Of America East And West Selections From The Writings Of Paul Horgan:

Of America East and West Paul Horgan, 1985-07 No historian writes with such command of language or feeling for human nature The difference is his luminous imagination as Henry Steele Commager observes in the introduction to the newest Horgan volume *Of America East West* a sumptuous selection from fifteen of the earlier works many of which have been long out of print I began reading Paul Horgan more than twenty years ago and he has given me no end of pleasure ever since Whether in fiction history or biography he is a writer of large vision and manysidedness He can be serene funny elegant earthy and lyrical He can range across art opera politics natural history military history and intellectual history Narrative energy suffuses everything he writes But it is his gift of empathy that lifts his work to the level of art and gives the history he writes reality
