythmaking This engagement helps us further characterize and clarify essential concepts and axioms of Machiavellian thought such as *fortuna* virtue the importance of self reliance and the proper sources of political knowledge

Encountering Althusser Katja Diefenbach, Sara R. Farris, Gal Kirn, Peter Thomas, 2013-01-10 French philosopher Louis Pierre Althusser 1918-1990 helped define the politico-theoretical conjuncture of pre and post 1968 Today there is a recrudescence of interest in his thought especially in light of his later work published in English as *Philosophy of the Encounter* Verso 2006 This has led to renewed debates on the reformulation of conflicting notions of materialism on the event as both philosophical concept and political construction and on the nature of politics and the political These original essays by leading scholars aim to provide a new assessment of Althusser's thought especially in relation to contemporary debates Organized in four sections that represent the main currents in Althusser's scholarship the book discusses materialism and the different formulations of the relationship between politics and philosophy Althusser's interpretations of political thinkers including Machiavelli Deleuze and Gramsci the resources he provides to critique political economy and politics in post-Marxist thought and the theorization of ideology and politics *Encountering Althusser* is a groundbreaking resource that highlights Althusser's continuing relevance to contemporary radical thought

Machiavelli's Legacy Timothy Fuller, 2016 Machiavelli's Legacy situates Machiavelli in general and *The Prince* in particular at the birth of modernity Joining the conversation with established Machiavelli scholars are political theorists Americanists and international relations scholars ensuring a diversity of viewpoints and approaches

Machiavelli's New Modes and Orders Harvey C. Mansfield, 2001-04-15 This study wrought by one of Machiavelli's interpreters uncovers the hidden intricacies of the Discourses It will inform and challenge its readers at every step

BOOK JACKET

Machiavelli's Secret Raymond Angelo Belliotti, 2015-08-31 The political statesman Machiavelli tells us must love his country more than his own soul Political leaders must often transgress clear moral principles using means that are typically wrong even horrifying What sort of inner life does a leader who uses evil well experience and endure The conventional view held by most scholars is that a Machiavellian statesman lacks any inwardness because Machiavelli did not delve into the state of mind one might find in a politician with dirty hands While such a leader would bask in his glory the argument goes we can only wonder at the condition of the soul they have presumably risked in discharging their duties In Machiavelli's *Secret* Raymond Angelo Belliotti uncovers a range of clues in Machiavelli's writings that when pieced together reveal that the Machiavellian hero most certainly has inwardness and is surely deeply affected by the evil means he must sometimes employ Belliotti not only reveals the nature of this internal condition but also provides a springboard for the possibility of Machiavelli's ideal

statesman *Machiavelli's Liberal Republican Legacy* Paul A. Rahe, 2005-11-14 The significance of Machiavelli's political thinking for the development of modern republicanism is a matter of great controversy In this volume a distinguished team of political theorists and historians reassess the evidence examining the character of Machiavelli's own republicanism and charting his influence on Marchamont Nedham James Harrington John Locke Algernon Sidney John Trenchard Thomas Gordon David Hume the Baron de Montesquieu Benjamin Franklin George Washington John Adams Thomas Jefferson James Madison and Alexander Hamilton This work argues that while Machiavelli himself was not liberal he did set the stage for the emergence of liberal republicanism in England By the exponents of commercial society he provided the foundations for a moderation of commonwealth ideology and exercised considerable if circumscribed influence on the statesmen who founded the American Republic Machiavelli's Liberal Republican Legacy will be of great interest to political theorists early modern historians and students of the American political tradition
