### **Literary Medicine: Brain Disease and Doctors in Novels, Theater, and Film** J. Bogousslavsky, S.

Dieguez, 2013-02-21 Classical and modern literature is full of patients with interesting neurological cognitive or psychiatric diseases often including detailed and accurate descriptions which suggests the authors were inspired by observations of real people In many cases these literary portrayals of diseases even predate their formal identification by medical science Fictional literature encompasses nearly all kinds of disorders affecting the nervous system with certain favorites such as memory loss and behavioral syndromes There are even unique observations that cannot be found in scientific and clinical literature because of the lack of appropriate studies Not only does literature offer a creative and humane look at disorders of the brain and mind but just as authors have been inspired by medicine and real disorders clinicians have also gained knowledge from literary depictions of the disorders they encounter in their daily practice This book provides an amazing and fascinating look at neurological conditions patients and doctors in literature and film in a way which is both nostalgic and novel

parallel creative path This book discusses their research and adaptation of various language manifestations ethnopoetics and folk traditions that led them to the creation of distinct and individual styles The historical and socio political events of the late 1930s would later prompt both authors to develop militant poetics Through chronologically compatible case studies the reader will discover that Tzara and de Andrade alongside their playful language actively criticised cultural imperialism and advocated against hate Journeys can be physical and intellectual they can crisscross leave traces and overlap This book takes the reader from two starting points a small Romanian town in the foothills of the Carpathians and a two storey house in an unusually tranquil street in S o Paulo Brazil to the heart of the twentieth century avant garde As it shows Tristan Tzara and M rio de Andrade traversed borders and geographical points and their poetics meet in Mozambique Parisian caf s and Bantu chants
