

THE ODYSSEY OF JOHN ANDERSON

In 1860, a black man named John Anderson was arrested in Ontario for the murder many years before of a white plantation owner in Missouri. Anderson was said to be escaping slavery when the killing happened. Missouri wanted him returned to face trial. This is the untold story of his extradition hearings – a Canadian court case that provoked strong passions and caused an international uproar.

Extradition, Politics, and Human Rights

Christopher H. Pyle, 2001 Three hundred years ago few people cared about the murky past of new arrivals to the United States and the countries they had left made few efforts to pursue them to their new home Today with the growth of bureaucracy telecommunications and air travel extradition has become a full time business But the public's knowledge of and consequent concern about extradition remains minimal aroused from time to time by newspaper headlines only to fade In this readable and compelling history of extradition in America Christopher Pyle remedies that ignorance Using American constitutional law and drawing on a wealth of historical cases he describes the collision of law and politics that occurs when a foreign country demands the surrender of individuals held to be terrorists by some and freedom fighters by others He shows how U S policymakers have attempted to substitute deportation for extradition and turn the surrender of a foreign national or even an American citizen into a political rather than a judicial process Beginning with the New England Puritans refusal to surrender to the regicides who had signed the death warrant of King Charles I he traces the attitudes and ideologies that have shaped American extradition practice culminating in the efforts by the Reagan and Bush administrations to turn the legal extradition process into an executive tool of state policy Along the way we meet such legal luminaries as James Madison and John Stuart Mill William Rehnquist and Oliver North as well as pirates and fugitive slaves anarchists and refugees drug lords and runaway sailors Woven throughout this story is the author's belief that current developments in extradition law ignore or actually violate the principles of individual liberty due process and humanity on which we claim our country was built As he remarks in the Introduction Extradition involves the surrender of human beings persons under the protection of our Constitution to foreign regimes many of which are unjust This reality was well understood in the eighteenth and nineteenth centuries when the United States was a refuge for the victims of European oppression but it has been disregarded frequently in the twentieth century as we have sought to stem the tide of immigration and develop advantageous economic and political relations with autocratic regimes of every stripe Author note Christopher H Pyle is Professor of Politics at Mount Holyoke College He is the author of several books and Congressional reports and has frequently testified before Congress on the subject of extradition and deportation

Borderland Blacks dann j. Broyld, 2022-05-25 Winner of the OHS Fred Landon Award In the early nineteenth century Rochester New York and St Catharines Canada West were the last stops on the Niagara branch of the Underground Railroad Both cities handled substantial fugitive slave traffic and were logical destinations for the settlement of runaways because of their progressive stance on social issues including abolition of slavery women's rights and temperance Moreover these urban centers were home to sizable free Black communities as well as an array of individuals engaged in the abolitionist movement such as Frederick Douglass Harriet Tubman Anthony Burns and Hiram Wilson dann j Broyld's Borderland Blacks explores the status and struggles of transient Blacks within this dynamic zone where the cultures and interests of the United States Canada Great Britain and the African Diaspora

overlapped Blacks in the two cities shared newspapers annual celebrations religious organizations and kinship and friendship ties Too often historians have focused on the one way flow of fugitives on the Underground Railroad from America to Canada when in fact the situation on the ground was far more fluid involving two way movement and social collaborations Black residents possessed transnational identities and strategically positioned themselves near the American Canadian border where immigration and interaction occurred Borderland Blacks reveals that physical separation via formalized national barriers did not sever concepts of psychological memory or restrict social ties Broyld investigates how the times and terms of emancipation affected Blacks on each side of the border including their use of political agency to pit the United States and British Canada against one another for the best possible outcomes

Searching for Justice Fred Kaufman,Osgoode Society for Canadian Legal History,2005-01-01 The Honourable Fred Kaufman has been a distinguished figure in Canadian law for a half century Born into a middle class Jewish family in mid 1920s Vienna Kaufman escaped to England on the eve of the Second World War In 1940 he was interned as an enemy alien and sent to Canada Released in 1942 Kaufman stayed in Canada where he went on to university and law school in Montreal Kaufman was called to the Bar of Quebec in 1955 and practiced criminal law for eighteen years taking part in many of the famous cases of that period In 1960 he secured the release of a young Pierre Elliott Trudeau from prison and in 1973 Trudeau returned the favour by personally informing Kaufman of his appointment to the Quebec Court of Appeal where he served for eighteen years including one as Acting Chief Justice of Quebec Since his retirement in 1991 Kaufman has led numerous commissions and inquiries most notably the investigation into the wrongful conviction of Guy Paul Morin and the two year reassessment of the Steven Truscott case Searching for Justice is Kaufman s remarkable story in his own words It is the tale of adversity overcome in a crucial period of Canadian legal history

Magistrates, Police and People Donald Fyson,Osgoode Society for Canadian Legal History,2006-01-01 Based on extensive research in judicial and official sources Donald Fyson offers the first comprehensive study of the everyday workings of criminal justice in Quebec and Lower Canada Focusing on the justices of the peace and their police Fyson examines both the criminal justice system itself and the system in operation as experienced by those who participated in it Fyson contends that although the system was fundamentally biased its flexibility provided a source of power for ordinary citizens At the same time the system offered the colonial state and its elites a powerful though often faulty means of imposing their will on Quebec society This study will challenge many received historical interpretations providing new insight into criminal justice in early Quebec

