

MACHIAVELLI'S ROMANS

LIBERTY AND GREATNESS
IN THE DISCOURSES ON LIVY

J. PATRICK COBY

Machiavellis Romans Liberty And Greatness In The Discourses On Livy

Fabio Raimondi

Machiavelli's Romans Liberty And Greatness In The Discourses On Livy:

Machiavelli's Romans Patrick J. Coby, 1999-05-13 Although Machiavelli is usually considered a pioneer among modern political philosophers he read deeply in and was greatly influenced by the works of classical Roman thinkers such as Livy There is thus a fundamental tension between the modern and the ancient within Machiavelli's philosophy he is both a precursor to the Enlightenment and a throwback to republican Rome This is the main thesis behind Patrick Coby's innovative study of the neglected Machiavellian classic *Discourses on Livy* Coby argues that scholars have been too quick to dismiss the ancient antecedents of Machiavelli's thought particularly with regard to the modes and orders of the Roman republic The book seeks to resolve the central paradox of the *Discourses* that Machiavelli recommends adoption of Roman modes and orders even though those modes and orders destroyed the virtue the strength which Machiavelli would have moderns resuscitate by imitating Rome A sophisticated highly engaging book Machiavelli's *Romans* will be of special interest to political theorists Renaissance scholars and classicists

Machiavelli's Discourses on Livy: New Readings Diogo Pires Aurélio, Andre Santos Campos, 2021-10-11 Machiavelli is chiefly known for *The Prince* but his main considerations on politics are found in his later work *Discourses on Livy* Despite this book's historical and theoretical importance its complexity length and style have often discouraged new readers and interpreters of Machiavelli from engaging with it For this reason the *Discourses* has not been given the attention it deserves This volume of newly commissioned essays by some of the world's leading Machiavelli experts seeks to remedy this deficiency It is the first collective volume dedicated specifically to this profound work covering topics such as Machiavelli's republicanism the relation between liberty and tyranny the role of religion Machiavelli's conception of history his writing style his view of society as a plural and conflictive body his suggestion of how a free state should be organized and his notions of people and virtue Contributors Jérémie Barthas Thomas Berns Alessandro Campi J. Patrick Coby Marie Gaille Marco Geuna Mark Jurdjevic Cary J. Nederman Gabriele Pedull Diogo Pires Aurélio Fabio Raimondi Andre Santos Campos Miguel Vatter and Camila Vergara

Machiavelli, Hobbes, and the Formation of a Liberal Republicanism in England Vickie B. Sullivan, 2006-12-14 Argues that some English writers of the seventeenth and early eighteenth centuries synthesized a liberal republicanism

Machiavelli's Liberal Republican Legacy Paul A. Rahe, 2005-11-14 The significance of Machiavelli's political thinking for the development of modern republicanism is a matter of great controversy In this volume a distinguished team of political theorists and historians reassess the evidence examining the character of Machiavelli's own republicanism and charting his influence on Marchamont Nedham James Harrington John Locke Algernon Sidney John Trenchard Thomas Gordon David Hume the Baron de Montesquieu Benjamin Franklin George Washington John Adams Thomas Jefferson James Madison and Alexander Hamilton This work argues that while Machiavelli himself was not liberal he did set the stage for the emergence of liberal republicanism in England By the exponents of commercial society he provided the foundations for a moderation of commonwealth ideology and exercised considerable if

circumscribed influence on the statesmen who founded the American Republic Machiavelli's Liberal Republican Legacy will be of great interest to political theorists early modern historians and students of the American political tradition

Constituting Freedom Fabio Raimondi, 2018 An important new interpretation of Machiavelli's political thinking appearing in English for the first time **Machiavelli** Cary J. Nederman, 2012-12-01 Liberal thinker or immoral pragmatist You decide Machiavelli has been among the most commented upon criticized and feared thinkers of the modern world Infamous for his support of brutality and repression as valid political instruments he is often portrayed as the pantomime villain of political theorists In this whirlwind tour of Machiavelli's writings and eventful life Nederman highlights the complexities in his thought showing that he actually advocated democracy as much as dictatorship debate as much as violence depending upon prevailing political conditions The Cambridge Companion to Machiavelli John M. Najemy, 2010-06-24 A vivid portrait of this extraordinary thinker assessing his place in Western thought since the Renaissance

