JEGP, Journal of English and Germanic Philology Gustaf E. Karsten, 1972 **Writer's Revisions** David Madden, Richard Powers, 1981 **The Publishers' Trade List Annual**, 1976 **The Times Literary Supplement Index**, 1940 *The Odes of Keats, and Their Earliest Known Manuscripts* John Keats, Robert Gittings, 1970 *Poetry Manuscripts at Harvard* John Keats, Helen Vendler, 1990 After more than a century of study we know more about John Keats than we do about most writers of the past but we still cannot fully grasp the magical processes by which he created some of the most celebrated poems in all of English literature This volume containing 140 photographs of Keats's own manuscripts offers the most concrete evidence we have of the way in which his thoughts and feelings were transmuted into art The rough first drafts in particular are full of information about what occurred if not in Keats's mind at least on paper when he had pen in hand the headlong rush of ideas coming so fast that he had no time to punctuate or even form the letters of his words the stumbling places where he had to begin again several times before the words resumed their flow the efforts to integrate story character and theme with the formal requirements of rhyme and meter Each revision teaches the inquiring reader something about Keats's poetic practice Several of the manuscripts are unique authoritative sources while others constitute our best texts among multiple existing versions They reveal much about the maturation of the poet's creativity during four years of his brief life between On Receiving a Curious Shell 1815 and To Autumn 1819 Above all they show us what is lost when penmanship yields to the printed page what Helen Vendler in her insightful essay on the manuscripts calls the living hand of Keats These sharply reproduced facsimiles provide compelling visual evidence of a mortal author in the act of composing immortal works

Coleridge and Textual Instability Jack Stillinger, 1994-05-12 Jack Stillinger establishes and documents the existence of numerous different authoritative versions of Coleridge's best known poems sixteen or more of The Eolian Harp for example eighteen of The Rime of the Ancient Mariner and comparable numbers for This Lime Tree Bower Frost at Midnight Kubla Khan Christabel and Dejection An Ode Such multiplicity of versions raises interesting theoretical and practical questions about the constitution of the Coleridge canon the ontological identity of any specific work in the canon the editorial treatment of Coleridge's works and the ways in which multiple versions complicate interpretation of the poems as a unified or as the case may be disunified body of work Providing much new information about the texts and production of Coleridge's major poems Stillinger's study offers intriguing new theories about the nature of authorship and the constitution of literary works