I've Got a Home in Glory Land Karolyn Smardz Frost,2024-03-26 It was the day before Independence Day 1831 As his bride Lucie was about to be sold down the river to the slave markets of New Orleans young Thornton Blackburn planned a daring and successful daylight escape from Louisville But they were discovered by slave catchers in Michigan and slated to return to Kentucky in chains until the black community rallied to their cause The Blackburn Riot of 1833 was the first racial uprising in Detroit history The couple was spirited across the river to

Canada but their safety proved illusory In June 1833 Michigan's governor demanded their extradition The Blackburn case was the first serious legal dispute between Canada and the United States regarding the Underground Railroad The impassioned defense of the Blackburns by Canada's lieutenant governor set precedents for all future fugitive slave cases The Blackburns settled in Toronto and founded the city's first taxi business But they never forgot the millions who still suffered in slavery Working with prominent abolitionists Thornton and Lucie made their home a haven for runaways The Blackburns died in the 1890s and their fascinating tale was lost to history Lost that is until a chance archaeological discovery in a downtown Toronto school yard brought the story of Thornton and Lucie Blackburn again to light Bora Laskin Philip Girard,2015-01-15 In any account of twentieth century Canadian law Bora Laskin 1912-1984 looms large Born in northern Ontario to Russian Jewish immigrant parents Laskin became a prominent human rights activist university professor and labour arbitrator before embarking on his accidental career as a judge on the Ontario Court of Appeal 1965 and later Chief Justice of Canada 1973-1984 Throughout his professional career he used the law to make Canada a better place for workers racial and ethnic minorities and the disadvantaged As a judge he sought to make the judiciary more responsive to modern Canadian expectations of justice and fundamental rights In *Bora Laskin Bringing Law to Life* Philip Girard chronicles the life of a man who at all points of his life was a fighter for a better Canada he fought antisemitism corporate capital omnipotent university boards the Law Society of Upper Canada and his own judicial colleagues in an effort to modernize institutions and re shape Canadian law Girard exploits a wealth of previously untapped archival sources to provide in vivid detail a critical assessment of a restless man on an important mission **Colour-Coded** Constance Backhouse,1999-11-20 Historically Canadians have considered themselves to be more or less free of racial prejudice Although this conception has been challenged in recent years it has not been completely dispelled In *Colour Coded* Constance Backhouse illustrates the tenacious hold that white supremacy had on our legal system in the first half of this century and underscores the damaging legacy of inequality that continues today Backhouse presents detailed narratives of six court cases each giving evidence of blatant racism created and enforced through law The cases focus on Aboriginal Inuit Chinese Canadian and African Canadian individuals taking us from the criminal prosecution of traditional Aboriginal dance to the trial of members of the Ku Klux Klan of Canada From thousands of possibilities Backhouse has selected studies that constitute central moments in the legal history of race in Canada Her selection also considers a wide range of legal forums including administrative rulings by municipal councils criminal trials before police magistrates and criminal and civil cases heard by the highest courts in the provinces and by the Supreme Court of Canada The extensive and detailed documentation presented here leaves no doubt that the Canadian legal system played a dominant role in creating and preserving racial discrimination A central message of this book is that racism is deeply embedded in Canadian history despite Canada's reputation as a raceless society Winner of the Joseph Brant Award presented by the Ontario Historical Society *Brian Dickson* Robert J. Sharpe,Kent Roach,2003-12-15 When

Brian Dickson was appointed in 1973 the Supreme Court of Canada was preoccupied with run of the mill disputes By the time he retired as Chief Justice of Canada in 1990 the Court had become a major national institution very much in the public eye The Court s decisions reforming large areas of private and public law under the Charter of Rights were the subject of intense public interest and concern Brian Dickson played a leading role in this transformation Engaging and incisive Brian Dickson A Judge s Journey traces Dickson s life from a Depression era boyhood in Saskatchewan to the battlefields of Normandy the boardrooms of corporate Canada and high judicial office and provides an inside look at the work of the Supreme Court during its most crucial period Dickson s journey was an important part of the evolution of the Canadian judiciary and of Canada itself Sharpe and Roach have written an accessible biography of one of Canada s greatest legal figures that provides new insights into the work of Canada s highest court

Aggressive in Pursuit Frederick Vaughan, Osgoode Society for Canadian Legal History, 2004-01-01 Few people have had a greater impact on the lives of Canadians than the late Supreme Court judge Justice Emmett Hall At the forefront of several important judgements in the 1960s and 70s such as Truscott and Calder Hall is perhaps best known for his role in the adoption of universal health care at the federal level in 1968 Based on extensive interviews with Hall and people who knew him Frederick Vaughan s Aggressive in Pursuit tells Hall s remarkable story Born in Quebec in 1898 and raised in Saskatchewan Hall had a long and distinguished career as a lawyer In 1957 former law school classmate Prime Minister John Diefenbaker appointed Hall to the Saskatchewan Court of Queen s Bench and four years later to the office of Chief Justice of Saskatchewan In 1963 Diefenbaker elevated Hall to the Supreme Court of Canada where he took up the task of universal health care and showed himself to be an aggressive defender of native causes Aggressive in Pursuit traces Hall s career from his earliest days of private practice in Saskatchewan to the end of his career and death in 1994 It shows how one prairie lawyer made a difference in the life of Canada

