Reading minds making calculations faster than a computer and predicting the future are skills that will blow more than a few people's minds. Such skills are those of mentalists, those individuals that are in vogue in stage shows and TV series. Do those modern illusionists blow your mind? Would you like to impress the people around you and even some perfect strangers with your own tricks? Would you like to be looked upon with admiration and be the focus of attention? All of that is possible thanks to the performances of the mentalists who are presented in this work. No matter your age, your knowledge, or your level of study, you will be able to quickly captivate and stir up the admiration of an audience thanks to the collection of secrets, each one more stunning than the last, contained in this book.      The Encyclopedia of Mentalism and Allied Arts Robert A. Nelson, 2011-06-01      The Book of Mentalism Tom Mason, John Railing, Danny Orleans, 2001

Readers will learn how to create a special kind of magic that allows them to read minds. Magicians call this mental magic or mentalism.      **The Art of Mentalism** Robert E. Cassidy, 1995      **Mentalism Mastery** Akash Kundu, 2024-07-12