Machiavelli and the Orders of Violence Yves Winter, 2018-09-20 Niccol Machiavelli is the most prominent and notorious theorist of violence in the history of European political thought prominent because he is the first to candidly discuss the role of violence in politics and notorious because he treats violence as virtue rather than as vice In this original interpretation Yves Winter reconstructs Machiavelli's theory of violence and shows how it challenges moral and metaphysical ideas Winter attributes two central theses to Machiavelli first violence is not a generic technology of government but a strategy that tends to correlate with inequality and class conflict and second violence is best understood not in terms of conventional notions of law enforcement coercion or the proverbial last resort but as performance Most political violence is effective not because it physically compels another agent who is thus coerced rather it produces political effects by appealing to an audience As such this book shows how in Machiavelli's world violence is designed to be perceived experienced remembered and narrated **Machiavelli's**

Legacy Timothy Fuller, 2015-10-28 Niccol Machiavelli's *The Prince* is one of the most celebrated and notorious books in the history of Western political thought It continues to influence discussions of war and peace the nature of politics and the relation of private ethics to public duties Ostensibly a sixteenth century manual of instruction on certain aspects of princely rule and behavior *The Prince* anticipates and complicates modern political and philosophical questions What is the right order of society Can Western politics still be the model for progress toward peace and prosperity or does our freedom to create our individual purposes and pursuits undermine our public responsibilities Are the characteristics of our politics markedly different for better or for worse than the politics of earlier eras Machiavelli argues that there is no ideal transcendent order to which one can conform and that the right order is merely the one that has the capacity to persist over time *The Prince*'s emphasis on the importance of an effective truth over any abstract ideal marks it as one of the first works of modern political philosophy Machiavelli's Legacy situates Machiavelli in general and *The Prince* in particular at the birth of modernity Joining the conversation with established Machiavelli scholars are political theorists Americanists and

international relations scholars ensuring a diversity of viewpoints and approaches Each contributor elucidates different features of Machiavelli's thinking from his rejection of classical antiquity and Christianity to his proposed dissolution of natural roles and hierarchies among human beings The essays cover topics such as Machiavelli's vision for a heaven sent redemptive ruler of Italy an argument that Machiavelli accomplished a profoundly democratic turn in political thought and a tough minded liberal critique of his realistic agenda for political life resulting in a book that is in effect a spirited conversation about Machiavelli's legacy Contributors Thomas E Cronin David Hendrickson Harvey Mansfield Clifford Orwin Arlene Saxonhouse Maurizio Viroli David Wootton Catherine Zuckert Machiavelli's Gospel William B. Parsons, 2016 The leading interpretations of *The Prince* focus on Machiavelli's historical context but they give little attention to the source on which the moral and political thought of Machiavelli's sixteenth century was based the Christian Bible In this study of *The Prince* William Parsons plumbs Machiavelli's allusions to the Bible along with his statements on the Church and shows that Machiavelli was a careful reader of the Bible and an astute observer of the Church On this basis Parsons contends that Machiavelli's teaching in *The Prince* is instructively compared with that of the Church's teacher Jesus Christ Parsons thus undertakes what recent interpreters of *The Prince* have not done contrast Machiavelli's advice with the teaching of Christ The result is a new reading of *The Prince* revealing in Machiavelli's political thought a systematic critique of the New Testament and its model for human life Christ In this commentary on one of the greatest works on politics ever written Parsons not only challenges the most recent interpretations of *The Prince* but also sheds new light on the classic interpretation that Machiavelli was a teacher of immorality William Parsons is associate professor of political science at Carroll College