Essays in the History of Canadian Law Christopher English, 2005-12-15 The study of Canadian legal history has seen a remarkable growth in the past decade nowhere more so than in Atlantic Canada Given its early settlement and some of the liberties taken with legal procedure there as well as some creative interpretations of English law the region is ripe for close study in the legal history field This new collection examines that history on two islands Newfoundland and Prince Edward Island The essays examine legal themes developments and disputes and offer a framework for comparing ways of administering justice through the courts in the eighteenth and nineteenth centuries The cases examined are particularly interesting for the light they throw on legal process and especially on the motives of the parties Unlike in contemporary England and Upper Canada the English precedents gave way to local needs as equitable regimes emerged that put family and community interests first and treated all members of the family in ways tailored to their personal needs and circumstances This volume which includes a number of essays examining women s legal status and access to the courts is a comprehensive and fascinating examination of legal history in two Canadian provinces

Canadian State Trials, Volume I Frank Murray Greenwood, Barry Wright, 1996-12-15 State trials reveal much about a nation's insecurities and shed light on important themes in political constitutional and legal history. In Canada, perceived and real threats to the state have ranged from dissent, disaffection and the emergence of threatening ideologies to insurrection, riot, violent protest and military invasion. The Canadian State Trials series will explore the role of the law in regulating such threats from the period of early European settlement to 1971. The first volume and the planned series as a whole present a great deal of new material by prominent Canadian historians and legal scholars. Although certain Canadian political trials and security crises have received scholarly attention in the past, there has never been a comprehensive and systematic examination of the country's surprisingly rich record in this area. The eighteen essays in Volume I examine this record for the period 1608-1837, covering proceedings in New France, the four Atlantic colonies, the Old Province of Quebec and the two Canadas. They highlight security law during the American revolution, the wars against revolutionary Napoleonic France and the War of 1812, comparative treason law and the trials of David McLane, Robert Gourlay, Francis Collins and Joseph Howe among others. The essays, which use extensive use of primary sources, the most illuminating of which appear in a documentary appendix, place the examination of the law and its administration during these events in socio-political and comparative context.

A History of Canadian Legal Thought R. C. B. Risk, Osgoode Society for Canadian Legal History, 2006-01-01 This volume in the Osgoode Society's distinguished series on the history of Canadian law is a collection of the principal essays of Professor Emeritus R. C. B. Risk, one of the pioneers of Canadian legal history and for many years regarded as its foremost authority on the history of Canadian legal thought. Frank Scott, Bora Laskin, W. P. M. Kennedy, John Willis and Edward Blake are among the better known figures whose thinking and writing about law are featured in this collection. But this compilation of the most important essays by a pioneer in Canadian legal history brings to light many other lesser known figures as well, whose writings covered a wide range of topics from estoppel to the British North America Act to the purpose of legal education. Written over more than two decades and covering the immediate post-Confederation period to the 1960s, these essays reveal a distinctive Canadian tradition of thinking about the nature and functions of law, one which Risk clearly takes pride in and urges us to celebrate.

People of the Underground Railroad Tom Calarco, 2008-09-30 The Underground Railroad was perhaps the best example in U.S. history of blacks and whites working together for the common good. People of the Underground Railroad is the largest in-depth collection of profiles of those individuals involved in the spiriting of black slaves to freedom in the northern states and Canada, beginning around 1800 and lasting to the early Civil War years. One hundred entries introduce people who had a significant role in the rescuing, harboring or conducting of the fugitives from abolitionists, evangelical ministers, Quakers, philanthropists, lawyers, judges, physicians, journalists, educators to novelists, feminists and barbers as well as notable runaways. The selections are geographically representative of the broad railroad network. There is renewed interest in the Underground Railroad, exemplified by the new National Underground Railroad

Freedom Center in Cincinnati and energized scholarly inquiry People of the Underground Railroad presents authoritative information gathered from the latest research and established sources many of them from period publications Designed for student research and general browsing in depth essay entries include further reading Numerous sidebars complement the entries A timeline illustrations and map help put the profiles into context [A Fluid Frontier](#) Karolyn Smardz Frost, Veta Smith Tucker, 2016-02-15 Scholars of the Underground Railroad as well as those in borderland studies will appreciate the interdisciplinary mix and unique contributions of this volume **Canada and the British Empire** Phillip Alfred Buckner, 2008 Canada and the British Empire traces the history of Canada within the wider context of British imperialism Exploring themes such as migration gender imperial law and aboriginal experiences it sheds new light on the creation of Canada and the country's critical role in the evolution of the Empire
